Dear Investors,

Dr Jens Ehrhardt Group, which is based in Pullach, near Munich, has over 40 years' experience in the asset management industry and today ranks as one of the leading external asset managers in the German-speaking countries.

Personalised wealth management in individual securities (EUR 500,000 upwards) and investment funds (EUR 150,000 upwards) is complemented by standardised fund-based portfolio management services. Besides pure retail business, the team of external analysts provides advice on a range of retail and special funds for domestic and foreign banks, insurers, distributors and industrial firms.

Dr. Jens Ehrhardt Group issued Germany's first non-bank asset manager equity fund, the first equity fund with no initial charge and the first investor-friendly equity fund with discount broker fees. To maintain its quality standards and ensure the provision of long-term investment management for its clients, Dr Jens Ehrhardt Group teamed up with DZ PRIVATBANK S.A. to set up its own fund management business – DJE Investment S.A. – in Luxembourg at the end of 2002.

NOTES TO THE SEMI-ANNUAL REPORT AS AT 30 JUNE 2023

1. GENERAL

The DJE investment fund is managed by DJE Investment SA in accordance with the fund's management regulations. The management regulations entered into force for the first time on 19 December 2002 and were published in the *"Mémorial, Recueil des Sociétés et Associations"*, the official gazette of the Grand Duchy of Luxembourg ("Mémorial"), on 15 January 2003. On 1 June 2016, the Mémorial was replaced by the new information platform *"Recueil Electronique des Sociétés et Associations"* (RESA) of the Trade and Companies Register in Luxembourg. The management regulations were last amended on 2 January 2023 and published on the RESA.

The fund described is a Luxembourg investment fund (fonds commun de placement) pursuant to Part I of the Luxembourg law of 17 December 2010 on undertakings for collective investment ("Law of 17 December 2010"), as amended. It was set up for an indefinite period in the form of an umbrella fund consisting of one or more sub-funds.

The Management Company, DJE Investment S.A., was established as a public limited company under the laws of the Grand Duchy of Luxembourg on 19 December 2002 for an indefinite period. The articles of association of the Management Company were published in the Mémorial on 24 January 2003. The most recent amendment of the Articles of Association took effect on 11 September 2020 and was published on the RESA. The Management Company is registered in the Trade and Companies Register in Luxembourg under the registration no. R.C.S. Luxembourg B 90 412. The financial year of the Management Company ends on 31 December of each year.

As at 30 June 2023, DJE consisted of the sub-funds DJE – Agrar & Ernährung, DJE – Asien, DJE – Concept, DJE – Dividende & Substanz, DJE – Europa, DJE – Gold & Ressourcen, DJE – Mittelstand & Innovation, DJE – Multi Asset & Trends, DJE – Renten Global, DJE – Short Term Bond, DJE – Umwelt & Werte and DJE – Zins Dividende.

2. MAIN ACCOUNTING AND VALUATION PRINCIPLES

Responsibility for preparing this report in accordance with the applicable Luxembourg statutory provisions and regulations relating to the preparation and presentation of reports lies with the Board of Directors of the Management Company.

1. The fund's net assets are denominated in euros ("reference currency").

2. The value of a unit ("net unit value") is denominated in the currency ("sub-fund currency") specified in the relevant appendix to the prospectus, unless a currency other than the sub-fund currency is specified for any other unit classes ("unit class currency") in the relevant appendix to the prospectus.

3. The net unit value is calculated by the Management Company or one of its agents, under the supervision of the Depository, on each bank business day in Luxembourg except 24 and 31 December of a particular year ("valuation day") and is rounded to two decimal places. The Management Company may make different arrangements for the individual subfunds, while taking into account that the unit value must be calculated at least twice a month.

However, the Management Company may decide to calculate the unit value on 24 and 31 December of a particular year, without such net asset value calculations constituting calculations of the unit value on a valuation day within the meaning of sentence 1 (above) of this section, section 3. Consequently, investors may not request any issue, redemption and/or exchange of units on the basis of a unit value calculated on 24 December and/or 31 December of a particular year.

