Investment strategy

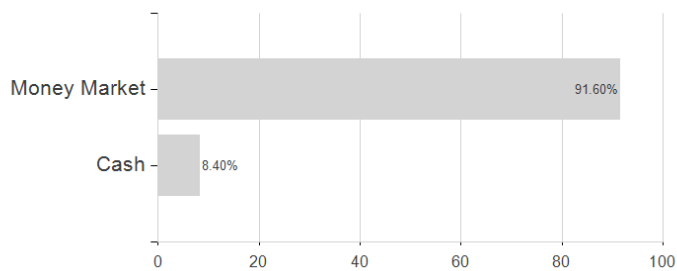

To achieve this, the fund invests in government and corporate bonds that are denominated in U.S. dollars or hedged against the U.S. dollar and that are primarily floating rate. Furthermore, derivatives may be used for portfolio management. The selection of the individual investments is at the discretion of the fund management. In addition to financial strength, there is also a focus on environmental, social and corporate governance factors ("ESG criteria") when selecting investments.

Investment goal

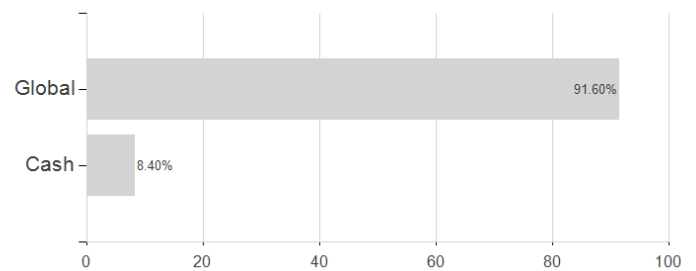

The fund is actively managed. The fund is not managed in reference to a benchmark. The fund promotes environmental and social characteristics and is subject to the disclosure requirements of a financial product in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector. More ESG information is available in the sales prospectus and on the DWS website. The objective of the investment policy is to generate a return in U.S. dollars.
