KEY
INFORMATION
DOCUMENT

What is this product?

Type: Shares of a Sub-Fund of CPR Invest, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: The Compartment's sustainable investment is focused on tackling climate change and aims to obtain a lower carbon intensity than its reference index or Investment universe by selecting investments as described below. The Compartment integrates Sustainability Factors in its investment process as outlined in more detail in section 4.9 "Overview of the Responsible Investment Policy" of the Prospectus.

The Compartment's objective is to outperform global equity markets over a long-term period (minimum of five years) by investing in international equities committed to limiting impact of climate change, while integrating Environmental, Social and Governance (E, S, and G – or, when taken together, ESG) criteria in the investment process.

The investment strategy of the Compartment aims to select securities of companies of any countries, sectors, and any capitalization.

Each sector is analysed and securities are selected based on the fund manager's investment convictions. The final portfolio consist of companies offering the best financial and non-financial prospects.

In order to select companies that are in the best position to tackle climate change, the Management Company relies on CDP's data.

CDP is a provider specialised in environment-related information.

Companies in the investment universe are analysed from a climate perspective so as to select those that are most virtuous according to the CDP's assessment standards.

The investment universe is made up at least 90% of companies with a CDP score.

At least, 90% of portfolio stocks are rated by the CDP and have an ESG score.

The Management Company integrates an additional sustainable approach by analyzing companies that have already been selected on the basis of its internal ESG analysis methodology an excluding those based on the following :

- worst overall ESG scores ;
- worst Environment and Governance scores ;
- worst scores on Environmental sub-criteria ;
- high ESG controversies.

Depending on the improvement of data availability and consistency, the Management Company may use additional data it considers to fine tune the way it identifies companies that are in the best position to tackle climate change.

The Management Company undertakes to reduce the investment universe by at least 20% by excluding companies with the worst CDP climate scores and those excluded from its own internal ESG analysis methodology.

The investment process implemented aims to build a portfolio in line with the Paris Agreement 1.5° temperature goal and whose carbon footprint will be lower compared to the MSCI All Country World Index (MSCI ACWI) Net Return Index which is representative of its investment universe. The Management Company has set up a mechanism that offsets the residual carbon footprint of the compartment through the use of Verified Emission Reduction units ('VERs') that finance projects which decrease or avoid CO2 emissions. For further information, please refer to the prospectus.

The carbon footprint reduction policy and socially responsible investment policy (objectives, criteria, ratings) are further detailed and available on the Company website ('SRI transparency code' of the Compartment).

The best-in-class approach does not exclude any sector of activity in principle. All economic sectors are therefore represented in this approach and the Compartment may therefore be exposed to some controversial sectors.

The Compartment is invested for at least 75% of its assets in equity and equity equivalent securities of any country without constraints of capitalization. Among this proportion of 75% of its assets, the Compartment may invest in China A shares via Stock Connect within a maximum of 25% of its assets.

Derivative instruments may be used by the Compartment for hedging, arbitrage, exposure purposes and/or efficient portfolio management.

The Compartment is actively managed. The Compartment may use a Benchmark a posteriori as an indicator for assessing the Compartment's performance and, as regards the performance fee benchmark used by relevant share classes, for calculating the performance fees. There are no constraints relative to any such Benchmark restraining portfolio construction.

The Compartment is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period and who are prepared to take on a high level of risk to their original capital.

Redemption and Dealing: Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the CPR Invest prospectus.

Distribution Policy: As this is a non-distributing share class, investment income is reinvested.

More Information: You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: CPR Asset Management at 91-93, boulevard Pasteur – CS 61595 – 75730 Paris Cedex 15. The Net Asset Value of the Sub-Fund is available on www.cpr-am.com.

Depositary: CACEIS Bank, Luxembourg Branch.

What are the risks and what could I get in return?

RISK INDICATOR

We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you. Additional risks: Market liquidity risk could amplify the variation of product performances.

This product does not include any protection from future market performance so you could lose some or all of your investment. Beside the risks included in the risk indicator, other risks may affect the Sub-Fund's performance. Please refer to the CPR Invest prospectus.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

PERFORMANCE SCENARIOS

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Sub-Fund over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

Recommended holding period : greater than 5 years Investment GBP 10,000			
Scenarios		If you exit after	
		1 year	greater than 5 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress Scenario	What you might get back after costs	£1,700	£1,480
	Average return each year	-83.0%	-31.8%
Unfavourable Scenario	What you might get back after costs	£8,810	£9,570
	Average return each year	-11.9%	-0.9%
Moderate Scenario	What you might get back after costs	£10,340	£15,420
	Average return each year	3.4%	9.0%
Favourable Scenario	What you might get back after costs	£13,040	£18,000
	Average return each year	30.4%	12.5%

The figures shown include all the costs of the product itself, but may or may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

This type of scenario occurred for an investment using a suitable proxy.

Favourable scenario: this type of scenario occurred for an investment between 29/04/2016 and 30/04/2021.

Moderate scenario: this type of scenario occurred for an investment between 28/11/2014 and 29/11/2019

Unfavourable scenario: this type of scenario occurred for an investment between 31/12/2021 and 14/09/2023 .

What happens if CPR Asset Management is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of CPR Invest. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- GBP 10,000 is invested.

COSTS OVER TIME

Scenarios	Investment GBP 10,000	
	1 year	If you exit after greater than 5 years*
Total Costs	£605	£1,374
Annual Cost Impact**	6.1%	2.3%

* Recommended holding period.

** This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.39% before costs and 9.05% after costs.

These figures include the maximum distribution fee that the person selling you the product may charge (5.00% of amount invested / 500 GBP). This person will inform you of the actual distribution fee.

If you are invested in this product as part of an insurance contract, the costs shown do not include additional costs that you could potentially bear.

COMPOSITION OF COSTS

	One-off costs upon entry or exit	If you exit after 1 year
Entry costs	This includes distribution costs of 5.00% of amount invested. This is the most you will be charged. The person selling you the product will inform you of the actual charge.	Up to 500 GBP
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	0 GBP
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.85% of the value of your investment per year. This percentage is an estimate.	80.66 GBP
Transaction costs	0.26% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	24.62 GBP
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	0.00 GBP

How long should I hold it and can I take money out early?

Recommended holding period: greater than 5 years is based on our assessment of the risk and reward characteristics and costs of the Sub-Fund.

This product is designed for medium-term investment; you should be prepared to stay invested for at least 5 years. You can redeem your investment at any time, or hold the investment longer.

Order schedule: Orders to redeem shares must be received before 14:00 Luxembourg time on the Valuation Day. Please refer to the CPR Invest Prospectus for further details regarding redemptions.

You may exchange shares of the Sub-Fund for shares of other sub-funds of CPR Invest in accordance with the CPR Invest prospectus.

How can I complain?

If you have any complaints, you may:

- Mail CPR Asset Management at 91-93 boulevard Pasteur, 75015 Paris, France
- E-mail to client.servicing@cpr-am.com

In the case of a complaint you must clearly indicate your contact details (name, address, phone number or email address) and provide a brief explanation of your complaint. More information is available on our website www.cpr-am.com.

If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.
