**Investment strategy**

The assets of the the Sub-Fund are mainly invested worldwide either directly (min. 67%) or indirectly in equity securities of companies whose products and services are driven by "Next-Generation" consumers. "Next- Generation" consumers are defined as those born after 1980 i.e. generations "Y", "Z" and "alpha". the Sub-Fund will focus mainly on 4 defined next generation consumption themes: "Responsible Living" - the emphasis on sustainable and conscious consumption, "Experience First" - the desire for active & out-of-home-driven consumption, "Premium Offering" - the aspiration for personalisation, innovation & quality, and "Seamless & Connected" - the transfer of consumption online. Next generations allocate a higher proportion of their spending to the above described themes when compared to older generations. The Sub-Fund invests in companies that benefit from these next generational trends and preferences, mainly in, but not limited to, the consumer and media sectors.
