Goldman Sachs Global Environmental Transition Equity - X Cap EUR / LU0332193340 / A0QYZC / Goldman Sachs AM

Investment strategy

The Fund invests in companies worldwide and aims to support the environmental transition by investing in companies, with a heavy environmental footprint, that are transitioning to a lower environmental footprint. Companies with a heavy environmental footprint include companies that, in the view of the Investment Manager, create products or offer services in areas including, but not limited to extraction, power generation, manufacturing, transportation and consumption. The Fund is actively managed with deviation limits maintained relative to the Index and uses fundamental analyses, including the consideration of ESG factors, to select companies that support the environmental transition. The Fund does not invest in companies involved in activities including but not limited to, the development, production, maintenance or trade of controversial weapons, the production of tobacco products, thermal coal mining and/or oil sands production.

Investment goal

The Fund promotes environmental or social characteristics but does not have a sustainable investment objective.
