Tracking Error Analysis

Anticipated Ranges for the Funds

The chart on the table below lists levels of tracking errors ranges for the current products listed in Europe utilised by the Investment Manager.

The Investment Manager will periodically revisit the "minimum" and "maximum" of each Fund to make sure it is still reasonable as well as alternative measurements to gauge tracking accuracy. The ranges are identical to those used for Invesco US-listed funds.

Acceptable Ranges for the Funds

[^] Tracking error is considered normal. Due to the size of the Fund, it is very difficult to match the index exactly. One of the main components is VIX futures which are very volatile and create this tracking error.

Tracking Difference is defined as the difference between the portfolio returns and the index returns. These differences are highlighted on page 7.

Tracking Error is the annualised standard deviation of the difference in monthly returns between a Fund and its index. These are shown in the above table.

Causes of Tracking Error

ETFs, like index funds, are designed to track a specific market segment, investment theme or widely followed benchmark. Since they are passive in nature, tracking error for an ETF should be low or non-existent in theory. The causes of tracking error for ETFs can include but are not limited to the following: holdings/size of the fund, regulatory issues/constraints and cash flows and fees.

The greatest challenge for our Funds tends to be cash management due to fund size and, given the concentrated nature of some of the Funds and limited liquidity on certain securities, a modest amount of tracking error is unavoidable. The report uses at least 12 months of performance difference between Fund and index to obtain an accurate tracking error value for the Funds.

Investment Manager's Report (continued)

Tracking Error Analysis (continued)

Tracking Error Exception

At the direction of the Board of the Company, we have been providing a quarterly tracking error analysis using the tracking error ranges noted as a reference point. The Investment Manager will periodically revisit the "minimum" and "maximum" of each Fund to make sure it is still appropriate as well as alternative measurements to gauge tracking accuracy.

Correlation Analysis

Correlation represents the relationship between two or more variables with a value assigned between 1 and -1. Correlation is the degree to which these variables are observed to move together: if they move in the same direction, there is positive correlation; if they move in opposite directions, there is negative correlation. A value of 1 indicates they are perfectly correlated and a value of -1, means they are exact opposites. The calculated value usually falls somewhere in between indicating the degree of linear dependence between the variables. The closer the coefficient is to either 1 or -1, the stronger or weaker the correlation between the variables (in this case the Fund and index).

The table below outlines the correlation of each of the funds compared to their respective underlying indices. At least 1 year of data is beneficial when doing correlation analysis for the Funds. To get the 1 year figures, monthly data was used for the analysis.

Please see the below table for detailed correlation analysis by Fund.

Investment Manager's Report (continued)

Commentary on Performance

Despite tightening central banks and economic slowdown, 2023 was a good year for investors.

A year ago, we were expecting less economic growth but the belief that central banks would stop tightening led to optimism about market outcomes. Though economies slowed and central banks tightened more than we expected, assets did well. The best performing global assets in 2023 were equities and high yield. The only asset class to offer negative returns was commodities. The -16.4% USD total return on our Neutral portfolio in 2022 (-12.9% in local currency) was followed by +13.6% in 2023 (+13.3%). The Neutral portfolio is a static mix of global cash, fixed income, equity, real estate and commodity assets.

It is usually the case that bad news sells (many of the most read stories in 2022 were about Russia's invasion of Ukraine). However, we appear to have been less gloomy in our reading in 2023. Views about the Federal Reserve (the "Fed") dominated the start and the end of the year, though there was a fair amount of parochial navel gazing with a lot of interest in news about the finance sector. There was surprisingly little in the most read stories about the situation in Israel/Gaza and the regional banking mini crisis in the US.

The positive market outcomes suggest a willingness to look through the hawkishness of central banks to a time when they will be easing and when economies reaccelerate. There were also a range of idiosyncratic factors that drove various assets (AI, poor real estate fundamentals and geopolitics, for example). Despite the fact we believe "bonds are back", equities outperformed government bonds by a wide margin in 2023. The obvious exceptions were Emerging Markets and China, with government bonds outperforming stocks.

