1.) GENERAL

The Investment Company is a Luxembourg investment company (Société d'Investissement à Capital Variable) that has been established for an unspecified period in the form of an umbrella fund with sub-funds ("Investment Company") in accordance with Part I of the Luxembourg amended Law of 17 December 2010 on Undertakings for Collective Investment (the "Law of 17 December 2010").

The Investment Company ("Investment Company") described in this Sales Prospectus (plus Articles of Association and Annexes) was established on 10 April 2008. At the initiative of Baker Steel Capital Managers LLP it has appointed IPConcept (Luxemburg) S.A. as its management company ("Management Company"). The Investment Company is a limited company with variable capital (Société d'Investissement à Capital Variable), under Luxembourg law with its registered office at 4, rue Thomas Edison, L-1445 Strassen. Its Articles of Association were published on 30 April 2008 in the Mémorial, Recueil des Sociétés et Associations, the official journal of the Grand Duchy of Luxembourg ("Mémorial"). The Mémorial was replaced on 1 June 2016 by the new information platform "Recueil Électronique des Sociétés et Associations" ("RESA") of the Trade and Companies Register in Luxembourg. The Investment Company is entered in the commercial register in Luxembourg under registration number R.C.S. Luxembourg B137827. The latest amendment to the Articles of Association of the Investment Company came into effect on 1 March 2018 and were published in the RESA.

The Board of Directors of the Investment Company appointed the Management Company IPConcept (Luxemburg) S.A., a public limited company (Aktiengesellschaft) under the law of the Grand Duchy of Luxembourg with its registered office located at 4, rue Thomas Edison, L-1445 Strassen, Luxembourg, with the duties of asset management, administration and distribution of the shares of the Investment Company. The Management Company was incorporated for an unlimited period on 23 May 2001. Its Articles of Association were published in the Mémorial on 19 June 2001. The latest amendment to the Articles of Association of the Management Company came into effect on 27 November 2019 and was published in the RESA on 12 December 2019. The Management Company is listed in the commercial register in Luxembourg under registration number R.C.S. Luxembourg B 82183.

As at 30 June 2024, the BAKERSTEEL GLOBAL FUNDS SICAV consists of two sub-funds, the BAKERSTEEL GLOBAL FUNDS SICAV - Precious Metals Fund and BAKERSTEEL GLOBAL FUNDS SICAV - Electrum Fund.

2.) SIGNIFICANT ACCOUNTING POLICIES

This semi-annual report is drawn up at the responsibility of the Board of Directors of the Investment Company in accordance with the legal provisions applicable in Luxembourg and the standards for the preparation and presentation of reports.

- 1. The net assets of the Investment Company are shown in Euro (EUR) ("reference currency").
- 2. The value of a share ("net asset value per share") is denominated in the currency laid down in the Annex to the sales prospectus ("fund currency"), unless any other currency is stipulated for any other share classes in the Annex to the sales prospectus ("share class currency").
- 3. The net asset value per share is calculated by the Investment Company or a third party commissioned for this purpose by the Investment Company, under the supervision of the Depositary Bank, on each banking day in Luxembourg, with the exception of 24 and 31 December of each year ("valuation day"). The Board of Directors may decide to apply different regulations to individual funds, but the net asset value per share must be calculated at least twice each month.
- 4. A Business Day is a day on which banks are normally open for business in Luxembourg and London.
- 5. In order to calculate the net asset value per share, the value of the assets of each sub-fund, less the liabilities of each sub-fund ("net sub-fund assets") is determined on each day specified in the relevant Annex to the sales prospectus ("Valuation Day") and this is divided by the number of shares in circulation in the respective sub-fund on the Valuation Day. The Management Company can, however, decide to determine the share value on the 24 and 31 December of a year without these determinations of value being calculations of the share value on a Valuation Day within the meaning of the above clause 1 of this point 4. Consequently, the shareholders may not demand the issue, redemption or exchange of shares on the basis of a net asset value determined on 24 December and/or 31 December of a year.
- 6. Insofar as information on the situation of the net assets of the company must be specified in the annual or semi-annual reports and/or other financial statistics pursuant to the applicable legislative provisions or in accordance with the conditions of these Articles of Association, the value of the assets of each sub-fund will be converted to the reference currency. The net sub-fund assets will be calculated according to the following principles:
 - a) Securities which are officially listed on a stock exchange are valuated at the last available market price. If a security is officially listed on more than one stock exchange, the last available listing on the stock exchange which represents the major market for this security shall apply.

