General information

DNB FUND (the "Company") publishes an annual report drawn up as per December 31 and a semi-annual report as per June 30.

The annual report includes the accounts of the Company audited by an auditor. The semi-annual report includes the accounts of the Company, unaudited.

Both these reports can be sent free of charge to the Shareholders upon a written request. These reports are also available to Shareholders at the offices of the Company and establishments responsible for financial servicing.

The net asset value and issue and redemption prices of each Sub-Fund and of each Class are made public daily in Luxembourg at the offices of the Depositary Bank and the Management Company.

All amendments to the Articles are deposited with the Luxembourg companies' register. A notice regarding such notice is published in the "Recueil électronique des sociétés et associations" ("RESA").

At the same time, the text of the amendments are available for the inspection of Shareholders at the Depositary Bank and the registered office of the Company.

Amendments and notices to Shareholders may also be published in newspapers in the countries where the Shares are publicly sold.

A detailed schedule of changes in the investments for the reporting year is available free of charge upon request at the registered office of the Company.

Information about DNB Fund

Managers

DNB Fund (the "Company") has appointed Fund Partner Solutions (Europe) S.A. (the "Management Company") in replacement of DNB Asset Management S.A. as its designated Management Company in accordance with the Chapter 15 of the Law of December 17, 2010 ("UCI Law") pursuant to a Management Company services agreement dated of October 1, 2023. Under the Management Company Services Agreement, the Management Company provides investment management services, administrative agency corporate and domiciliary agency, registrar and transfer agency services and marketing, principal distribution and sales services to the Company, subject to the overall supervision and control of the Board of Directors of DNB Fund (the "Board of Directors"). Fund Partner Solutions (Europe) S.A. has entered into a delegation agreement with DNB Asset Management AS regarding the investment management of DNB Fund.

Depositary bank and Central Administration Agent

The Company has appointed Bank Pictet & Cie (Europe) AG, succursale de Luxembourg as Depositary Bank. The depositary bank is responsible for the receipt, safe-keeping and administration of assets of the Company, as well as the collection of interest and dividends as further described in the UCI Law.

The Company has delegated the Central Administrative functions for the Company to FundPartner Solutions (Europe) S.A. The Central Administration Agent is responsible for the book-keeping, the calculation of the net asset value per share within any Sub-Fund as well as for the processing of issues, redemptions, conversions, cancellations and transfers of shares and the keeping of the register of Shareholders.

Tax regulations for the Company

The Company has no liability to tax in Luxembourg for capital gains, dividends or interest revenue. However, any Share Class reserved to retail investors is liable in Luxembourg to a subscription tax ("taxe d'abonnement") of 0.05% per annum of its net assets and for any Share Class reserved to institutional investors a taxe d'abonnement of 0.01% per annum of its net assets. In certain instances depending on the country of origin, the Company pays withholding tax on dividends received. However, Luxembourg does not impose a withholding tax on dividends paid from the Company to Shareholders.

Share value

The value of shares is calculated each working day as defined in the prospectus of the Company and is calculated based on the methodology described in the Notes to the Financial Statements at the relevant Sub-Fund's valuation point. The share value can be found in selected newspapers as well as on DNB Asset Management S.A.'s website.

Information about DNB Fund (continued)

Dividends

The Board of Directors will decide from time to time if and to what extent dividends should be paid to Shareholders of "B" shares (distribution share) of a Sub-Fund out of the net results of the operations attributable to the "B" shares of that specific Sub-Fund. Such dividends will be paid to holders of "B" shares as soon as practicable after the decision. The "A" and "C" shares are not entitled to the dividend payments.

Charges

Please refer to the Statement of Operations of the respective Sub-Fund and to the notes 4 and 5 in the Notes to the Financial Statements.

Subscription and redemption of shares

The issue and redemption of shares take place daily, or otherwise, as provided for in each Sub-Fund, and if this day is not a business day in Luxembourg or in a market which is the principal market for a significant part (defined as 25% or more) of a Sub-Fund's investments, on the immediately following business day which is not a bank holiday in Luxembourg or in a market affecting a Sub-Fund.

Purchase of shares

Subscription orders can be placed through a number of financial institutions in the countries where the Company is registered for public distribution.

For any further information, please contact Fund Partner Solutions (Europe) S.A.

Exchange and redemption of shares

Shareholders who have instructed Fund Partner Solutions (Europe) S.A. to hold their shares should apply in writing or electronically to Fund Partner Solutions (Europe) S.A. with their instructions to exchange and redeem their shares.

