Investment strategy

Investment Policy The Fund invests in the shares of companies that are involved in various sectors of the insurance industry. These may include general insurance, reinsurance, life assurance, insurance brokerages and support service companies. The Fund may invest in financial derivatives (complex instruments based upon the value of underlying assets) for hedging, to reduce risk, to manage the Fund more efficiently, or to gain exposure to securities in a more efficient way. The Fund is actively managed and uses the MSCI Daily TR World Net Insurance Index (EUR) benchmark as a performance target.

Investment goal

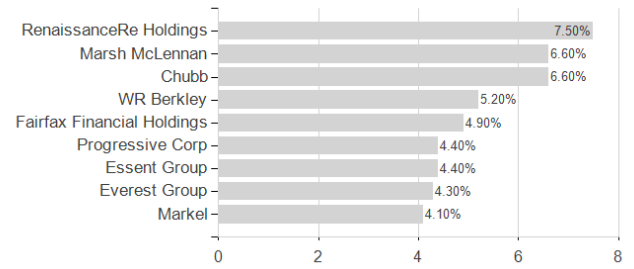

The objective of the Fund is to provide a total return (capital growth and income), by investing worldwide in the shares of insurance-related companies.
