Investment strategy

The fund invests in a range of asset classes, including debt securities, equities, real estate, infrastructure, commodities and cash from anywhere in the world, including emerging markets. The fund invests at least 70% of its assets in securities of companies with favourable environmental, social and governance (ESG) characteristics. In actively managing the fund, the Investment Manager combines macroeconomic, market and fundamental company analysis to dynamically allocate investments across asset classes and geographic areas. The fund's income is mainly generated by dividend payments of equities and coupon payments of bonds with capital growth being provided mainly by equity investment. To achieve its objective the fund adopts a tactical asset allocation strategy where the fund's investments may be actively balanced and adjusted.

Investment goal

The fund aims to achieve moderate capital growth over the medium to long term and provide income.
