Investment strategy

It may be invested in Mainland China shares restricted to foreign investors such as China A shares which can be listed on a Stock Connect or through a use of a specific license granted by the Chinese authorities. Environmental, social and governance (ESG) criteria contribute to, but are not a determining factor in, the manager's decision making. Incomes are systematically reinvested. Investors are able to redeem on a daily basis (on Luxembourg bank business days) as described in the prospectus.

Investment goal

This Fund is actively managed. The benchmark MSCI All Countries Asia ex-Japan (USD) NR is used for performance comparison only. The Fund is not benchmark constrained and its performance may deviate significantly from that of the benchmark. The Fund seeks to increase the value of its assets over the medium term by investing in technological and innovative companies, headquartered or operating in Asia (excluding Japan).
