1 INTRODUCTION

Amundi S.F. (the "Fund") is organised as a *Fonds Commun de Placement* (FCP) with several separate Sub-Funds (individually the "Sub-Fund" and collectively the "Sub-Funds"). The Fund is an Undertaking for Collective Investment in Transferable Securities (UCITS) created 06 June 2003 and qualifies under Part I of the Luxembourg amended law of 17 December 2010 relating to Undertakings for Collective Investment. It is governed by the Management Regulations effective as at period-end, and updated for the last time on 31 March 2021 and published in the *Recueil Electronique des Sociétés et Associations* ("RESA") on 21 April 2021.

The Fund is an unincorporated co-proprietorship of its securities and other assets, managed by Amundi Luxembourg S.A. (the "Management Company") a company organised in the form of a public limited company ("société anonyme") under chapter 15 of the Law of 17 December 2010 as amended, wholly owned subsidiary of Amundi Asset Management S.A.S, registered with the Trade and Companies Register under number B 57.255 and having its registered office in Luxembourg. It was incorporated on 20 December 1996 for an unlimited period of time. Its Articles of Incorporation are published in the *Mémorial* on 28 January 1997 and have been amended for the last time on 1 January 2018.

The assets of the different Sub-Funds are separately invested in accordance with their respective investment policies and objectives. All Sub-Funds are denominated in EUR or in USD (the "Base Currency") and all assets and liabilities of each Sub-Fund are valued in the Base Currency of such Sub-Fund. Net Asset Value ("NAV") per unit in currency different to the euro represents the daily conversion of the NAV per unit in euro.

2 PRINCIPAL ACCOUNTING CONVENTIONS

PRESENTATION OF FINANCIAL STATEMENTS

These financial statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to undertakings for collective investment in transferable securities and generally accepted accounting principles in Luxembourg.

The financial statements reflect the Net Asset Values ("NAV") as calculated on the last business day of the period based on latest available market prices of the investments.

Valuation of investments and other investments

The following pricing policy applies:

- **Valuation of investments** - Investments which are quoted or dealt in on a stock exchange or on a Regulated Market or any Other Regulated Market are valued at the last available price at 6.00 p.m. Luxembourg time of the relevant Valuation Day except for the Amundi S.F. - European Equity Optimal Volatility Sub-Fund where the investments are valued at the last available prices at 10.00 p.m. Luxembourg time. Pricing rules (Bid/Mid/Ask) of each Sub-Fund are regularly reviewed by the Board of Directors of the Management Company of the Fund, and may be adapted either to the investment cycle and/or to the investment objective of each Sub-Fund. In the event that any assets held in a Sub-Fund's portfolio on the relevant day are not quoted or dealt in on any stock exchange or on any Regulated Market, or on any Other Regulated Market or if, with respect of assets quoted or dealt in on any stock exchange or dealt in on any such markets, the last available price (as determined pursuant to the previous paragraph) is not representative of the fair market value of the relevant assets, the value of such assets is based on a reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the Management Company.
- **Open-ended and closed-ended UCIs** - Units or shares of open-ended UCIs are valued at their last determined and available Net Asset Value or, if such price is not representative of the fair market value of such assets, then the price is determined prudently and in good faith by the Board of Directors of the Management Company. Units or shares of a closed-ended UCI are valued at their last available market value.