As is often the case, emerging markets dominated both ends of the spectrum, though Japanese government bonds appear in the bottom three of that category when expressed in US Dollars. Argentinian assets were doing reasonably well (in USD) until the new government announced a drastic devaluation of the currency. Otherwise, Hungarian and Polish assets have fared well, despite the proximity to Ukraine, but Turkish government bonds have suffered from the dramatic tightening of central bank policy deemed necessary to curb inflation.

It is not only in Turkey that central banks dominated the thoughts of investors and markets. As the year progressed, we had to adjust to the fact that major central banks (except the Bank of Japan and the People's Bank of China) were going to tighten more than expected at the start of the year.

This caused a dramatic reversal in bond markets, with US 10-year yields approaching 5% in October, causing some commentators to speculate about yields rising to the 6%-7% range. However, we were of the opinion that at 5% those yields were attractive. Nominal and real 10-year treasury yields rose to pre-global financial crisis levels, which we think presented a reasonable opportunity, especially since the global economy still appeared to be slowing.

The more recent decline in bond yields was aided by the continued decline in inflation (and recent hints from the Fed that rate cuts are now on the agenda).

We continue to believe the main driver of returns will be economic and policy cycles. We think the global economy is slowing, that inflation will continue to fall and that central banks will soon be cutting rates (aggressively). However, the recent rally in most asset markets suggests a lot of what I was expecting has since occurred, perhaps dimming the outlook for returns

Invesco Capital Management LLC 10 January 2024

Directors' Report for the financial year ended 30 September 2023

The Directors submit their annual report together with the audited financial statements for the financial year ended 30 September 2023.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with Irish law.

Irish company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with Irish law and accounting standards issued by the Financial Reporting Council, including FRS102 "The Financial Reporting Standards applicable in the UK and Republic of Ireland" (Generally Accepted Accounting Principles in Ireland), subject to any material departures from those standards being disclosed and explained in the notes to the financial statements,and;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for preparing the Directors' report and the financial statements in accordance with Irish law and accounting standards issued by the Financial Reporting Council, including FRS102 "The Financial Reporting Standards applicable in the UK and Republic of Ireland" (Generally Accepted Accounting Principles in Ireland). The Directors confirm that they have complied with the above requirements in preparing the financial statements in accordance with applicable Irish Law and generally accepted accounting principles in Ireland.

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Investment Manager's Report. The financial position of the Company is set out in the Statement of Financial Position on pages 105 to 107. In addition, the Investment Manager's Report sets out the objectives of each Fund and the outlook for the Funds. The Company has considerable assets under management with minimal to moderate levels of tracking error. As a consequence, the Directors believe that the Company is well placed to manage its business successfully.

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future (which is at least, but is not limited to, twelve months from the date when the financial statements are authorised for issue). Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy; and
- enable the directors to ensure that the financial statements comply with the Companies Act 2014 and enable those financial statements to be audited.

The Directors believe that they have complied with the requirements of Section 281 to 285 of the Companies Act 2014 with regard to accounting records by engaging the services of an Administrator employing personnel with appropriate expertise and adequate resources to provide the Company's finance function. The Directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors acknowledge that they are responsible for securing the Company's compliance with the relevant obligations as set out in Section 225 of the Companies Act 2014.

The Directors confirm that:

- 1) A compliance policy document has been drawn up that sets out policies, that in our opinion are appropriate to the Company, respecting compliance by the Company with its relevant obligations;
- appropriate arrangements or structures are in place that are, in our opinion, designed to secure material compliance with the Company's relevant obligations, and;
- 3) during the financial year, the arrangements or structures referred to in (2) have been reviewed.

The Directors believe that they have complied with the requirements of Section 330 of the Companies Act 2014 as follows:

- so far as the Directors are aware, there is no relevant audit information of which the Company's statutory auditors are unaware, and
- the Directors have taken all the steps that they ought to have taken as directors in order to make himself or herself aware of any relevant audit information and to establish that the Company's statutory auditors are aware of that information.

