**Fidelity Fd.Flexible Bd.Fd.Y Acc GBP / LU1284736961 / A14Z0C / FIL IM (LU)**

**Investment strategy**

The fund primarily invests in a high quality portfolio of UK Gilts and sterling denominated investment grade corporate bonds. Returns are predominately driven by yield curve positioning, asset allocation, sector allocation and security selection. With the corporate bond allocation, emphasis is put on bottom up issuer selection and ensuring adequate diversity due to the asymmetric nature of returns. The manager also retains a degree of flexibility to invest in out-of-index strategies as a means of adding performance but adherence to the investment objective remains imperative.

**Investment goal**

Invests principally in Sterling denominated debt securities.