Information

DNB Fund issues an audited annual report and an unaudited semi-annual report which are freely available. In addition, the net asset values, performance figures and other useful information can be found on Fund Partner Solutions (Europe) S.A.'s website.

NOTE 1 GENERAL

DNB FUND (the "Company") is an open-ended Undertaking for Collective Investment in Transferable Securities ("UCITS") organized as a public limited company ("société anonyme") in the legal form of an investment company with variable capital ("société d'investissement à capital variable") subject to part I of the law of December 17, 2010 concerning undertakings for collective investments (the "UCI Law"). The Company qualifies as a UCITS under the Directive 2009/65/EC of July 13, 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities, as amended by Directive 2014/91/EU of the European Parliament and of the Council of July 23, 2014 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities as regards depositary functions, remuneration policies and sanctions, as amended from time to time.

The Company was converted from a common fund ("fonds commun de placement") into an investment company with variable capital ("société d'investissement à capital variable") through a resolution of the unitholders dated October 2, 2017 and is registered with the Trade and Companies Register of Luxembourg ("Registre de Commerce et des Sociétés à Luxembourg" - the "RCS") under number 218389. Its Articles were published in the Recueil Electronique des Sociétés et Associations (the "RESA") on October 10, 2017.

The initial capital of the Company amounted to EUR 30,000 and thereafter will correspond to the total net asset value of the Company. The minimum capital of the Company amounts to EUR 1.250.000.

Until September 30, 2023, the Management Company of the company was DNB Asset Management S.A., a Luxembourg public limited company ("société anonyme") authorised under chapter 15 of the UCI Law as its management company.

Since October 1, 2023, the Company has appointed Fund Partner Solutions (Europe) S.A., a Luxembourg public limited company ("société anonyme") authorised under chapter 15 of the UCI Law as its management company.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) General

The financial statements are prepared in accordance with generally accepted accounting principles and with the legal and regulatory reporting requirements applicable in Luxembourg relating to Undertakings for Collective Investment.

b) Foreign exchange translation for each Sub-Fund

Cash at banks, other net assets and liabilities as well as the market value of the investment portfolio expressed in currencies other than the base currency of the Sub-Fund are converted into the base currency of the Sub-Fund at the exchange rate prevailing at the end of the period.

Income and expenses in currencies other than the base currency of the Sub-Fund are converted into the base currency of the Sub-Fund at the exchange rate prevailing at the transaction date.

Notes to the financial statements as at June 30, 2024 (continued)

Net realised gain/loss and change in net unrealised appreciations and depreciations on foreign exchange are included in the statement of operations and changes in net assets.

c) Presentation of financial statements

The reference currency of the Company is the Euro ("EUR").

The accounting year of the Company closes on December 31 of each year.

d) Combined financial statements of the Company

The combined financial statements of the Company are expressed in EUR and correspond to the sum of items in the financial statements of each Sub-Fund, converted into EUR at the exchange rate prevailing at the closing date.

e) Valuation of assets of each Sub-Fund

- 1) The value of any cash on hand or on deposit, bills and demand notes payable and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- 2) The value of assets which are listed or dealt in on any stock exchange is based on the last available price on the stock exchange which is normally the principal market for such assets.
- 3) The value of assets dealt in on any other regulated market is based on the last available price.
- 4) In the event that any assets are not listed or dealt in on any stock exchange or on any other regulated market, or if, with respect to assets listed or dealt in on any stock exchange, or other regulated market as aforesaid, the price as determined pursuant to sub-paragraph (b) or (c) is not representative of the fair market value of the relevant assets, the value of such assets is based on the reasonably foreseeable sales price determined prudently and in good faith.
- 5) The liquidating value of futures, forward or options contracts not traded on exchanges or on other regulated markets means their net liquidating value determined, pursuant to the policies established by the Board of Directors of the Company, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward or options contracts traded on exchanges or on other regulated markets is based upon the last available settlement prices of these contracts on exchanges and regulated markets on which the particular futures, forward or options contracts are traded by the Company provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract is such value as the Board of Directors of the Company may deem fair and reasonable.
- 6) The value of money market instruments not listed or dealt in on any stock exchange or any other regulated market and with remaining maturity of less than 12 months and of more than 90 days is deemed to be the nominal value thereof, increased by any interest accrued thereon. Money market instruments with a remaining maturity of 90 days or less are valued by the amortized cost method, which approximates market value.

