### Investment strategy

The fund invests at least 70% of its assets, in equities of companies from anywhere in the world, including emerging markets, and linked to the theme of consumer brands, such as companies with intellectual property, pricing power and a strong track record of growth. Investments will be made in companies involved in the designing, manufacturing, marketing and/or selling of branded consumer goods and/or services. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 70% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics and up to 30% in securities of issuers with improving ESG characteristics. In actively managing the fund, the Investment Manager considers growth and valuation metrics, company financials, return on capital, cash flows and other measures, as well as company management, industry, economic conditions, and other characteristics. The Investment Manager also considers ESG characteristics when assessing investment risks and opportunities. In determining favourable ESG characteristics, the Investment Manager aims to ensure that investee companies follow good governance practices.

## Investment goal

The fund aims to achieve capital growth over the long term.
