Investment strategy

The fund is actively managed and invests mainly in a widely diversified portfolio of stocks from smaller capitalisation companies in the United States. Although the fund does not have sustainable investment as an objective, the promotion of environmental and social characteristics is achieved through the fund's commitment to maintain at least 10% of the value of its portfolio invested in Sustainable Investments. Details of how E & S are promoted are further explained in the fund's RTS annex to the prospectus. [https:// www.troweprice.com/esg](https://www.troweprice.com/esg). The fund may use derivatives for hedging and efficient portfolio management.

Investment goal

To increase the value of its shares, over the long term, through growth in the value of its investments.
