Allianz Global Investors

ISIN: LU1394072968

Objectives and Investment Policy

Long term capital growth by investing in a broad range of asset classes, with a focus on global Equity, Bond and Money Markets in order to achieve over the medium-term a performance comparable to a balanced portfolio within a volatility range of 10% to 16% in accordance with the Sustainable and Responsible Investment Strategy (SRI Strategy). The assessment of the volatility of the capital markets by the Investment Manager is an important factor in this process, with the aim of typically not falling below or exceeding a volatility of the Share price within a range of 10% to 16% on a medium to long-term average, similar to a portfolio consisting of 75% global Equity Markets and 25% European Bond Markets.

This Sub-Fund is not managed by us in reference to a Benchmark. We follow an active management approach.

The Sub-Fund follows the SRI Strategy and promotes investments that take into consideration environmental, social and corporate governance criteria with simultaneous application of certain minimum exclusion criteria for direct investments.

All bonds and money market instruments must have at the time of acquisition a rating of at least B- or a comparable rating from a recognised rating agency. Max. 20%

of Sub-Fund assets may be invested in High-Yield bonds bearing a typically higher risk and higher potential of gains. Max. 20% of Sub-Fund assets may be invested in ABS and/or MBS. Max. 30% of Sub-Fund assets may be invested in UCITS and/or UCI. SRI Strategy applies as far as the acquisition of Equities and Bonds is concerned.
