What is this product?

Type

This product is a Class of Share of the sub-fund Global Stars (the "Sub-Fund") which is part of Eurizon AM SICAV, an open-ended investment company in transferable securities ("SICAV") qualifying as a UCITS.

Term

There is no maturity date for this product. The product could be unilaterally closed or merged following notice to investors in the conditions led down in the Prospectus.

Objectives

The Sub-Fund is a balanced fund that aims to provide a capital growth over the long term. The Sub-Fund will mainly invest in eligible UCITS (mutual funds including ETFs) without constraints in relation to geographical areas and / or areas of investment.

The investment objective will be mainly achieved through the direct or indirect investment in the following financial instruments designed to gain exposure:

- UCITS (mutual funds including ETFs) and other monetary and bond financial instruments up to a maximum of 100% of total net assets;
- UCITS (mutual funds including ETFs) and other equity instruments up to a maximum of 50% of total net assets;
- Balanced and flexible UCITS (mutual funds including ETFs) up to a maximum of 50% of total net assets.

The Sub-Fund's net assets will be invested directly for at least 50% in eligible UCITS (including ETFs).

The Sub-Fund may also invest accessorially in other legally accepted instruments as described in Part III, Chapter III of the Prospectus.

The benchmark of the Sub-Fund is a combination of 10% ICE BofAML Euro Treasury Bill index (EUR), 10% ICE BofAML 1-3 Year Euro Government Index, 15% ICE BofAML Global Government Bond (EUR), 30% ICE BofAML Euro Large Cap Index, 15% EURO STOXX Index and 20% MSCI ACWI (previously MSCI AC World Index). The Sub-Fund is actively managed therefore the composition of the portfolio may differ from the benchmark. In respect to the benchmark, the degree of freedom of the specific investments that will be made, is of relevant type.

You may redeem shares on any Luxembourg banking day.

Distribution Policy This is a capitalisation class.

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity of Eurizon Capital S.A. to pay you.

This fund does not offer any form of capital protection against future negative market conditions and, as a consequence, you may lose part of or the entire amount originally invested.

If the fund is not able to pay you out what is due, you may lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product/a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between December 2021 and December 2022.

Moderate: this type of scenario occurred for an investment between April 2017 and April 2021.

Favourable: this type of scenario occurred for an investment between June 2013 and June 2017.

What happens if Eurizon Capital S.A. is unable to pay out?

If the fund is not able to pay you out what is due, you may lose your entire investment. No investor guarantee nor compensation scheme is foreseen in that eventuality. The fund is treated as a separate entity having its own assets which are distinct in all aspects from the assets of the Management company and the assets of each of the other investors in the fund, as well as from the assets of any other products managed by the Management Company. For obligations contracted on behalf of a specific product, the Management Company shall be liable exclusively for the assets of the concerned product. On the fund's assets, no actions of creditors of the Management Company or creditors acting on its interest, nor actions of creditors of the depositary or sub-depositary or creditors acting in the depositary or sub-depositary's interest, should be allowed. Actions of creditors of an investor in the fund are limited to the positions held in the fund by the concerned investor. The Management Company cannot, in any circumstances, use the assets of the fund for its own interests or those of third parties.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,

- 10,000 EUR is invested.

Example Investment 10,000 EUR	if you exit after 1 year	if you exit after 4 years (recommended holding period)
Total Costs	607 EUR	1,268 EUR
Annual cost impact*	6.3%	3.2%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 5.30% before costs and 2.08% after costs. We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
Entry costs	4.00% of the amount you pay in when entering this investment. This is the most you will be charged. The person selling you the product will inform you of the actual charge.	400 EUR
Exit costs	0.00% , we do not charge an exit fee for this product.	0 EUR
Ongoing costs taken each year		Annual cost impact if you exit after 1 year
Management fees and other administrative or operating costs	1.99% of the value of your investment per year. This is an estimate based on actual costs over the last year.	191 EUR
Transaction costs	0.03% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	3 EUR
Incidental costs taken under specific conditions		Annual cost impact if you exit after 1 year
Performance fees	0.14% The performance fee calculation is based on a comparison between the performance of the net asset value per share against the performance of the benchmark over the same period of time. The calculation period is extended until previous underperformance, if any, are clawed back, up to a maximum of 5 financial years on a rolling basis. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	13 EUR

How long should I hold it and can I take money out early?

Recommended holding period: 4 years

You may sell your shares on demand at any time. The redemption orders are executed on the basis of the Net Asset Value per Share of the day when the request is received in Luxembourg before the dealing deadline. The Net Asset Value per Share is calculated daily.
