What is this product?

Type

Global Small & Mid-Cap SDG Horizons Equity Fund (the "Fund") is a US Dollar denominated sub-fund of a SICAV (société d'investissement à capital variable), abrdn SICAV I, incorporated in Luxembourg.

Term

abrdn SICAV I (the "Company") has no maturity date. The Fund and the Company may not be unilaterally terminated by abrdn Investments Luxembourg S.A.

Objective

The Fund aims to achieve a combination of growth and income by investing in companies listed on global stock exchanges including Emerging Markets which in our view will make a positive contribution to society through their alignment with achieving the United Nation's Sustainable Development Goals ("SDGs").

The Fund aims to outperform the MSCI ACWI SMID-Cap Index (USD) benchmark (before charges).

Portfolio Securities

- The Fund invests at least 90% in equities and equity related securities of companies listed globally.
- The Fund invests at least 70% in Small & Mid sized companies, defined as any stock smaller than that of the largest stock in the MSCI ACWI SMID-Cap Index.
- The Fund may also invest in larger companies listed globally.
- The Fund may invest up to 20% in Mainland China equity and equity-related securities through the Shanghai-Hong Kong and Shenzhen-Hong Kong Stock Connect programme.
- Investment in all equity and equity related securities will follow the abrdn "Global Small & Mid-Cap SDG Horizons Equity Investment Approach" (the "Investment Approach"), which is published at www.abrdn.com under "Fund Centre".
- Financial derivative instruments, money-market instruments and cash may not adhere to this approach.
- The Fund invests in companies with a minimum of 20% of their revenue, profit, capital or operating expenditure or research and development linked to the UN's SDGs. For companies classified as "Financials", alternative measures of materiality are used based on loans and customer base. The Fund will also invest up to 40% in SDG Enablers. These are companies considered integral to supply chains that enable progress towards the SDGs, but their impact is not currently reliably measurable.
- In addition, we apply a set of company exclusion related to normative screening, Norges Bank Investment Management, State Owned Enterprises, Weapons, Tobacco, Gambling, Alcohol, Thermal Coal, Oil & Gas, and Electricity Generation.
- The Investment Approach reduces the Fund's investment universe by a minimum of 20%.

Management Process

- The Fund is actively managed with a primary focus is on stock selection using the management team's quality, growth and momentum approach.
- The Investment Approach identifies companies which are aligned to the UN's SDGs. These goals are designed to address the world's major long-term challenges. These include climate change, growing social inequality, and unsustainable production and consumption.
- Through the application of this approach, the Fund has an expected minimum of 85% in Sustainable Investments. It also targets a lower carbon intensity than the benchmark.
- Engagement with external company management teams is used to evaluate the ownership structures, governance and management quality of those companies in order to inform portfolio construction.
- The benchmark is used as a reference point for portfolio construction and as a basis for setting risk constraints, but does not include any sustainable criteria.
- In order to achieve its objective, the Fund will take positions whose weightings diverge from the benchmark and may invest in securities which are not included in the benchmark. The investments of the Fund may deviate significantly from the components of and their respective weightings in the benchmark.
- Due to the active and sustainable nature of the management process, the Fund's performance profile may deviate significantly from that of the benchmark.

Derivatives and Techniques

The Fund may utilise financial derivative instruments for hedging and/or investment purposes, or to manage foreign exchange risks. The use of derivatives for hedging and/or investment purposes is expected to be very limited, mainly in those cases where there are significant inflows into the Fund so that cash can be invested while the Fund's investments in equity and equity related securities is maintained.

This fund is subject to Article 9 of the Sustainable Finance Disclosure Regulation ("SFDR").

Investors in the fund may buy and sell shares on any dealing day (as defined in the Prospectus). If you invest in income shares, income from investments in the fund will be paid out to you. If you invest in accumulation shares, income will be added to the value of your shares.

Intended Retail Investor

Investors with basic investment knowledge. Investors who can accept large short term losses. Investors wanting growth and income over the longer term (5 years or more). Investors with a specific need around a sustainability-related outcome. The Fund has specific and generic risks with a risk rating as per the risk indicator. The Fund is intended for general sale to retail and professional investors through all distribution channels with or without professional advice.

The Fund's depositary is Citibank Europe plc Luxembourg Branch.
