What is this product?

Type

Shares of a sub-fund of Fidelity Funds SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS).

SFDR product category: Article 8 (promotes ESG characteristics).

Term

This fund is open-ended.

Objectives

Objective: The fund aims to achieve capital growth over the long term.

Investment Policy: The fund invests at least 70% of its assets, in equities of companies that are involved in the design, manufacture, or sale of products and services used in connection with the water and waste management. The water management sector includes but is not limited to, those companies involved in water production, water conditioning, de-salination, supply, bottling, transport and dispatching of water. The waste management sector includes but is not limited to, those companies involved in the collection, recovery and disposal of waste; including recycling, incineration, anaerobic digestion of food waste (biological processes) and landfilling of residual waste. The sector also includes those companies specialising in the treatment of wastewater, sewage, solid, liquid and chemical waste and any consulting or engineering services in connection with these activities. These investments may be from anywhere in the world, including emerging markets. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 70% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics and up to 30% in securities of issuers with improving ESG characteristics.

The fund may invest less than 30% of its assets (directly and/or indirectly) in China A and B shares (in aggregate).

Investment Process: In actively managing the fund, the Investment Manager considers growth and valuation metrics, company financials, return on capital, cash flows and other measures, as well as company management, industry, economic conditions, and other factors. It also considers ESG characteristics when assessing investment risks and opportunities. In determining favourable ESG characteristics, the Investment Manager takes into account ESG ratings provided by Fidelity or external agencies. In addition, the Investment Manager engages with issuers to seek improvement on

ESG issues.

The fund assesses the ESG characteristics of at least 90% of its assets. When selecting investments, the fund's investment universe is reduced by at least 20% after excluding issuers based on their ESG characteristics.

The fund adheres to the Fidelity Sustainable Family of Funds standards. For more information, see "Sustainable Investing and ESG Integration" and the Sustainability Annex.

Derivatives and Techniques: The fund may use derivatives for hedging, efficient portfolio management and investment purposes.

Benchmark: MSCI ACWI Index, an index that does not take into account ESG characteristics. Used for: risk monitoring and performance comparison.

Base Currency: USD.

Risk Management Method: Commitment.

Additional Information: You may sell (redeem) some or all of your Shares on any Valuation Day. As this is a non-distributing share class, dividends are re-invested.

This key information document describes a sub-fund of Fidelity Funds. A separate pool of assets is invested and maintained for each sub-fund of Fidelity Funds.

The assets and liabilities of the fund are segregated from those of other sub-funds and there is no cross-liability among the sub-funds. For more information, please consult the prospectus and latest reports and accounts which can be obtained free of charge in English and other main languages from FIL Investment Management (Luxembourg) S.A.

These documents and details of the Remuneration Policy are available via <https://www.fil.com>.

Intended retail investor

This product may appeal to investors with a basic knowledge of and no or limited experience of investing in funds; who plan to hold their investment for a recommended holding period of at least 5 years; who seek capital growth over the recommended holding period; and who understand the risk of losing some or all of the capital invested.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at the early stage and you may get back less.

You may not be able to sell your product easily or you may have to sell at a price that significantly impacts on how much you get back.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity to pay you.

Additional risks: emerging markets, liquidity.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If FIL Investment Management (Luxembourg) S.A. is not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

| Recommended holding period: 5 years Example investment : EUR 10,000 | | If you exit after 1 year | If you exit after 5 years |
|--|---|--------------------------|---------------------------|
| Scenarios | | | |
| Minimum | There is no minimum guaranteed return. You could lose some or all of your investment. | | |
| Stress | What you might get back after costs | 2,180 EUR | 1,910 EUR |
| | Average return each year | -78.2% | -28.2% |
| Unfavourable | What you might get back after costs | 7,190 EUR | 8,170 EUR |
| | Average return each year | -28.1% | -4.0% |
| Moderate | What you might get back after costs | 10,350 EUR | 14,490 EUR |

What are the costs?

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

| | If you exit after 1 year | If you exit after 5 years |
|------------------------|--------------------------|---------------------------|
| Total costs | 724 EUR | 1,941 EUR |
| Annual cost impact (*) | 7.2% | 3.6% each year |

(*)This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.2% before costs and 7.7% after costs.

Composition of Costs

| One-off costs upon entry or exit | | If you exit after 1 year |
|---|---|--------------------------|
| Entry costs | 5.25% of the amount you pay in when entering this investment. | 510 EUR |
| Exit costs | We do not charge an exit fee for this product. | 0 EUR |
| Ongoing costs taken each year | | |
| Management fees and other administrative or operating costs | 1.90% of the value of your investment per year. This is an estimate based on actual costs over the last year. | 185 EUR |
| Transaction costs | 0.30% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell. | 29 EUR |
| Incidental costs taken under specific conditions | | |
| Performance fees | There is no performance fee for this product. | 0 EUR |

How long should I hold it and can I take money out early?
