

## KEY INVESTOR INFORMATION (KIID)

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## Active Allocation, a Sub-Fund of Eurizon Fund

Class Unit: **X EUR Accumulation (ISIN: LU1769712073)**

This Sub-Fund is managed by Eurizon Capital S.A., a company of Intesa Sanpaolo Group

### OBJECTIVES AND INVESTMENT POLICY

#### Objectives

The objective of the Investment Manager, Eurizon Capital SGR S.p. A., is to provide growth on the invested capital by maximizing the return of the international stock markets through a flexible exposure to the equity and bond international markets within defined risk constraints.

This Sub-Fund is managed through the use of a flexible strategic asset allocation model that regularly determines the allocation between different assets classes.

No guarantee is given with respect to the objective actually being reached.

#### Investment Policy

This Sub-Fund's net assets are mainly invested, directly or through derivatives financial instruments, in equity and equity-related instruments, as well as in debt and debt-related instruments issued by public authorities or private companies from any country.

Investments made in debt and debt-related instruments with a low quality rating ("non-investment grade"), at issue or issuer level, will not exceed 30% of the Sub-Fund's net assets. In any case, the Sub-Fund will not be invested in extremely speculative debt instruments.

**Your attention is called to the fact that this Sub-Fund may invests in financial instruments dealt in on the local and offshore Chinese markets and denominated in Renmimbi.**

On an ancillary basis, the Sub-Fund may hold any other instruments, such as but not limited to UCITS (up to 10%), contingent convertible bonds (up to 10%) and cash, including term deposits with credit institutions.

The Sub-Fund may use derivatives financial instruments aiming at hedging risks, ensuring efficient portfolio management and/or investing according to the Investment Policy. The use of derivatives financial instruments for investment purposes may amplify the up and down fluctuations of the Sub-Fund's Net Asset Value per Unit.

#### Redemption

You may sell your units on demand at any time. The redemption orders are executed on the basis of the Net Asset Value per Unit of the day when the request is received in Luxembourg before the dealing deadline. The Net Asset Value per Unit is calculated daily.

#### Distribution Policy

This Unit Class is not distributing dividends. Income from investments is reinvested.

Potentially lower reward

Potentially higher reward

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the sub-fund.
- The risk and reward category indicated is not guaranteed to remain unchanged and the categorisation may shift over time.
- The lowest category does not mean a risk free investment.

This Class of Unit is placed in the category 5 based on the historical annualized volatility of a model portfolio and considering the risk budget of the Sub-Fund.

This category reflects the nature of the portfolio of the Sub-Fund that may represent a combination of high and low risk investments.

Other materially relevant risks for this Sub-Fund that are not adequately captured in this synthetic indicator:

- credit risk: risk that the issuer of debt instruments fails to pay to the Sub-Fund interests and principal, even only in part.
- risk related to the use of financial derivatives: risk that the complex strategies implemented through the use of financial derivatives may result in significant losses.
