Investment strategy

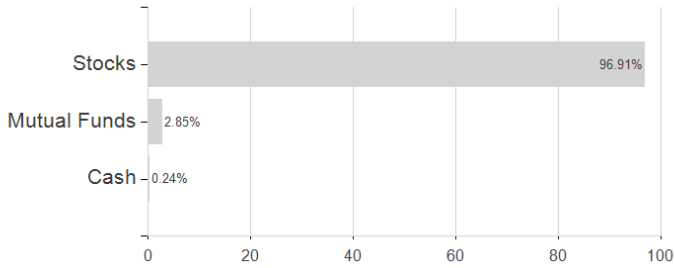

The fund invests at least 70% (and normally 75%) of its assets, in equities of companies that are listed, headquartered, or do most of their business in Latin America. Some of these investments may be from emerging markets. The fund may also invest in money market instruments on an ancillary basis. In actively managing the fund, the Investment Manager considers growth and valuation metrics, company financials, return on capital, cash flows and other measures, as well as company management, industry economic conditions, and other factors. The Investment Manager takes into account Sustainability Risks in its investment process.

Investment goal

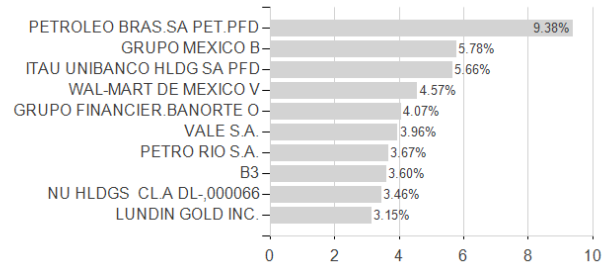

The fund aims to achieve capital growth over time.
