Investment strategy

The Fund may also invest in derivatives (financial contracts whose value is linked to an underlying asset). The Fund may invest up to 20% in emerging markets. In investment terms, this means those economies that are still developing. The Fund may invest up to 20% in contingent convertible bonds (CoCos) being a type of bond which has the potential to convert to equity dependent/contingent upon a specific event. Within the limits set out above, the Fund has discretion in its choice of investments and is not restricted by market sector. It may also hold a limited range of other investments and it is not constrained by any benchmark or index.

Investment goal

To maximise total return (income plus capital).
