JPMorgan Liquidity Funds - GBP Liquidity LVNAV Fund A (acc.) / LU1873128687 / A2N8CP / JPMorgan AM (EU)

Investment strategy

The Sub-Fund may also invest in unrated Debt Securities of comparable credit quality to those specified above. The Investment Manager seeks to evaluate whether environmental, social and governance factors could have a material positive or negative impact on the cash flows or risk profiles of many issuers in which the Sub-Fund may invest. These determinations may not be conclusive and securities of issuers which may be negatively impacted by such factors may be purchased and retained by the Sub-Fund while the Sub-Fund may divest or not invest in securities of issuers which may be positively impacted by such factors. The Sub-Fund aims to maintain a "AAA" rating, or equivalent, assigned by at least one rating agency. At least 51% of assets are invested in issuers with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data. In addition, the Sub-Fund incorporates a bespoke set of Employee Engagement and Diversity (EE&D) data inputs into the investment process which considers an issuer's gender breakdown, diversity programmes, ethnicity score and equal pay score. The inputs may evolve but will relate directly to EE&D. The Sub-Fund invests at least 51% of EE&D rated assets in issuers scoring above a pre-defined threshold in relation to EE&D inputs. The Sub-Fund invests at least 10% of assets excluding ancillary liquid assets for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives.

Investment goal

The Sub-Fund will invest its assets in short-term GBP-denominated Debt Securities, deposits with credit institutions and Reverse Repurchase Agreements. The Sub-Fund may have exposure to investments with zero or negative yields in adverse market conditions. The weighted average maturity of the Sub-Fund's investments will not exceed 60 days and the initial or remaining maturity of each Debt Security will not exceed 397 days at the time of purchase. In addition to receiving a favourable assessment of their credit quality pursuant to the Management Company's Internal Credit Procedures, Debt Securities with a long-term rating will be rated at least "A" and Debt Securities with a short-term rating will be rated at least "A-1" by Standard & Poor's or otherwise similarly rated by another independent rating agency.
