Management report

2023 was a very volatile year for investors partly due to nervousness coming off a very weak 2022 and also due to extreme volatility caused by investors trying to predict the direction of interest rates (especially in the USA) which meant that equity market indices were primarily driven by bond yield movements.

Despite this, the fund achieved a decent result (net of all fees and costs) not far off the performance of global equities. It is worth noting that the fund did this despite not owning any of the magnificent 7 stocks whose narrow group drove most of the market's performance in 2023.

The fund achieved a 5* rating from Morningstar over 3 years and a 4* rating over 5 years.

Perhaps more importantly as at December 31, 2023, the fund was ranked as in the top 14% of its peer group over a 3-year period and in the top 18% of its peer group over 5 years. (Data from Morningstar for USD share class).

1st Half

The first half saw the fund keep pace with global equities.

2nd Half

The fund underperformed due to the rush in the final quarter of the year towards the magnificent 7 stocks which the fund does not own due its investment process of purchasing undervalued companies and keeping a strict discipline towards fundamental valuation.

Outlook

With the US market finally emerging from its bear market the path of least resistance for global equities is probably upwards. We believe that investors have mispriced how many interest rate cuts there will be in both the US and Europe. Markets have priced in 6 cuts each for both regions, but we see only 3 each as we believe that economic growth is likely to surprise on the upside and the last bit of inflation is sticky.

We expect a soft landing for global economies with no recession but historically when this has happened after bear markets gains have been more moderate.

Past performance is not an indicator of current or future returns.

Management report (continued)

We will continue to avoid style drift within the fund and purchase great companies at great prices in unpopular points of time.

ESG

The investments underlying this sub-fund do not take into account the EU criteria for environmentally sustainable economic activities.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE**Report on the audit of the financial statements****Opinion**

We have audited the financial statements of Belfund SICAV (the "Fund") and its sub-fund, which comprise the statement of net assets and the statement of investments and other net assets as at December 31, 2023, the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and its sub-fund as at December 31, 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession ("Law of July 23, 2016") and with International Standards on Auditing ("ISA"s) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of July 23, 2016 and ISAs are further described in the « Responsibilities of "Réviseur d'Entreprises Agréé" for the audit of the financial statements» section of our report. We are also independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of "Réviseur d'Entreprises Agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Grant Thornton Luxembourg is the Luxembourg member firm of Grant Thornton International Ltd (GTIL).

GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered independently by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund and its sub-fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or its sub-fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d’Entreprises Agréé” for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of “Réviseur d’Entreprises Agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law dated July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law dated July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.
- Conclude on the appropriateness of Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund or its sub-fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of “Réviseur d’Entreprises Agréé” to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of “Réviseur d’Entreprises Agréé”. However, future events or conditions may cause the Fund or its sub-fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTE 1

GENERAL

Belfund SICAV (the "SICAV") is an open-ended investment company organised under the laws of Luxembourg as a *société d'investissement à capital variable* ("SICAV"), incorporated on March 14, 2016 under the form of a public limited liability company (*société anonyme*) under part I of the law of December 17, 2010 relating to undertakings for collective investment ("UCI"), as amended (the "2010 Law").

The SICAV is registered with the Luxembourg trade and companies register under number B204739 and its deed of incorporation was published in the *Recueil électronique des sociétés et associations* ("RESA") on March 29, 2016.

NOTE 2

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Preparation and presentation of financial statements

The financial statements are prepared in accordance with generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to UCI.

The reference currency of the SICAV is the EUR.

Notes to the financial statements as at December 31, 2023 (continued)

b) Valuation of assets

The assets of the SICAV are valued in accordance with the following principles:

1) Transferable securities or money market instruments quoted or traded on an official stock exchange or any other regulated market, are valued on the basis of the last known price as of the relevant Valuation day, and, if the securities or money market instruments are listed on several stock exchanges or Regulated markets, the last known price of the stock exchange which is the principal market for the security or money market instrument in question, unless these prices are not representative.

2) For transferable securities or money market instruments not quoted or traded on an official stock exchange or any other Regulated market, and for quoted transferable securities or money market instruments, but for which the last known price as of the relevant Valuation day is not representative, valuation is based on the probable sales price estimated prudently and in good faith by the Board of Directors of the SICAV.

3) Units and shares issued by Undertakings for the Collective Investment of Transferable Securities ("UCITS") or other UCI are valued at their last available Net Asset Value ("NAV") as of the relevant Valuation day.

4) The liquidating value of futures, forward or options contracts that are not traded on exchanges or on other regulated markets is determined pursuant to the policies established in good faith by the Board of Directors of the SICAV, on a basis consistently applied. The liquidating value of futures, forward or options contracts traded on exchanges or on other Regulated markets is based upon the last available settlement prices as of the relevant Valuation day of these contracts on exchanges and Regulated markets on which the particular futures, forward or options contracts are traded; provided that if a futures, forward or options contract could not be liquidated on such Business day with respect to which a NAV is being determined, then the basis for determining the liquidating value of such contract is such value as the Board of directors of the SICAV may, in good faith and pursuant to verifiable valuation procedures, deem fair and reasonable.