4. To calculate the net unit value, the value of the assets belonging to the sub-fund less the liabilities of the relevant sub-fund ("net assets of the sub-fund") is calculated on each valuation day and divided by the number of units of the relevant sub-fund outstanding on the valuation day.

5. Insofar as information on the total assets of the fund must be provided in the annual and semi-annual reports as well as in other financial statistics for legal reasons or according to the rules stated in the Management Regulations, the assets of the respective sub-fund shall be converted into the reference currency. The net assets of the respective sub-fund are calculated in accordance with the following principles:

- a) Securities officially listed on a stock exchange are valued using the latest available price. If a security is listed on several exchanges, the latest available price on the exchange that is the primary market for this security is used.
- b) Securities that are not listed on an official stock exchange but are traded on regulated market are valued at a price no lower than the bid price and no higher than the offer price at the time of the valuation and which the Management Company considers the best possible price at which the securities can be sold.

- c) OTC derivatives are valued on a daily basis using a verifiable valuation method determined by the Management Company.
- d) UCITS or other undertakings for collective investment are valued at the latest available redemption price. If the redemption of investment fund units is suspended or no redemption prices are determined, these units as well as all other assets will be valued at their market value, as determined by the Management Company in good faith and on the basis of generally recognised valuation principles that are verifiable by the auditors.
- e) If the relevant prices are not in line with the market and if no prices have been set for securities other than those mentioned under (a) and (b), these securities as well as the other assets permitted by law will be valued at their market value as determined by the Management Company in good faith on the basis of the probable sale price.
- f) Liquid assets are valued at their nominal value plus interest.
- g) The market value of securities and other investments denominated in a currency other than the relevant sub-fund currency will be converted into the relevant sub-fund currency at the most recent foreign exchange mid-rate. Gains or losses resulting from currency transactions are added or deducted as appropriate.

A sub-fund's net assets will be reduced by any dividends paid to investors of the sub-fund.

6. The net unit value of each sub-fund is calculated separately based on the criteria set out above. However, if different unit classes have been created within a sub-fund, the net asset value is calculated separately for each unit class in accordance with the criteria set out above. Assets are always compiled and classified individually for each sub-fund.

For accounting reasons, the tables published in this report may contain rounding discrepancies of +/- one unit (currency, per cent, etc.).

3. TAXATION

TAXATION OF THE INVESTMENT FUND

Neither the income nor earnings of the fund are subject to tax in the Grand Duchy of Luxembourg. The fund's assets are

subject only to the *taxe d'abonnement* in the Grand Duchy of Luxembourg, which currently amounts to 0.05% p.a. A reduced *taxe d'abonnement* of 0.01% p.a. applies to: (i) sub-funds or unit classes whose units are issued exclusively to institutional investors as defined in Article 174 of the Law of 17 December 2010; and (ii) sub-funds whose sole purpose is to invest in money market instruments and/or fixed-term deposits at credit institutions. The *taxe d'abonnement* is payable quarterly on the fund's net assets reported at the end of each quarter. The rate of the *taxe d'abonnement* for a sub-fund or unit class is mentioned in the respective annex to the Sales Prospectus. Fund assets are exempt from the *taxe d'abonnement* when invested in other Luxembourg investment funds that already pay the *taxe d'abonnement*.

Income received by the fund (in particular interest and dividends) may be subject to a withholding tax or a tax on investment income in the countries in which the fund's assets are invested. The fund may also be subject to a tax on realised or unrealised capital gains on its investments in the source country.

Distributions by the fund, liquidation gains and capital gains are not subject to withholding tax in the Grand Duchy of Luxembourg. Neither the Depositary nor the Management Company is obliged to obtain tax certificates.

TAXATION OF INCOME FROM UNITS OF THE INVESTMENT FUND HELD BY THE INVESTOR

Investors who are not or were not resident for tax purposes in the Grand Duchy of Luxembourg and who do not maintain a permanent establishment or representative there do not have to pay income tax in Luxembourg on their income or capital gains from units in the fund.