The Management Company may stipulate for individual sub-funds that transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets officially listed on a securities exchange are valued at the latest available closing price which provides a reliable valuation. Details on this can be found in the Annexes to the relevant sub-funds.

- b) Securities not officially listed on a securities exchange but traded on a regulated market will be valued at a price that may not be lower than the bid price and not higher than the offered price at the time of valuation and which the Investment Company deems in good faith to be the best possible price at which the securities can be sold.
 - The Management Company may, on behalf of individual sub-funds, determine that transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets which are not officially listed on a securities exchange (or whose stock exchange rate is not deemed representative, e.g. due to lack of liquidity) but which are traded on another regulated market, shall be valued at the latest available price there, and which the Management Company considers in good faith to be the best possible price at which the transferable securities, money market instruments, derivative financial instruments (derivatives) and other investments can be sold. Details on this can be found in the Annexes to the relevant sub-funds.
- c) OTC derivatives shall be evaluated on a daily basis using a method to be determined and validated by the Investment Company in good faith on the basis of the sale value that is likely attainable and using generally accepted valuation models which can be verified by an auditor.
- d) UCITS and UCIs are valued at the most recently established and available redemption price. In the event that the redemption of the investment units is suspended, or no redemption prices are established, these units together with all other assets will be valued at their appropriate market value, as determined in good faith by the Management Company and in accordance with generally accepted valuation standards approved by the auditors.
- e) If the prices in question are not fair market prices, if the financial instruments under (b) are not traded on a regulated market, and if no prices are set for financial instruments different from those listed under (a)–(d), then these financial instruments and the other legally permissible assets shall be valued at their current market value, which shall be established in good faith by the Management Company on the basis of generally accepted and verifiable valuation rules (e.g. suitable valuation models taking account of current market conditions).
- f) Liquid funds are valued at their nominal value plus interest.
- g) The market value of securities and other investments which are denominated in a currency other than the currency of the relevant sub-fund shall be converted into the currency of the sub-fund at the last mean rate of exchange (WM/Reuters fixing at 4 pm London time). Gains and losses from foreign exchange transactions will on each occasion be added or subtracted.
 - The Management Company may stipulate for individual sub-funds that the transferable securities, money market instruments, derivative financial instruments (derivatives) and other assets denominated in a currency other than that of the sub-fund shall be converted into the sub-fund currency at the exchange rate of the trading day. Profits and losses from foreign exchange transactions shall, on each occasion, be added or subtracted. Details on this can be found in the Annexes to the relevant sub-funds.

Any distributions paid out to sub-fund shareholders will be deducted from the net assets of the sub-fund.

7. The net asset value per share is calculated separately for each sub-fund pursuant to the aforementioned criteria. However, if there are different share classes within a sub-fund, the net asset value per share will be calculated separately for each share class within this fund pursuant to the aforementioned criteria. The composition and allocation of assets always occurs separately for each sub-fund.

The tables published in this report may, for arithmetical reasons, contain rounding differences which are higher or lower than a unit (currency, percentage, etc.).

