

Key Investor Information

This document provides key investor information about this Fund. It is not a marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

AMUNDI EURO LIQUIDITY SRI

Class I2 – ISIN code: (C) FR0013095312

French UCITS managed by Amundi Asset Management, an Amundi company

Objectives and Investment Policy

Classification: Money market UCI with a standard variable net asset value

By subscribing to AMUNDI EURO LIQUIDITY SRI - I2, you are investing in money market instruments with a maximum maturity of two years.

The Fund's investment objective is to outperform its benchmark index, the compounded €STR, the representative index of the money-market rate in the Eurozone, after deducting ongoing charges, whilst incorporating ESG criteria into the Fund's security analysis and selection criteria. However, during periods of negative returns on the money market, the Fund's return may be negatively affected. Furthermore, after deducting ongoing charges, the Fund may underperform the compounded €STR.

The Fund incorporates the ESG criteria (Environment, Social and Governance) for the assessment and selection of securities, in addition to the financial criteria (liquidity, maturity, profitability and quality). The non-financial analysis is used to assign an ESG rating for each issuer on a scale ranging from A (highest rating) to G (lowest rating). At least 90% of the securities in the portfolio have an ESG rating.

The Fund follows an SRI strategy based on several approaches:

- "rating improvement" approach (the portfolio's average ESG score should be higher than the investment universe's ESG score after at least 20% of the lowest-rated stocks have been eliminated);

- normative and sectoral exclusion approach: exclusion of issuers with F and G ratings, exclusions of controversial weapons, companies that seriously and repeatedly violate one or more of the 10 principles of the UN Global Compact and sectoral exclusions on coal and tobacco in accordance with Amundi's current exclusion policy;

- best-in-class, which aims to give priority to issuers that are sector-leading in terms of ESG criteria, as identified by the Management Company's team of non-financial analysts.

The best-in-class approach does not exclude any business activity, so the Fund may be exposed to some controversial sectors. To limit the potential non-financial risks of these sectors, the Fund applies the above-mentioned exclusions as well as an engagement policy that aims to promote dialogue with issuers and assist them in improving their ESG practices.

To achieve this aim, the management team selects "high-quality" money market instruments denominated in euros or in foreign currencies, taking account of their residual life. These securities are chosen from an investment universe determined in advance according to an internal risk assessment and monitoring process. To evaluate the creditworthiness of these instruments at the time of their acquisition, the Management Company may rely, although not exclusively, on investment-grade ratings from recognised rating agencies that it deems most appropriate; however, the Management Company strives to avoid any automatic dependence on such ratings throughout the securities' holding period.

Securities held in foreign currencies are fully hedged against currency risk.

As an exception, the limit of 5% of the assets of the UCI per entity may be increased to 100% of the assets when the Fund invests in money market instruments issued or guaranteed individually or jointly by certain sovereign, quasi-sovereign or supranational entities of the European Union as set out in Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017.

The Fund may enter into transactions for temporary purchases and sales of securities. Financial instruments may be used for hedging purposes.

The UCI is actively managed. The index is used ex-post as an indicator for comparing performance. The management strategy is discretionary and without constraints in relation to the index.

The UCI qualifies as an Article 8 financial product under Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (the "Disclosure Regulation").

The Fund's net profit as well as its net realised capital gains are automatically reinvested.

You may redeem your units each day, as buyback are carried out on a daily basis.

The recommended investment period is more than 1 month.

Risk and reward profile

Particular risks for the Fund not included in these indicator are:

- Credit risk: this is the risk of sudden deterioration in the creditworthiness of an issuer or that of its default.
- Counterparty risk: this is the risk of default by a market operator, including a total return swap counterparty, that prevents it from honouring its obligations to the Fund.

The occurrence of one of these risks may lead to a decrease in the net asset value of the portfolio.

This Fund's risk category reflects in the main the market risk of the euro money market in which it is invested.

Historical data used to calculate the digital risk indicator may not be a reliable indicator of the future risk profile of the Fund.

The risk category associated with this Fund is not guaranteed and may evolve over time.

The lowest category does not mean "risk free".

The initial capital invested is not guaranteed.

Charges

The charges and fees paid are used to cover the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	1.00 %
Exit charge	None
The percentage indicated is the maximum that can be deducted from your capital before it is invested (entry) or redeemed (exit).	
Charges taken from the Fund over a year	
Operating expenses	0.06% of average net assets
Charges taken from the Fund under certain specific conditions	
Performance fee	Maximum 30% p.a. of the performance above that of the benchmark index, calculated using the "reference assets" methodology
	This fee amounted to 0.02% of average net assets at the end of the previous financial year

The stated **exit and entry fees** are maximum amounts. In certain cases, the fees paid may be lower - further information may be obtained from your financial advisor.

The **ongoing charges** are based on the figures for the previous financial year ended 30 June 2021. This percentage may vary from year to year. It excludes:

- performance fees,
- brokerage fees, except for the entry and exit charges paid by the UCITS when buying or selling units in another UCI.

The calculation of the performance fee applies on each calculation date of the net asset value, in accordance with the procedures set out in the prospectus.

Underperformance over the preceding five years must be offset before a provision can be recorded again.

The performance fee is payable even if the unit's performance over the observation period is negative, provided that the unit outperforms the Reference Assets.

For further information regarding costs and, in particular, the performance fee calculation method, please refer to the "Costs and Fees" section of the UCITS' prospectus available upon request from the Management Company.

Past performance

Performance is not constant over time and is no guarantee of future performance.

The year-on-year performances presented in this chart are calculated after deduction of all fees charged by the Fund.

The Fund was launched on 1 December 2005 and its I2 class on 25 January 2016.

The reference currency is the euro (EUR).

Practical information

Name of the Depositary: CACEIS Bank.

Additional information relating to the UCITS:

The latest prospectus and most recent interim statements, as well as all other practical information, are available free of charge from the management company.

Updated details on the management company's remuneration policy are available on its website or free of charge upon written request to it.

In particular, this policy describes the calculation methods applied to the remuneration and benefits of certain categories of employees, the entities responsible for their attribution and the composition of the Remuneration Committee.
