What is this product?

Type

The Fund is a sub-fund of GAM Star Fund p.l.c., an open-ended investment company incorporated with limited liability under the laws of Ireland and authorised by the Central Bank of Ireland pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 1989 and is subject to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended.

Term

The Fund has no maturity date. The Fund could be closed under the conditions set down in the current prospectus of the Fund.

Objectives

Investment Objective

The investment objective of the Fund is to achieve capital appreciation.

Investment Policy

The Fund seeks to achieve this objective by investing primarily in equity (e.g. shares) and equity related securities (e.g. warrants) listed on Recognised Markets within the EU and issued by companies with principal offices in Europe other than the United Kingdom. The Fund may invest up to 33% of net assets in other assets as set out in the investment policy and in assets listed on or dealt in other Recognised Markets.

Company fundamentals will be considered in determining the allocation of investments in order to achieve the Fund's investment objective.

The fund manager will select investments using a fundamental, bottom-up investment approach.

The Fund promotes environmental and/or social characteristics in accordance with Article 8 of Regulation (EU) 2019/2088 ("SFDR") but does not have sustainable investment as its objective.

The Fund is considered to be actively managed in reference to MSCI Europe ex UK Net / Average 1 month deposit rate in class currency (the "Benchmarks") by virtue of the fact that it uses the Benchmarks in the appropriate currency for performance comparison purposes. However, the

Benchmarks are not used to define the portfolio composition of the Fund and the Fund may be wholly invested in securities which are not constituents of the Benchmarks.

The fund manager has discretion in managing the investments of the Fund.

The Fund may use a limited number of simple derivative instruments for efficient portfolio management purposes. Further information on the Fund's use of derivatives can be found under the Investment Objectives and Policies section within the Fund's Supplement. Although the use of derivatives may give rise to an additional exposure any such additional exposure will not exceed the Fund's Net Asset Value.

Share Class Policy:

The Fund has several share classes. These may differ with regard to fees, minimum investment, currency, use of revenues and investor qualification.

Any income arising from this share class will be accumulated. Other share classes of the Fund may distribute income.

Processing of subscription and redemption orders

Investors may buy or sell the Fund daily (every Business Day of the Fund).

Intended retail Investor

The Fund is aimed at retail clients, professional clients and eligible counterparties, who intend general capital formation and have a long-term investment horizon. This Fund may be for investors with basic knowledge or experience with financial products. The investor can bear financial losses and attaches no importance to capital guarantees.

Depository

The custodian is State Street Custodial Services (Ireland) Limited.

Further Information

Please refer to the "Other relevant information" section below.

Unless otherwise defined in this document, all words and expressions defined in the Fund's current prospectus shall have the same meaning herein.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 7 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 12 years. Markets could develop very differently in the future.

Recommended holding period:		7 years	
Example Investment:		10,000 GBP	
		If you exit after 1 year	If you exit after 7 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.

Favourable	What you might get back after costs	13,900 GBP	22,690 GBP
	Average return each year	39.00%	12.42%

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable scenario: This type of scenario occurred for an investment between November 2021 and December 2023.

Moderate scenario: This type of scenario occurred for an investment between February 2015 and February 2022.

Favourable scenario: This type of scenario occurred for an investment between October 2014 and October 2021.

What happens if GAM Fund Management Limited is unable to pay out?

For your protection the company's assets are held separately with the custodian, so the Fund's ability to pay out would not be affected by the insolvency of the Fund Management Company. If the Fund is terminated or wound up, the assets will be liquidated and you will receive an appropriate share of any proceeds but you may lose part or all of your investment. For the avoidance of any doubt, the Fund is not a guaranteed UCITS and there is no guarantee scheme in place which provides a guaranteed rate of return or compensation scheme in place to offset, all or any of, this loss. The assets and liabilities of the Fund are segregated from other sub-funds in the GAM Star Fund p.l.c., subject to the provisions of Irish law. This document describes a share class of a sub-fund of the GAM Star Fund p.l.c.. Subject to the conditions set down in the prospectus of the GAM Star Fund p.l.c., you are entitled to switch from one share class to another, either in the Fund or in another sub-fund of the GAM Star Fund p.l.c.. Please refer to the "How to Switch Shares" section of the prospectus for further information on how to switch.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- GBP 10,000 is invested

	If you exit after 1 year	If you exit after 7 years
Total costs	670 GBP	2,925 GBP
Annual cost impact (*)	6.7%	2.5% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 10.2 % before costs and 7.7 % after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	5.00% of the amount you pay in when entering this investment. This is the maximum and in some cases you might pay less.	Up to 500 GBP
Exit costs	There is no exit fee for this product, but the person selling you the product may charge such fee.	0 GBP
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% of the value of your investment per year. This is an estimate based on actual costs over the last year.	150 GBP
Transaction costs	0.20% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	20 GBP
Incidental costs taken under specific conditions		
Performance fees (*)	There is no performance fee for this product.	0 GBP

(*) For products with performance fees, the actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.

How long should I hold it and can I take money out early?

Recommended holding period: 7 years

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 7 years.

You may buy or sell shares in the product, without penalty, on any normal business day as further documented in the Prospectus under the headings "How to buy Shares" and "How to sell Shares". Please contact your broker, financial adviser or distributor for information on any costs and charges relating to the sale of the shares. If you cash in at an early stage this might increase the risk of lower investment returns or a loss.