3.) TAXATION

Taxation of the Investment Company

The Company's assets are not subject to taxation on their income and profits in the Grand Duchy of Luxembourg. The Company's assets are only subject to the "taxe d'abonnement" currently amounting to 0.05% p.a. A reduced "taxe d'abonnement" of 0.01% p.a. is applied to (i) the sub-funds or share classes, the shares of which are issued exclusively to institutional shareholders within the meaning of Article 174 of the Law of 17 December 2010, (ii) sub-funds whose sole purpose is to invest in money market instruments, in time deposits with credit institutions or both. The "taxe d'abonnement" is payable quarterly, based on the Company's net assets reported at the end of each quarter. The amount of the "taxe d'abonnement" is specified for each sub-fund or share class in the relevant Annex to the Sales Prospectus. An exemption from the "taxe d'abonnement" applies, inter alia, to the extent that the fund assets are invested in other Luxembourg investment funds, which in turn are already subject to the "taxe d'abonnement".

Income received by the Fund (in particular interest and dividends) may be subject to withholding or investment tax in the countries in which the relevant (sub-)fund assets are invested. The Fund may also be taxed on realised or unrealised capital gains of its investments in the source country. Neither the Depositary nor the Management Company are obliged to collect tax certificates.

Taxation on income from shares of the investment fund for the investor

Shareholders who are or were not resident in the Grand Duchy of Luxembourg for tax purposes and have no permanent establishment or permanent representative there are not subject to Luxembourg income tax on their income or capital gains from their shares in the Fund. Natural persons who are resident in the Grand Duchy of Luxembourg for tax purposes are subject to progressive Luxembourg income tax. Companies that are resident in the Grand Duchy of Luxembourg for tax purposes are subject to corporation tax on the income from the fund shares.

Interested parties and investors are recommended to find out about laws and regulations which are applied to the taxation of corporate assets, the subscription, the purchase, the ownership, the redemption or the transfer of shares and to call on the advice of external third parties, especially a tax adviser.

4.) USE OF INCOME

Further details on the use of earnings are provided in the sales prospectus.

5.) CURRENT ACCOUNTS (CASH AT BANK/LIABILITIES TO BANKS) OF THE SUB-FUNDS

All current accounts of the sub-funds (even if they are in different currencies) which constitute in fact and at law merely elements of a single indivisible current account, are disclosed as one indivisible current account in the statement of net assets. Current accounts in foreign currencies, if existing, are converted in the fund currency. The conditions of the individual account apply with respect to interest calculation.

6.) STATEMENT OF CHANGES IN THE SECURITIES PORTFOLIO

A statement detailing all purchases and sales made during the financial year is available free of charge on request at the registered office of the Management Company.

7.) EVENTS DURING THE REPORTING PERIOD

There were no significant events occurred in the reporting period.

8.) EVENTS AFTER THE REPORTING PERIOD

There were no significant events after reporting period.

9.) PERFORMANCE FEE

The Investment Manager will receive a Performance Fee of up to 15% of the Gross Unit Value performance which exceeds the performance of the Benchmark MSCI ACWI Select Gold Miners IMI Index [Bloomberg code: MXWDS1MI, Price Index] (BAKERSTEEL GLOBAL FUNDS SICAV – Precious Metals Fund) respectively MSCI ACWI Metals & Mining Index [Bloomberg code: MXWD0MM Price Index] (BAKERSTEEL GLOBAL FUNDS SICAV – Electurm Fund Fund) provided both of the following conditions are met:

- (i) the Gross Unit Value performance during the Calculation Period exceeds the performance of the Benchmark during the Calculation Period (Outperformance); and
- (ii) any underperformance of the units previously incurred against the Benchmark during the Performance Reference Period has been clawed back.

If the Gross Unit Value performance at the end of an accounting period is below that of the Benchmark, then the Investment Manager will not receive a performance fee. This calculated underperformance as a percentage will now be carried forward to the next accounting period as a negative amount ("negative carry forward").

