Investment strategy

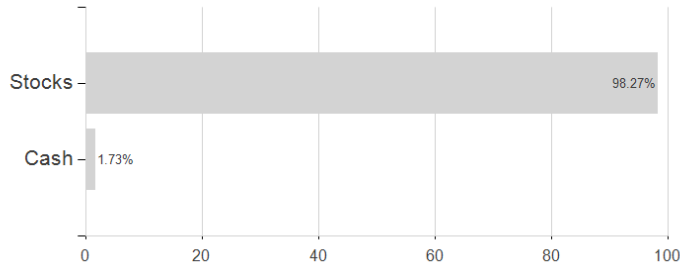

The Fund may obtain indirect exposure (through including but not limited to, financial derivative instruments (FDIs) (i.e. investments the prices of which are based on one or more underlying assets) and units in collective investment schemes) to securities considered not to satisfy these criteria. The Fund will take into account environment, social and governance criteria when selecting investments as disclosed in the prospectus.

Investment goal

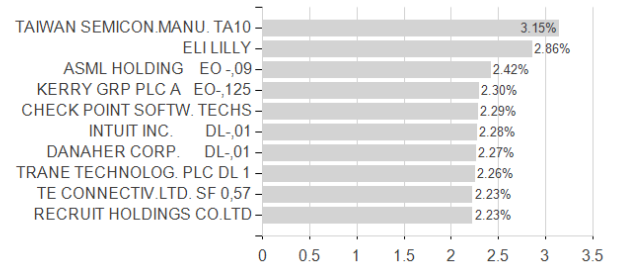

The Fund aims to achieve a total return on your investment through a combination of capital growth and income on the Fund's assets. The Fund invests at least 80% of its total assets in equity securities and equity-related securities (namely American Depositary Receipts (ADRs) and Global Depositary Receipts (GDRs)) of companies globally whose goods and services address the world's great social and environmental problems, alongside financial returns.
