Investment strategy

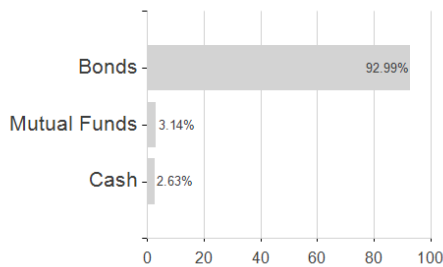

The fund invests at least 70% of its assets, in high-yielding below investment grade debt securities of issuers that are headquartered, or do most of their business, in Western, Central and Eastern Europe (including Russia), including emerging markets. These securities will be subject to high risk, will not be required to meet a minimum rating standard, although, most, but not all, will be rated for creditworthiness by an internationally recognised rating agency. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 50% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics. In actively managing the fund, the Investment Manager uses in-house research and investment capabilities to identify suitable opportunities across bond issuers, sectors, geographies, and security types.

Investment goal

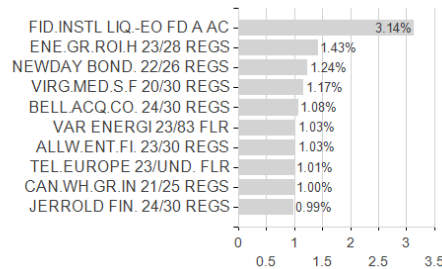

The fund aims to achieve capital growth over time and provide a high level of income.
