Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

Seeks to provide income and, secondarily, to increase the value of your investment over the recommended holding period.

The Sub-Fund invests mainly in equities as well as government and corporate bonds of any credit quality, from anywhere in the world, including emerging markets. The Sub-Fund may also invest in other regulated funds, money market instruments, cash and in investments whose values are linked to prices of real estate, infrastructure, commodities or other real assets.

The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on equities, interest rates and foreign exchange).

Benchmark : The Sub-Fund is actively managed by reference to and seeks to outperform the 15% MSCI AC World REITS Index; 10% MSCI World, Food Beverage and Tobacco Index; 10% MSCI World Materials Index; 10% MSCI World Energy Index; 7.5% MSCI World Transport Infrastructure Index; 7.5% ICE BofA ML U.S. High Yield Index; 5% MSCI World Utility Index; 5% Alerian MLPs Index; 5% iBoxx Non-Financial Corporate Europe Index; 5% ICE BofA ML Global Governments Inflation-Linked Index; 5% ICE BofA ML Non-Financial Corporate USA Index; 5% ICE BofA ML Euro High Yield Index; 5% Bloomberg Commodity Total Return Index; 5% Bloomberg Gold Total Return Index over the recommended holding period. The Sub-Fund is mainly exposed to the issuers of the benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the benchmark however the extent of deviation from the Benchmark is expected to be significant. Further, the Sub-Fund has designated the Benchmark as a reference benchmark for the purpose of the Disclosure Regulation. The Benchmark is a broad market index, which does not assess or include its constituents according to environment characteristics and therefore is not aligned with the environmental characteristics promoted by the Sub-Fund.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment manager uses a risk-managed approach to seeking additional performance opportunities and seeks investment prospects paying above average income. The investment manager pursues a flexible asset allocation strategy. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.

The distribution share pays dividends monthly.

The minimum recommended holding term is 5 Years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.