5) Liquid assets and money market instruments with a maturity of less than 12 months may be valued at nominal value plus any accrued interest or using an amortised cost method (it being understood that the method which is more likely to represent the fair market value will be retained). This amortised cost method may result in periods during which the value deviates from the price the SICAV would receive if it sold the investment. The Board of Directors of the SICAV may, from time to time, assess this method of valuation and recommend changes, where necessary, to ensure that such assets will be valued at their fair value as determined in good faith pursuant to procedures established by the Board of Directors of the SICAV. If the Board of Directors of the SICAV believes that a deviation from the amortised cost may result in material dilution or other unfair results to Shareholders, the Board of Directors of the SICAV will take such corrective action, if any, as it deems appropriate, to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results.

6) The swap transactions are consistently valued based on a calculation of the net present value of their expected cash flows. For certain sub-funds using over the counter ("OTC") Derivatives as part of their main Investment Policy, the valuation method of the OTC Derivative is further specified in the relevant Special Section.

7) Accrued interest on securities is taken into account if it is not reflected in the share price.

8) Cash is valued at nominal value, plus accrued interest.

Notes to the financial statements as at December 31, 2023 (continued)

9) All assets denominated in a currency other than the reference currency of the respective sub-fund/class are converted at the mid-market conversion rate as of the relevant Valuation day between the Reference currency of the sub-fund and the currency of denomination.

10) All other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above paragraphs would not be possible or practicable, or would not be representative of their probable realisation value, will be valued at probable realisation value, as determined with care and in good faith pursuant to procedures established by the Board of Directors of the SICAV.

In the context of sub-funds which invest in other UCIs, valuation of their assets may be complex in some circumstances and the administrative agents of such UCIs may be late or delay communicating the relevant NAVs. Consequently, the Administrative Agent, under the responsibility of the Board, may estimate the assets of the relevant sub-funds as of the Valuation Day considering, among other things, the last valuation of these assets, market changes and any other information received from the relevant UCIs. In this case, the NAV estimated for the sub-funds concerned may be different from the value that would have been calculated on the said Valuation Day using the official NAVs calculated by the administrative agents of the UCIs in which the sub-fund invested. Nevertheless, the NAV calculated using this method is considered as final and applicable despite any future divergence.

c) Net realised gain/loss on sales of investments

The net realised gain/loss on sales of investments is calculated on the basis of the weighted average cost of the investments sold.

d) Cost of investment securities

The cost of investment securities in currencies other than the currency of the SICAV is translated into the currency of the sub-fund at the exchange rate applicable at purchase date.

e) Forward foreign exchange contracts

The unrealised gains or losses resulting from outstanding forward foreign exchange contracts, if any, are determined on the basis of the forward rates applicable at the end of the year and are recorded in the statement of net assets.

f) Income

Dividends are recorded net of withholding tax at the ex-date. Interest is recorded on an accrual basis.

g) Transaction fees

The transaction fees represent the costs incurred by the SICAV in connection with purchases and sales of investments. They include brokerage fees as well as bank commissions, taxes & depositary fees and other transaction fees, and are included in the statement of operations and change in net assets.

h) Formation expenses

Formation expenses are amortised on a straight line basis over a period of 5 years.

Notes to the financial statements as at December 31, 2023 (continued)

NOTE 3

TAXATION OF THE SICAV

In accordance with the legislation in force in Luxembourg, the SICAV is not subject to any Luxembourg income tax or capital gains tax, withheld at source or otherwise. Income received by the SICAV may be subject to withholding taxes in the country of origin of the issuer of the security, in respect of which such income is paid. Nevertheless, the net assets of the SICAV are subject to a subscription tax ("*Taxe d'Abonnement*") at an annual rate of 0.05%, payable at the end of each quarter and calculated on the basis of the SICAV's net assets at the end of each quarter. NOTE 13

UKRAINE / RUSSIA CONFLICT

At the date of this report, the armed conflict between Ukraine and the Russian Federation is still ongoing and there no indications on when or how this conflict will end. Besides the direct consequences of this armed conflict on the inhabitants and infrastructure of the regions concerned, this armed conflict triggered a series of political and economic measures and countermeasures, the medium and long-term impacts of which cannot be assessed as of the date of this report. Although the SICAV is not invested in assets issued by Ukrainian, Russian or Belarus companies, the impact of this conflict and the triggered political and economic measures and countermeasures may continue to have an impact on the general economic situation, the volume of trade, the cash flows and the profitability concerning the financial markets and the companies in which the SICAV invests. However, the Board of Directors is currently not in a position to reliably assess such global impacts.

NOTE 14

PALESTINE / ISAREL CONFLICT

On October 7, 2023, Israel was attacked by Hamas in an inhumane terrorist attack. This event overshadowed everything in 2023 and, unfortunately, will keep us busy for a long time.

The Board of Directors of the SICAV was also shocked by the subsequent accusations against Israel and Jews. The trivialization and justification of Hamas' actions are inexcusable. The situation in the Middle East is and remains explosive and unstable. Due to the direct and indirect interference of many local and international actors and the pursuit of various selfish agendas, a new situation has arisen in which no one knows where it will lead to.

This can and will continue to cause distortions on the markets in the future. At the date of this report, the Board of Directors of the SICAV continues to monitor the evolving situation and its impact on the financial position of the Investment Company and any of its compartment.

Notes to the financial statements as at December 31, 2023 (continued)