For the next accounting period, the Investment Manager will only receive a performance fee if the positive relative outperformance, as a percentage, at the end of this accounting period exceeds the negative carry forward. In this case, the Performance Fee entitlement is calculated from the percentage difference of both amounts. If the relative outperformance as a percentage from the current accounting period does not exceed the negative carry forward, both percentage amounts are netted off. The remaining underperformance percentage amount will then be carried forward to the next accounting period as a new "negative carry forward". If there is another negative benchmark deviation at the end of the following accounting period, then the existing negative carry forward as a percentage will be added to the underperformance as a percentage calculated from this negative benchmark deviation. Any out- and underperformance percentage amounts carried over from the previous four accounting periods, in addition to the current accounting period, together comprising the Performance Reference Period, shall be taken into account when calculating the annual entitlement to performance fees. This means that underperformance from accounting periods arising from accounting periods five years or earlier than at the prevailing year end is disregarded when calculating Performance Fee entitlement. If less than five previous accounting periods exist for the share class, all previous accounting periods will be taken into account.

Beginning with the start of each Calculation Period, the Performance Fee is calculated on each valuation day on the basis of the aforementioned Gross Unit Value performance, the Benchmark performance and the units in circulation during the Calculation Period. As a basis of calculation, data from the previous valuation day (at financial year-end on the same day) is used. An increase in the Performance Fee accrual caused by subscription of new shares will be eliminated. Any decrease in the Performance Fee accrual caused by redemptions of existing shares will be crystallised.

On valuation days during the Calculation Period on which the Gross Unit Value performance is greater than the Benchmark performance and any negative carry forward has been offset, a Performance Fee will accrue (and the accrued total amount changes pursuant to the method presented above). On valuation days on which the Gross Unit Value is lower than the benchmark performance, the accrued total Performance Fee amount is eliminated. In this regard, the difference between Gross Unit Value performance is considered with respect to the performance of the benchmark, respectively. The amount calculated on the last valuation day of the accounting period may, if a performance fee is accrued, be paid out from the relevant unit class of the sub-fund within 10 business days of the end of the financial year.

If the performance of the benchmark is negative, the Investment Manager has agreed that it will only be entitled to a performance fee based on the positive performance of the Gross Unit Value. For the avoidance of doubt, if the performance of the Gross Unit Value is negative during the Calculation Period, the Investment Manager will not earn a performance fee.

For the period from 1 January 2024 until 30 June 2024, the actual performance fee accrued and the corresponding performance fee percentage (calculated on the basis of the respective average net assets of the sub-funds) for the respective sub-funds are as follows:

10.) TRANSPARENCY OF SECURITIES FINANCING TRANSACTIONS

IPConcept (Luxemburg) S.A. is acting as a management company of undertakings for collective investment in transferable securities ("UCITS") and alternative investment fund manager ("AIFM") and thus falls by definition within the scope of Regulation (EU) 2015/2365 of the European Parliament and of the Council of November 25th, 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 ("SFTR").

During the reporting period of the investment fund no investments have been undertaken in securities financing transactions or total return swaps as defined in this regulation. Therefore, the notes specified in Article 13 of this regulation will not be disclosed in the Report. Detailed information on the investment fund's investment strategy and the financial instruments used can be found in the current sales prospectus and on the Management Company's website (www.ipconcept.com).

11.) INFORMATION FOR SWISS INVESTORS

a.) General Information

The Sales Prospectus including the Articles of Association, the Key Information Document and the Investment Company's financial statements and semi-annual reports as well as a statement detailing all purchases and sales made during the reporting period are available free of charge at the Swiss Representative.

c.) Total Expense Ratio (TER)

The commissions and fees incurred for managing the collective capital investments must be reported in the indicator known internationally as the total expense ratio (TER). This indicator expresses the total of all commission and fees regularly incurred (operating expenses) by the capital of the collective investment retrospectively as a percentage of the net assets; in principle, it is calculated using the following formula:

According to the guidelines of the Asset Management Association Switzerland (AMAS) of 16 May 2008 (version of 5 August 2021), the following TER was calculated in per cent for the period from 1 July 2023 to 30 June 2024:

Sub-fund	Share-class	Without	With
		Performance Fee	Performance Fee
BAKERSTEEL GLOBAL FUNDS SICAV - Electrum Fund	A EUR	2.11	2.11
BAKERSTEEL GLOBAL FUNDS SICAV - Electrum Fund	A USD	2.11	2.11