Notes to the financial statements as at June 30, 2024 (continued)

- 7) Interest rate swaps are valued at their market value established by reference to the applicable interest rate curve.
- 8) Units or shares of open-ended UCI are valued at their last determined and available net asset value or, if such price is not representative of the fair market value of such assets, then the price is determined by the Board of Directors of the Company on a fair and equitable basis. Units or shares of a closed-ended UCI are valued at their last available stock market value.
- 9) All other securities and other assets are valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors of the Company or a committee appointed to that effect by the Board of Directors of the Company.

f) Net realised gain/loss on sales of investments

The net realised gain/loss on sales of investments is calculated on the basis of the weighted average cost of the investments sold.

g) Cost of investment securities

Cost of investment securities in currencies other than the currency of the Sub-Fund is converted into the currency of the Sub-Fund at the exchange rate applicable at purchase date.

h) Income

Dividends are recorded net of withholding tax at ex-date. Interest is recorded on an accrual basis.

i) Recognition of futures contracts and contracts for difference

At the time of each NAV calculation, the margin call on futures contracts and contracts for difference is recorded directly in the realised capital gains and losses accounts relating to futures contracts and contracts for difference by the bank account counterparty.

j) Accounting of futures contracts and contracts for difference

Unrealised appreciations/depreciations on futures contracts and contracts for difference are settled daily through the reception/payment of a cash amount corresponding to the daily increase/decrease of the market value of each opened futures contract and contract for difference. Such cash amount is recorded under the caption "Cash at banks" in the statement of net assets and the corresponding amount is recorded under the caption "net realised gain/loss on futures contracts and CFD" in the statement of operations and changes in net assets.

k) Equity swaps

Swaps are valued according to the mark-to-market method and verified against the value from the counterparty. The Company accrues interim payments on swap contracts on a daily basis. At the end of each month, interim payments are settled in cash. The payment flows are netted against each other, with the difference being paid by one party to the other. The net amount is recorded as realised result on swaps and is included in the account "Net realised gain/loss on swaps" in the statement of operations.

Notes to the financial statements as at June 30, 2024 (continued)

I) Transaction fees

The transaction fees represent the costs incurred by each Sub-Fund in connection with purchases and sales of investments.

Transaction fees include brokerage fees as well as bank commissions, tax, depositary fees and other transaction fees, and are included in the statement of operations and changes in net assets.

m) Formation expenses

Formation expenses are amortised over a maximum period of five years.

NOTE 3 "TAXE D'ABONNEMENT"

Under legislation and regulations currently prevailing in Luxembourg, the Company is not subject to any tax on income. The Company is subject to a subscription tax ("taxe d'abonnement") on its net assets at an annual rate of 0.05% (except for the Share Classes which are specifically dedicated to institutional investors, which benefit from the reduced rate of 0.01% per annum) payable quarterly and calculated on the total net asset value of each Class at the end of the relevant quarter.

In certain instances depending on the country of origin, the Company pays withholding tax on dividends received. However, Luxembourg does not impose a withholding tax on dividends paid from the Company to Shareholders.

NOTE 4 MANAGEMENT FEES

In payment of its services, the Management Company receives a management fee computed and reserved on each valuation day based on the value of the net assets of each Sub-Fund and paid out on a monthly basis. The management fees include all fees paid to the Administration Agent, the Depositary Bank and the Investment Manager.

NOTE 5 PERFORMANCE FEES

A performance fee calculation is carried out for each class and accrued on each valuation day, i.e. it is included in the net asset value of the Sub-Fund, based on the cumulative net excess return for that particular Share Class i.e. after fees and expenses and above the benchmark hurdle. Only where there is a positive cumulative net excess return at the accounting year-end or the end of the Shareholder holding period (if shorter) will a performance fee become payable to the Management Company.

The performance fee is accrued on each valuation day and deducted as an expense from the net asset value of the relevant class. At the end of the accounting year, any accrued performance fee will crystallise and become payable to the Management Company. Accrued performance fee payable to the Management Company at the end of the accounting year may not exceed 5% of the accounting year average net asset value of the relevant class.

The Sub-Fund performance is determined on the basis of the change in NAV per Share after the deduction of the fixed management fee.

Performance fee applicable to equity Sub-Funds

The performance fee calculation is subject to a benchmark hurdle, i.e. the highest cumulative net excess return that a Share Class has had since its inception/reset. This benchmark hurdle must be exceeded before a performance fee is accrued. A performance fee could therefore be paid even if the net asset value per share has decreased, as the performance fee is calculated based on relative return, and not absolute return.

Where there is a positive cumulative net excess return at the end of the accounting year and a performance fee becomes payable to the Management Company, the new benchmark hurdle will be the cumulative net excess return on the last business day of the accounting year. However where the class has underperformed over the full accounting year, no performance fee will be charged and the benchmark hurdle will remain unchanged from the prior accounting year.

