Investment strategy

Under normal market conditions, the Portfolio typically invests in equity securities and debt securities of any credit quality of government and corporate issuers anywhere in the world, including emerging market countries. The Portfolio may also seek exposure to other asset classes such as real estate, currencies and interest rates, as well as to eligible indices. The Portfolio is not limited in its exposure to equity, debt securities or currencies.

Investment goal

The Portfolio seeks to increase the value of your investment over time through a combination of income and capital growth (total return).
