#### Investment strategy

The fund is actively managed and invests at least two-thirds of its assets in a diversified portfolio of equity and equityrelated securities of companies worldwide. The fund's weight in a single country, region or sector will typically be within 3% of the target index whilst the weight of each security will typically be within 0.75% of the benchmark. The fund focuses on companies that have certain "Value" and/or "Quality" characteristics. Value is assessed by looking at indicators such as cash flows, dividends and earnings to identify securities which the investment manager believes have been undervalued by the market. Quality is assessed by looking at indicators such as a company's profitability, stability, financial strength, governance and structural growth.

## Investment goal

The fund aims to provide capital growth and income in excess of the MSCI World (Net TR) Index after fees have been deducted over a three to five year period by investing in equities of companies worldwide.