Notes to the financial statements as at June 30, 2024 (continued)

Where the relevant class underperforms the benchmark hurdle, any underperformance is tracked and has to be recovered by any subsequent outperformance before a performance fee can be accrued. Where there is already a performance fee accrual during the accounting year, the accrual will be reduced to reflect any subsequent underperformance, although this will not be reduced below zero. However, where there is outperformance over the full accounting year which results in a performance fee being charged, and this is followed by underperformance in subsequent accounting years, there will be no refund of prior year performance fees.

Performance fee applicable to alternative investment Sub-Funds and multi-asset Sub-Funds

The performance fee calculation is subject to a high water mark, i.e. the highest cumulative net excess return that a share class has had since its inception/reset, which must be exceeded before a performance fee is accrued. The high water mark for each class will initially be set equal to the value of the share class at launch.

In addition to the high water mark, the performance fee calculation is also subject to a benchmark hurdle based on the reference benchmark rate. This benchmark hurdle is applied to the high water mark to calculate an adjusted high water mark, which must be exceeded before a performance fee is accrued.

Where there is a positive cumulative net excess return at the end of the accounting year and a performance fee becomes payable to the Management Company, the high water mark will be reset to the net asset value per share on the last business day of the accounting year. However where the class has underperformed over the full accounting year, no performance fee will be charged and the high water mark will remain unchanged from the prior accounting year.

Where the relevant class underperforms the adjusted high water mark, any underperformance is tracked and has to be recovered by any subsequent outperformance before a performance fee can be accrued. Where there is already a performance fee accrual during the accounting year, the accrual will be reduced to reflect any subsequent underperformance, although this will not be reduced below zero. However, where there is outperformance over the full accounting year which results in a performance fee being charged, and this is followed by underperformance in subsequent accounting years, there will be no refund of prior year performance fees.

Until June 4, 2024, the Investment Manager is entitled to receive performance fees in regards to the below Sub-Funds. It amounts to 20% of the excess yield in relation to the Sub-Fund's benchmark index.

Since June 5, 2024, the Investment Manager is entitled to receive performance fees in regards to the below Sub-Funds. It amounts to 10% of the excess yield in relation to the Sub-Fund's benchmark index, except for the Sub-Fund DNB FUND - TMT LONG/SHORT EQUITIES for which it amounts to 20% of the excess yield in relation to its benchmark index. The benchmarks for the Sub-Funds entitled to performance fees registered in Switzerland are the following:

The other Sub-Funds did not pay any performance fees during the period.

NOTE 6 OTHER FEES PAYABLE

As at June 30, 2024, the other fees payable include mainly audit fees.

NOTE 7 SUBSCRIPTIONS AND REDEMPTIONS

a) Subscriptions

For each Sub-Fund, the Company issues different classes of shares ("Share Classes"): either capitalization shares ("A" and "A (N)" shares) that capitalize income or distribution shares ("B" and "B (N)" shares) that may distribute a dividend to their Shareholders.

A further distinction is made regarding the potential investors in such shares. The shares may either be distributed to retail investors (Share Classes "Retail A", "Retail A (N)", "Retail B" and "Retail B (N)") or institutional investors (Share Classes "Institutional A").

Notes to the financial statements as at June 30, 2024 (continued)

The issue price of shares in a Sub-Fund ("Issue Price") is equal to the net asset value of a share in that Sub-Fund, increased by an issue commission of maximum 5% of the subscribed amount (excluding Institutional Classes (if any)). This Issue Price includes all commissions payable to banks and financial institutions taking part in the placement of shares.

b) Redemptions

The redemption price of shares in a Sub-Fund is equal to their net asset value, no redemption fee is levied.

NOTE 8 SWING PRICING

A Sub-Fund may suffer dilution of the NAV per Share due to prospective Shareholders subscribing, or existing Shareholders redeeming, Shares in a Sub-Fund at a price that does not reflect the dealing, spreads and other costs that arise from the transactions undertaken by the Company to accommodate cash inflows or outflows. These costs may have an adverse effect on the value of a Sub-Fund (referred to as dilution) and therefore on Shareholders. In order to mitigate the impact of the costs of these transactions, the Board of Directors of the Company may adjust the NAV per Share upwards or downwards by a percentage estimated to reflect the actual prices and costs of the underlying transactions.

For the avoidance of doubt, the adjustment mechanism is applied on the capital activity at the level of the relevant Sub-Fund and does not address the specific circumstances of each individual transaction.

