Investment strategy

The fund invests at least 70% of its assets in investment grade and below investment grade inflation-linked bonds, nominal bonds issued by governments, agencies, supranational entities, corporations, and banks from anywhere in the world, including emerging markets. Investments include below investment grade and investment grade securities. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 50% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics. In actively managing the fund, the Investment Manager uses in-house research and investment capabilities to identify suitable opportunities across bond issuers, sectors, geographies, and security types. This may include an assessment of bond issuers' creditworthiness, macroeconomic factors, and valuations.

Investment goal

The fund aims to provide an attractive level of real income and capital growth over time.
