What is this product?

Type

The product is a share class of the sub-fund Franklin Disruptive Commerce Fund (the "Fund") which is part of Franklin Templeton Investment Funds, an open-ended investment company with variable capital (SICAV), qualifying as a UCITS.

Term

The Fund has no maturity date. The Fund could be closed under the conditions laid down in the current prospectus of the Fund.

Objectives

Investment Objective

Franklin Disruptive Commerce Fund (the "Fund") is classified as Article 8 under EU Sustainable Finance Disclosure Regulation and aims to increase the value of its investments over the medium to long term.

Investment Policy

The Fund pursues an actively managed investment strategy and invests mainly in:

- equity securities issued by companies of any size and located anywhere in the world (including in emerging markets) which provide the customer with a more customized, secure and time efficient buying process

The Fund can invest to a lesser extent in:

- debt securities of any maturity or quality issued by companies of any size located in any country
- units of other mutual funds and exchange-traded funds (limited to 10% of assets)

Companies relevant to the Fund's investment theme of disruptive commerce are those that the investment team believes are substantially focused on and/or are expected to substantially benefit from electronic commerce (or "e-commerce"), auctions, the sharing economy, electronic payment capabilities ("e-payments"), drop shipping, direct marketing or significant decreases in transport and delivery costs. The Fund may have a

substantial part of its portfolio invested in companies located or traded in the US.

The Fund employs a binding proprietary ESG methodology to determine a company's profile on relevant ESG issues. The Investment Manager evaluates the companies which may be potential investment for the Fund and assigns an overall ESG rating based on quantitative and qualitative factors such as Cybersecurity and data privacy, the usage of controversial materials, support of human capital, diversity and inclusion, as well as environmental impact (greenhouse gas emissions, water usage).

The benchmark of the Fund is the MSCI All Country World Index-NR. The benchmark is used solely as a reference for Investors to compare against the Fund's performance and the benchmark is neither used as a constraint on how the Fund's portfolio is to be constructed nor set as a target for the Fund's performance to beat. The Fund can deviate from the benchmark.

Share Class Policy

The income received from the Fund's investments is accumulated with the result of increasing the value of the shares.

Processing of subscription and redemption orders

You may request the sale of your shares on any Dealing Day (as defined in the current prospectus of the Fund).

Intended retail Investor

The Fund may appeal to investors looking to capital appreciation by investing in equity securities of companies providing customers with a more customized, secure and time efficient buying process and willing to hold their investment over the medium to long term for a minimum period of 3 to 5 years. The Fund is suitable for investors who have a basic knowledge and/or experience of financial markets with the understanding that they may not get back the full amount invested in the Fund.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets.

We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the capacity to pay you.

Be aware of currency risk. In some circumstances, you may receive payment in a different currency, so that the final return you get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the product not included in the summary risk indicator:

- Concentration risk

For a full discussion of all the risks applicable to this Fund, please refer to the "Risk Considerations" section of the current prospectus of the Fund.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and the suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:

5 years

Example Investment:

10,000 EUR

If you exit after 1 year

If you exit after 5 years

What happens if Franklin Templeton International Services S.à r.l. is unable to pay out?

Franklin Templeton International Services S.à r.l. ("FTIS") is the management company of the Fund, but the assets of the Fund are held separately from FTIS by the depositary. J.P. Morgan SE, Luxembourg branch, as the appointed depositary, is liable to the Fund or its shareholders for losses caused by its negligent or intentional failure to fulfill its safekeeping or record-keeping obligations (cash could however be lost in case of default of the depositary or its delegates).

There is no compensation or guarantee scheme protecting you from a default of the Fund's depositary.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- EUR 10,000 is invested

	If you exit after 1 year	If you exit after 5 years
Total costs	556 EUR	1,525 EUR
Annual cost impact (*)	5.6%	3.2% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.8% before costs and -2.4% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Please note that the figures shown here do not include any additional fees that may be charged by your distributor, advisor or any insurance wrapper in which the fund may be placed.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount you pay in when entering this investment.	Up to 300 EUR
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	0 EUR
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.55% of the value of your investment per year. This is an estimate based on actual costs over the last year.	255 EUR
Transaction costs	0.01% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	1 EUR
Incidental costs taken under specific conditions		
Performance fees (and carried interest)	There is no performance fee for this product.	0 EUR

How long should I hold it and can I take money out early?

Recommended holding period: 5 year(s)

This Fund has no minimum required holding period. We consider that the 5 year recommended holding period is appropriate because the Fund is designed for long-term investment. You may sell your shares on any dealing day. The value of your investments may go down as well as up irrespective of the period you are holding your investments, depending on such factors as the performance of the Fund, movements in stock and bond prices, and conditions in financial markets generally. Please contact your broker, financial adviser or distributor for information on any costs and charges relating to the sale of the shares.

How can I complain?

Investors who would like to receive the procedures relating to complaints handling or wish to make a complaint about the Fund, the operation of FTIS or the person advising on or selling the Fund, should go on the website www.franklintempleton.lu, contact Franklin Templeton International Services, S.à r.l., 8A, rue Albert Borschette L-1246 Luxembourg, or send an e-mail to the client service department at lucs@franklintempleton.com.
