What is this product?

Type: Shares of a Sub-Fund of Amundi Funds, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: Objective: To provide a participation in financial markets evolution while also providing permanent partial protection of your investment over the recommended holding period. Specifically, the sub-fund is designed to ensure that its share price does not fall below the Floor NAV. The Floor NAV is equal to 90% of the highest NAV reached since the last business day of the preceding month of April. Investments: The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation. The Sub-Fund may invest between 0% and 100% of net assets in equities, bonds, convertible bonds, deposits and money market instruments, and in UCITS/UCIs that may be exposed to a broad range of asset classes, including those named above as well as currencies, emerging markets securities, commodities, real estate, etc. [br]The Sub-Fund may invest up to 30% of net assets in below investment-grade bonds (high-yield bonds). [br]The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on credit, equities, interest rates, and foreign exchange). Benchmark: The Sub-Fund is actively

managed, is not managed in reference to a benchmark. Management Process: The investment team pursues a dynamic capital-preservation strategy, in which assets are reallocated constantly between the growth component and the conservative component, depending on the investment team's analysis of market factors. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of its investment universe.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment while preserving some or all of the capital invested over the recommended holding period and who are prepared to take on a medium level of risk to their original capital.

Redemption and Dealing: Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the Amundi Funds prospectus.

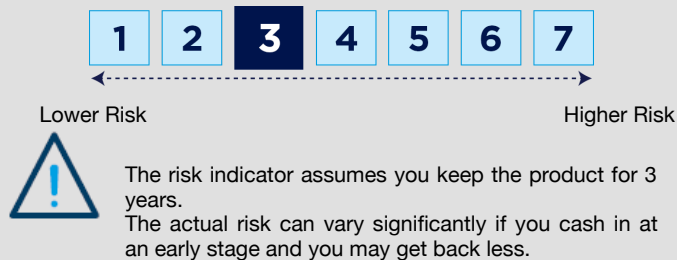

Distribution Policy: As this is a non-distributing share class, investment income is reinvested.

More Information: You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Luxembourg S.A. at 5, allée Scheffer 2520 Luxembourg, Luxembourg. The Net Asset Value of the Sub-Fund is available on www.amundi.lu.

Depository: CACEIS Bank, Luxembourg Branch.

What are the risks and what could I get in return?

RISK INDICATOR

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

PERFORMANCE SCENARIOS

The scenarios shown are illustrations based on results from the past and on certain assumptions. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

We have classified this product as 3 out of 7, which is medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances.

The use of complex products such as derivatives can lead to an amplification of securities movements in your portfolio.

You are entitled to receive back at least 90% of your capital. Any amount over this, and any additional return, depends on future market performance and is uncertain.

Beside the risks included in the risk indicator, other risks may affect the Sub-Fund's performance. Please refer to the Amundi Funds prospectus.

This product cannot be easily cashed in. If you exit the investment earlier than the recommended holding period you may not have a guarantee and you may have to pay extra costs.

The figures shown include all the costs of the product itself, but may or may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The performances displayed are the result of simulations for different scenarios of evolution of the markets in which the fund is invested.

What happens if Amundi Luxembourg S.A. is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of Amundi Funds. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default. Should the Guarantor default, file for bankruptcy or in the event of an official directive for resolution action, you may suffer a loss up to the total amount invested.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.
