Investment strategy

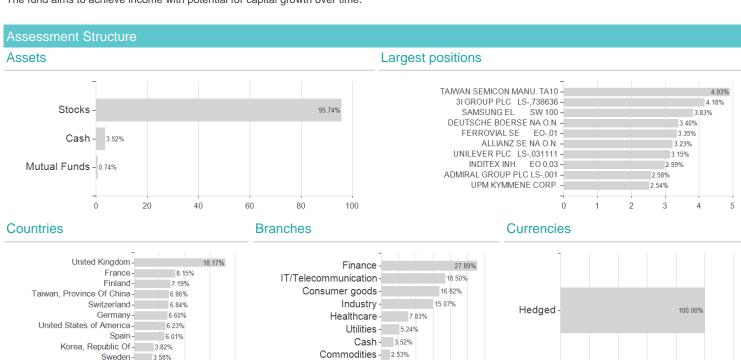

The fund invests at least 70% of its assets, in equities of companies from anywhere in the world the world including emerging markets. The fund invests at least 70% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics and up to 30% in securities of companies with improving ESG characteristics. In actively managing the fund, the Investment Manager considers growth and valuation metrics, company financials, return on capital, cash flows and other measures, as well as company management, industry, economic conditions, and other characteristics. The Investment Manager focuses on investments which it believes offer attractive dividend yields in addition to price appreciation.

The fund aims to achieve income with potential for capital growth over time.