- **Forward foreign exchange contracts** - Forward foreign exchange contracts are valued at the forward rate applicable at the "Statement of Net Assets" date for the period until their maturity. Net unrealised gain and loss on forward foreign exchange contracts are recorded in the "Statement of Net Assets". The Fund also offers Hedged Unit Classes. All gain/(loss) on forward foreign exchange contracts used for Hedged Unit Classes are allocated solely to the relevant Unit Class.
- **Financial futures contracts** - Financial futures contracts are valued at the quoted price available on an official stock exchange (following the pricing policy as described above under "Valuation of investments"). Initial margin deposits are made in cash upon entering into futures contracts. Subsequent payments, referred to as variation margins, are made or received by the Sub-Fund periodically and are based on changes in the market value of open futures contracts. Net unrealised gain and loss on financial futures contracts are recorded in the "Statement of Net Assets". When the contract is closed, the concerned Sub-Fund records a realised gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the opening transaction.
- **Upfront premium Options contracts** - When the Sub-Fund purchases an options contract with an upfront premium, it pays a premium and an amount equal to that premium is recorded as an asset. When the Sub-Fund writes an option with an upfront premium, it receives a premium and an amount equal to that premium is recorded as a liability.
The asset or liability is adjusted daily to reflect the current market value of the options contracts.
Options contracts which are quoted or dealt in on a stock exchange or on a Regulated Market or any Other Regulated Market are valued at the exchange quoted price (following the pricing policy described above under "Valuation of investments"). OTC options are marked-to-market based upon daily prices calculated by third party agents and verified against the value received from the counterparty.
If the last known prices are not representative, the valuation will be based on the potential realisation value estimated by the Board of Directors of the Management Company with prudence and in good faith.
If an option expires unexercised, the Sub-Fund realises a gain or loss to the extent of the premium received or paid. Premiums received or paid, net unrealised gain and loss from options contracts are recorded in the "Statement of Net Assets" under the account balances "Upfront premium Options contracts purchased at market value" or "Upfront premium Options contracts written at market value".
- **Futures-style options contracts** - Futures-style options contracts are valued at the quoted price available on an official stock exchange (following the pricing policy as described above under "Valuation of Investments"). Initial margin deposits are paid in cash upon entering into the contract. Subsequent positive or negative cash-flows, referred to as variation margins, are paid or received by the Sub-Fund periodically and are based on changes in the market value of open option contracts. When the contract is closed, the concerned Sub-Fund records a realised gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the opening transaction.
Net unrealised gain and loss on futures-style options contracts are recorded in the "Statement of Net Assets".
- **Swaps Contracts** - Sub-Funds may enter into different types of swaps agreements such as interest rate swaps, swaptions, inflation-linked swaps, credit default swaps and total return swaps. Net unrealised gain and loss on swaps contracts are recorded in the "Statement of Net Assets". Swaps contracts are valued at fair market value as determined prudently and in good faith pursuant to procedures established by the Board of Directors of the Management Company.
Swaps contracts are marked-to-market at each Net Asset Valuation calculation date. The market value is based on the valuation of elements laid down in the contract, and it is obtained from third party agents, market makers or internal models, pursuant to the procedures established by the Board of Directors of the Management Company.
- **Combined financial statements** - The figures of each Sub-Fund are presented in their respective Base Currency. The combined financial statements are expressed in euros and the sum of the Sub-Funds' net assets which are in another currency are converted in euros at the exchange rates prevailing at period end. The combined financial statements are presented for information purposes only.
At period-end, the value of investments made by Sub-Funds in other Sub-Funds of the same umbrella amounts to EUR 8 012 653 representing 0.32% of the Combined Net Assets and therefore the total Combined Net Assets at period-end without cross Sub-Fund investment would amount to EUR 2 507 813 790.
- **Securities Lending** - Sub-Funds may lend securities in their portfolios to a borrower. To guarantee this transaction, the Sub-Fund receives collateral. Securities on loan are delivered to a third party broker and these assets continue to be valued as part of the portfolio of the Sub-Fund. Upon termination of a loan, the Sub-Fund is required to return to the borrower the collateral received. Loans can be terminated by the parties at any time. Securities lending generates additional income for the Sub-Fund according to the contractual arrangements.

3 EXCHANGE RATES USED AS OF 30 JUNE 2023

4 MANAGEMENT, INVESTMENT MANAGEMENT AND DISTRIBUTION FEES

The management fee is a percentage of the Net Asset Value of each Sub-Fund, which ranges, according to the prospectus, from 0.30% to 2.25% p.a, depending on the relevant Sub-Fund and unit class.

For Class X Units, the management fees are charged and collected by the Management Company directly from the Unitholder and will not be charged to the Sub-Funds or reflected in the Net Asset Value.

The management fee rates effectively applied as at 30 June 2023 are as follows:

Both management fee and distribution fee are calculated and accrued on each Valuation Day on the basis of the Net Asset Value of the Sub-Fund and unit class and are payable monthly in arrears.

The Investment Managers are paid by the Management Company out of the management fee payable to it in accordance with the Management Regulations of the Fund.

5 PERFORMANCE FEE

The Management Company may earn a performance fee for certain Unit Classes within certain Sub-Funds where the Net Asset Value per Unit of the Class outperforms its benchmark or performance hurdle during its performance period as reported in the prospectus.

