**Invesco UK Eq.Fd.Z ADIs GBP / LU1775980466 / A2JLFD / Invesco Management**

**Investment strategy**

The Fund may use derivatives (complex instruments) to manage the Fund more efficiently, with the aim of reducing risk, reducing costs and/or generating additional capital or income. The Fund is actively managed and is not constrained by its benchmark, the FTSE All-Share Index (Total Return - Net), which is used for comparison purposes. However, the majority of the Fund's holdings are likely to be components of the benchmark. As an actively managed fund, this overlap will change and this statement may be updated from time to time.

**Investment goal**

The objective of the Fund is to achieve capital growth. The Fund intends to invest primarily in shares of companies in the United Kingdom.