The Sub-Funds for which the swing pricing mechanism may be applied are the following:

- DNB FUND ASIAN MID CAP
- DNB FUND DISRUPTIVE OPPORTUNITIES
- DNB FUND FUTURE WAVES
- DNB FUND BRIGHTER FUTURE
- DNB FUND HEALTH CARE
- DNB FUND INDIA
- DNB FUND NORDIC EQUITIES
- DNB FUND NORDIC SMALL CAP
- DNB FUND PRIVATE EQUITY
- DNB FUND RENEWABLE ENERGY
- DNB FUND TECHNOLOGY
- DNB FUND BIOTECHNOLOGY
- DNB FUND TMT LONG/SHORT EQUITIES
- DNB FUND NORDIC HIGH YIELD
- DNB FUND NORDIC FLEXIBLE BONDS
- DNB FUND NORDIC INVESTMENT GRADE

The other Sub-Funds do not use the Swing Pricing mechanism.

Notes to the financial statements as at June 30, 2024 (continued)

Swing Pricing mechanism details:

Application threshold:

If on any valuation day, the aggregate net transactions in Shares of a Sub-Fund (ie. aggregate net subscriptions or redemptions) exceed a threshold which is pre-determined and periodically reviewed by the Board of Directors of the Company for each Sub-Fund (known as the "swing threshold"), the NAV per Share may be adjusted upwards or downwards to reflect respectively net inflows or net outflows.

Underlying swing factors:

The extent of the price adjustment is set by the Board of Directors of the Company to reflect dealing and other costs and may vary from Sub-Fund to Sub-Fund. In particular, the NAV per Share of the relevant Sub-Fund will be adjusted (upwards or downwards) by an amount which reflects (i) the estimated fiscal charges, (ii) dealing costs that may be incurred by the Sub-Fund and (iii) the estimated bid/offer spread of the assets in which the Sub-Fund invests. As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows than for net outflows.

Maximum swing factor:

Adjustments will however be limited to a maximum of 2% of the then applicable NAV (the "Swing Factor").

Categories of Shares:

The NAV of each category of Shares in a Sub-Fund is calculated separately but any dilution adjustment affect in percentage terms the NAV of each category in an identical manner.

No impact on performance fee:

Any performance fee is calculated on the basis of an unadjusted net asset value.

For the period ended June 30, 2024, DNB FUND - PRIVATE EQUITY and DNB FUND - NORDIC HIGH YIELD used the dilution levy mechanism.

Notes to the financial statements as at June 30, 2024 (continued)

NOTE 9 EXCHANGE RATE

The following exchange rate was applied for the conversion of the net assets of the Sub-Funds into EUR as at June 30, 2024:

EUR 1 = USD 1.07175050

Total Expense Ratio ("TER")

Pursuant to the "Guidelines on the calculation and disclosure of the total expense ratio (TER) of collective investment schemes" of May 16, 2008 (version of August 5, 2021) of the Asset Management Association Switzerland ("AMAS"), the Company is obliged to publish a TER for the latest 12-month period.

The TER is defined as the ratio between the total operating expenses (operating charges primarily consist of management fees, depositary fees, bank charges and interest, service fees, performance fees, taxes and duties) and the relevant sub-fund's / share class' average NAV (calculated on the basis of the daily average of the total net assets for the relevant period) expressed in its reference currency.

As much as the sub-fund invests more than 10% of its assets in other investment funds, a synthetic TER is calculated :

- by adding to the TER the sum of the TER of underlying funds weighted according to their share in the net assets of the related sub-fund at the reference date. If one of the target funds does not publish any TER, no synthetic TER will be calculated for this fraction of investment
- by subtracting the impact of the retrocession received calculated by dividing the amount
 of retrocessions by the average assets.

For the period from July 1, 2023 to June 30, 2024, the TER was:

Performance

The performance per share class was calculated by comparing the net asset value per share as at June 30, 2024 with the net asset value per share as at December 31, 2023.

The performance was calculated at the end of each period according to the "Guidelines on the calculation and publication of the performance data of collective investment schemes" of May 16, 2008 (version of August 5, 2021) of the Asset Management Association Switzerland ("AMAS").

The performance given is based on historical data, which is no guide to current or future performance. Commissions and fees levied for the issue or redemption of shares, as applicable, have not been taken into account in this performance calculation.

As at June 30, 2024, performances were the following:

Investors' rights against the Company

The Board of Directors of the Company draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Company if the investor is registered himself and in his own name in the shareholder's register of the Company. In case where an investor invests in the Company through an intermediary investing into the Company in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Company. Investors are recommended to take advice on their rights.
