What is this product?

Type: Shares of a Sub-Fund of Amundi Funds, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: To achieve a combination of income and capital growth (total return).

The Sub-Fund invests at least 51% of assets in bonds that are denominated in euro and are issued or guaranteed by any member state of the Eurozone. Non-euro investments are aimed to be hedged against the euro.

There are no rating or currency constraints on these investments.

The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on interest rates, volatility and inflation). The Sub-Fund may use governmental credit default swaps (up to 40% of net assets).

Benchmark: The Sub-Fund is actively managed by reference to and seeks to outperform the JP Morgan EMU Government Bond Investment Grade Index. The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation from the Benchmark is expected to be significant.

Management Process: The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment team analyses interest rates and economic trends (top-down) to identify the strategies that appear likely to offer the best risk-adjusted returns. The investment team then uses both technical and fundamental analysis, including credit analysis, to select issuers and securities (bottom-up) and to construct a high quality government bond portfolio.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment and to receive income over the recommended holding period with the ability to bear losses up to the amount invested.

Redemption and Dealing: Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the Amundi Funds prospectus.

Distribution Policy: As this is a non-distributing share class, investment income is reinvested.

What happens if Amundi Luxembourg S.A. is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of Amundi Funds. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.
