Investment strategy

The Sub-Fund focuses on large and medium size companies which account for at least 75% of our investments. Smaller size companies may represent up to 25% of the investments. Our investment decisions are based on a thorough financial analysis of companies operating in the healthcare sector, combined with an evaluation of financial markets in the pharmaceutical, medical technology, biotechnology and medical service sectors. It allows us to build a concentrated portfolio of companies of which we have a detailed knowledge and we intimately know to represent the most promising investment opportunities on the long term.

Investment goal

We aim to achieve a long-term growth of your capital by investing in shares of a limited number of attractive companies operating in the healthcare sector, worldwide.