For Diversified Short Term Bond, SBI FM India Bond and Absolute Return Multi-Strategy Control, the benchmark method is used for performance fees calculation.

The performance period is a calendar year except for Emerging Markets Bond 2024, Emerging Markets Bond 2025, Global High Yield Opportunities 2025, Saving Box I, Saving Box II and Saving Box III Sub-Funds where the performance period is from the Launch Date until the Maturity Date, consequently no performance fees were applied during 2022 to Saving Box I, Saving Box II and Saving Box III, Sub-Funds that already reached the maturity date before 2022.

The calculation of performance fees applies to each concerned Unit Class and on each NAV calculation date. The calculation is based on the comparison between:

- The NAV of each relevant Unit Class (before deduction of the performance fee); and
- The reference asset which represents and replicates the NAV of the relevant Unit Class (before deduction of the performance fee) at the first day of the performance observation period, adjusted by subscriptions/redemptions at each valuation, to which the performance fees benchmark or hurdle (as stated for each sub-fund and Unit Class) is applied.

The Performance Fee will represent a percentage of the positive difference between the net assets of the Unit Class (before deduction of the performance fee) and the Reference Asset if the following cumulative conditions are met:

- This difference is positive;
- The relative performance of the Unit Class compared to the Reference Asset is positive or nil, since the beginning of the performance observation period. Past underperformances over the last 5 years should be clawed back before any new accrual of performance fee.

As from the 1st January 2022, the Comparison is carried out over a performance observation period of five years maximum, the anniversary date of which corresponds to 31 December of each year (hereafter the "Anniversary Date").

For Sub-Funds with a Maturity Date, as from the launch date of the relevant Unit Class, the Comparison is carried out over a performance observation period which ends on the Maturity Date of the Sub-Fund."

6 DEPOSITARY AND PAYING AGENT, ADMINISTRATOR, REGISTRAR AND TRANSFER AGENT

The Depositary and Paying Agent, the Administrator and the Registrar and Transfer Agent receive out of the assets of the relevant Sub-Fund, a fee for their services as detailed below.

- **Depositary and Paying Agent:** The fee is a percentage that the Depositary, the Paying Agent and the Administrator are entitled to receive a fee out of the assets of the relevant Sub-Fund (or the relevant Class of Units, if applicable), which will range, depending on the country where the assets of the relevant Sub-Fund are held, from 0.003 % to 0.5 % of the asset values underlying the relevant Sub-Fund or Class of Units, payable quarterly in arrears.
- **Administrator:** The fee for the main services provided, amounts to an annual rate of 0.01%, is calculated and accrued on each Valuation Day on the basis of the Net Asset Value of the relevant Sub-Fund. It is payable quarterly in arrears.
- **Registrar and Transfer Agent:** The main components of the compensation for the services provided are the number of the existing active Unit Classes, the number of clients' accounts and the number of transactions processed.

7 TAXATION OF THE FUND - TAXE D'ABONNEMENT

In accordance with the legislation currently prevailing in Luxembourg, the Fund is not subject to any taxes on income or capital gains. The Fund is subject to a subscription tax *Taxe d'abonnement*, which amounts to an annual rate of 0.05% based on the Net Asset Value of each Sub-Fund at the end of each calendar quarter, calculated and paid quarterly. However, this tax is reduced to 0.01% for Net Asset Value related to units classes only aimed at eligible institutional investors and for Sub-Funds whose sole object is collective investment in money market instruments and in deposits with credit institutions.

Pursuant to Article 175 (a) of the amended law of 17 December 2010, the net asset invested in UCIs already subject to *Taxe d'abonnement* is exempted from this tax. Interest and dividend income received by the Fund may be subject to non-recoverable withholding tax in the countries of origin.

All transaction are bilateral transactions.

ISDA Master Agreement applies to all OTC derivative transactions including total return swap transactions entered by the Sub-Funds. An ISDA Master Agreement is a bilateral agreement established by the Sub-Fund and a counterparty, which governs OTC derivative transactions, including total return swaps. The overall OTC derivative exposures under ISDA Master Agreement are netted and collateralized together. For this reason for collateral information on total return swaps we make reference to the note 16 to the financial statements which includes and reflects the overall OTC derivative transactions entered by the Sub-Funds. The collateral received is held in custody and it is re-used.