Natural persons who are resident for tax purposes in the Grand Duchy of Luxembourg are subject to progressive Luxembourg income tax.

Corporations that are resident for tax purposes in the Grand Duchy of Luxembourg are subject to corporation tax on income from fund units.

Existing and prospective unitholders are advised to seek information and professional advice from third parties, specifically a tax advisor, on the laws and regulations applicable to the taxation of fund assets and to the purchase, ownership, redemption or other disposals of units.

As a result, the procedure required for an exemption from German corporation tax pursuant to §§ 8 to 12 of the German Investment Tax Act for the benefit of unitholders that benefit from tax relief or a tax exemption is not followed. Existing and prospective unitholders should be aware of this and should discuss any implications of the failure to follow this procedure with their tax advisor.

4. USE OF INCOME

In accordance with the prospectus, the Management Company may distribute all or part of the fund's income to investors in the fund or reinvest this income in the fund.

5. INFORMATION ON FEES AND EXPENSES

Information on management, depositary and fund management fees can be found in the current prospectus.

6. CURRENT ACCOUNTS (CASH AT BANKS AND/OR LIABILITIES TO BANKS) OF THE SUB-FUND

All of the sub-fund's current accounts (including those in different currencies) that legally and effectively form only part of a single current account are designated as a single current account in the net assets of the sub-fund. Current accounts in foreign currencies, if applicable, are converted into the sub-fund currency. The conditions of the relevant individual accounts are used as the basis for the interest calculation.

7. STATEMENT OF CHANGES IN THE SECURITIES PORTFOLIO AND DERIVATIVES

A statement detailing all purchases and sales in securities, promissory note loans and derivatives carried out during the reporting period, including changes without inflows/outflows, if they are not included in the statement of assets and liabilities, is available free of charge upon request at the registered office of the Management Company.

8. PERFORMANCE FEE

A performance fee was not accrued for any of the sub-funds of the fund DJE during the reporting period.

9. SIGNIFICANT EVENTS DURING THE REPORTING PERIOD

With effect from 2 January 2023, the prospectus has been revised and updated. The following points have been updated:

- Implementation of the requirements laid down by Regulation (EU) 2022/1288 in conjunction with Regulation (EU) 2019/2088 with effect from 2 January 2023

UKRAINE CONFLICT

In particular European stock markets posted heavy losses and experienced rising volatility following the measures adopted around the world as a result of the invasion of Ukraine by Russian troops at the end of February 2022. Financial markets, and also the global economy as a whole, are facing a medium-term future characterised above all by uncertainty. In view of the uncertainty, the actual or potential medium to long-term implications of the Russia/Ukraine conflict on the global economy, the economic cycle, individual markets and sectors as well as social structures could not be conclusively identified at the time this report was compiled. Against this backdrop, it is not possible to anticipate what effect the ongoing conflict will have on the fund's assets.

The Management Company has put in place appropriate monitoring measures and controls in order to assess any effects on the fund in good time and to protect investor interests as far as possible. At the time this report was compiled, as far as the fund's management company is aware there is no indication that the fund will be unable to continue as a going concern, and they have not been affected by any significant valuation or liquidity problems. In addition, there were no other significant changes or other significant events in the reporting period.

10. SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

There were no significant changes or other significant events after the reporting period.

11. TRANSPARENCY OF SECURITIES FINANCING TRANSACTIONS AND OF REUSE

DJE Investment S.A., as a management company of undertakings for collective investment in transferable securities (UCITS) and as an alternative investment fund manager (AIFM), by definition comes under the scope of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 (SFTR).

The Management Company does not enter into any swaps, including total return swaps or other derivations with the same properties or securities financing transactions for the fund. Therefore, no disclosures within the meaning of Article 13 of the above-mentioned regulation are required to be made to investors in this report.

Details on the investment strategy and the financial instruments employed by the individual investment fund can be found in the current prospectus for the fund.
