What is this product?

Type	The product is an investment fund in the form of a fonds commun de placement (FCP) pursuant to Part I of the Luxembourg Law of 17 December 2010 on undertakings for collective investment ("Law of 2010") and pursuant to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities.
Term	The term of the Fund is unlimited, so there is no maturity date. The Fund may be dissolved and liquidated under the specific circumstances set out in the Management Regulations.
Objectives	The Fund is actively managed. The investment objective of the Fund is to achieve the greatest possible capital appreciation. In order to achieve this aim, at least 51% of the fund's assets is invested in Micro Cap shares of European issuers. European issuers are those whose head office, main stock exchange or business operations are in Europe, i.e. the country of risk is Europe. The fund invests primarily in high-growth, small-sized companies (Micro Caps) with a market capitalisation of up to EUR 1 billion. The fund aims to outperform its benchmark MSCI Europe Micro Cap Index. A maximum of 10% of the net fund assets may be invested in contingent convertibles. A maximum of 20% of the net assets may be invested in interest-bearing securities. A maximum of 5% of net fund assets may be invested in real estate investment trusts (REITs) which are security-grade. In accordance with Article 41(1)(e) of the Law of 17 December 2010, a maximum of 10% of the net fund assets may be invested in target funds (UCITS and UCIs). The fund may perform derivative trades in order to hedge positions or to increase its returns. The benchmark for the fund is: 100% MSCI Europe Micro Cap NR (EUR). The benchmark index for the fund is determined by the Manufacturer and may be changed if necessary. The fund does not aim to reproduce the benchmark. The portfolio manager may invest at their own discretion in securities or industries not included in the benchmark in order to capitalise on specific investment opportunities. The investment strategy will restrict the extent to which the portfolio holdings may deviate from the benchmark. This deviation may be material. Income shall remain in the fund (or: in this unit class) and shall increase the value of the units. In case of a conversion of the shares from one share class of the fund into another share class of this fund no additional charge will be levied. Depositary of the fund is State Street Bank International GmbH, Luxembourg Branch. The prospectus and current reports, the current unit prices and further information about the Fund or further unit classes of the Fund can be found free of charge in German language on our homepage https://fondsfinder.universal-investment.com .
Intended retail investor	The fund is designed for investors who are capable of assessing the risks and value of the investment. The investor must be prepared and able to accept significant fluctuations in the value of the shares, and the potential of a significant loss of capital. The assessment of the Manufacturer should not be considered investment advice; instead, it is intended to provide the investor with an initial point of reference for determining whether the fund is appropriate for their investing experience, risk tolerance and investment horizon.

What are the risks and what could I get in return?

Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you. If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average, and best performance of Berenberg European Micro Cap M/ 100% MSCI Europe Micro Cap NR (EUR) over the last 12 years. Markets could develop very differently in the future.

Recommended holding period: 7 Years

Example Investment: 10,000 EUR

		<u>If you exit after 1 year</u>	<u>If you exit after 7 years</u>
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	1,648 EUR	1,061 EUR
	Average return each year	-83.52%	-27.42%
Unfavourable	What you might get back after costs	6,280 EUR	6,543 EUR
	Average return each year	-37.20%	-5.88%
Moderate	What you might get back after costs	11,063 EUR	21,897 EUR
	Average return each year	10.63%	11.85%
Favourable	What you might get back after costs	19,556 EUR	34,284 EUR
	Average return each year	95.56%	19.25%

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario was based on an investment between 12/2021 and 01/2024. The moderate scenario was based on an investment between 08/2012 and 08/2019. The favourable scenario was based on an investment between 12/2014 and 12/2021.

What happens if the Manufacturer is unable to pay out?

The failure of the Manufacturer will have no direct impact on your payment, since statutory regulations required that, if the Manufacturer becomes insolvent, the fund does not become part of the insolvency assets, but rather remains separate.

What are the costs?

The person selling you this product or advising you on it may charge you other costs. If this is the case, this person will inform you of these costs (also free of charge in paper form) and explain how these costs will affect your investment.

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- 10,000 EUR is invested.

	If you exit after 1 year	If you exit after 7 years
Total costs	257 EUR	2,581 EUR
Annual cost impact (*)	2.6%	2.6%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 14.4% before costs and 11.8% after costs.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. Due to legal requirements, we are obliged to show the percentage figures with only one decimal place.

How long should I hold it and can I take my money out early?

Recommended holding period: 7 Years

This product does not have a mandatory holding period. The recommended holding period is based either on historical data or the Manufacturer's estimate regarding the average fluctuation in the unit value, which is to be expected for this product. If you, as an investor, have a shorter investment horizon, the risk is on average higher than at the time of redemption, the unit value of the product will be lower than when you invested. There are no redemption costs or fees. However, you may return the product in accordance with the procedures indicated in the Sales Prospectus.
