Investment strategy

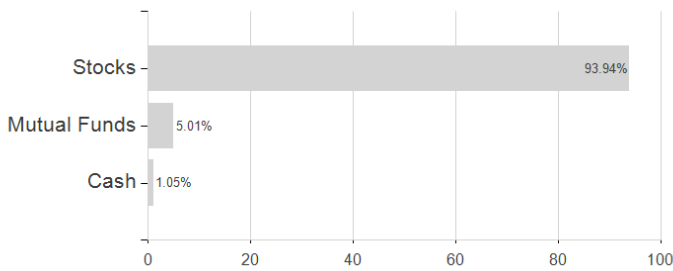

In order to attain the investment objective, the Fund invests predominantly, in other words at least 51% of its assets, in stocks from companies that have been identified as providing a particular benefit to the environment on the basis of a predefined screening process and have thus been classified as sustainable. These investments are made in the form of directly purchased individual instruments, in other words not indirectly or directly through investment funds or through derivatives. The Management Company is not subject to any restrictions in the selection of the issuers with regard to the locations of their registered offices. All purchased securities must have been categorised as sustainable by the Management Company on the basis of a predefined screening process at the time of purchase.

Investment goal

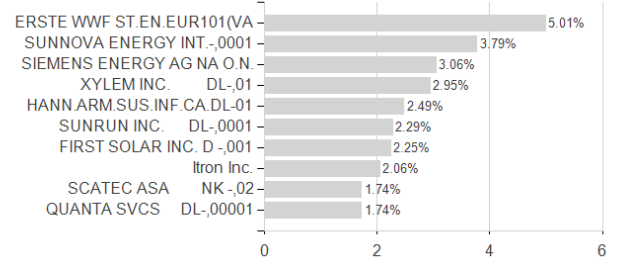

ERSTE GREEN INVEST is an equity fund. The Fund aims to achieve capital growth and/or continuous returns.