The Company has appointed Invesco Investment Management Limited ("the Manager") as manager of the Company who has, in turn delegated certain duties to the Investment Manager, Invesco Capital Management LLC (the "Investment Manager") and the Administrator, BNY Mellon Fund Services (Ireland) Designated Activity Company (the "Administrator"). The Company has appointed The Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") to act as Depositary of the Company's assets.

The measures taken by the Directors to secure compliance with the Company's obligations to keep proper accounting records include the use of appropriate systems and procedures and the employment of competent persons. The accounting records are retained at the office of the Administrator at One Dockland Central, Guild Street, International Financial Services Centre, Dublin 1.

The Financial Statements are published on the https://etf.invesco.com website. The Directors and Invesco UK Services Limited are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the presentation and dissemination of the Financial Statements may differ from legislation in other jurisdictions.

Corporate Governance Statement

The European Communities (Directive 2006/46/EC) Regulations (S.I. 450 of 2009 and S.I. 83 of 2010) (the "Regulations") requires the inclusion of a corporate governance statement in the Directors' Report.

General Principles and Compliance

Responsibility for good governance lies with the Board. The governance framework of the Company reflects the fact that, as a collective investment scheme, it has no employees and outsources investment management and administration.

The Board is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Company fully complies with the voluntary Corporate Governance Code for Irish Collective Investment Schemes, issued by Irish Funds (the "IF Code"). The IF Code is available at www.irishfunds.ie. The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

The Company is also subject to corporate governance practices imposed by:

- The Companies Act 2014 (as amended) (the "Companies Act") which is available for inspection at the registered office of the Company and may also be obtained at: www.irishstatutebook.ie
- (ii) The Constitutional Documents of the Company which are available for inspection at the registered office of the Company at 2 Cumberland Place, Fenian Street, Dublin 2, Ireland and at the Companies Registration Office in Ireland;
- (iii) The Central Bank of Ireland in the Central Bank UCITS Regulations which can be obtained from the website at: www.centralbank.ie;
- Deutsche Börse through the trading model of XETRA for shares (including ETFs) which can be obtained from the Deutsche (iv) Börse website at: www.deutscheboerse.com; and
- The Irish Stock Exchange ("ISE") trading as Euronext Dublin continuing obligations requirements for open ended Funds which (v) can be obtained from the ISE website at: www.ise.ie
- (vi) The Swiss Stock Exchange ("SIX") continuing obligations requirements for Investment Funds which can be obtained from the SIX website at: www.sixswiss-exchange.com; and
- (vii) The Italian Stock Exchange ("Euronext Milan") continuing obligations requirements for ETFs which can be obtained from the Euronext Milan website at https://www.euronext.com/en/markets/milan; and
- The French Stock Exchange ("NYSE Euronext Paris") continuing obligations requirements for ETFs which can be obtained from (viii) the NYSE Euronext Paris website at https://www.euronext.com/en/markets/paris.

By virtue of the listing on the Euronext Dublin, certain Funds are admitted to trading on the London Stock Exchange ("LSE") on a "cross listing" basis. In the context, however, of corporate governance, the Funds are not subject to the listing requirements of the London Stock Exchange but instead comply with those of the ISE. In respect of Funds admitted to trading on Xetra, SIX, Borsa Italiana or NYSE Euronext Paris, the Funds are listed directly with the exchanges and are required to comply with the listing requirements of the local jurisdiction.

Composition of the Board and Succession Planning

The IF Code requires a majority of the Board to be non-executive directors, at least one of whom should be an independent non-executive director. The IF Code does not require the Chairman to be independent. As the IF Code has been tailored specifically for collective investment schemes, the Board has resolved to follow the IF Code in this regard. The Board comprises four Directors, all of whom are non-executive, two of whom are considered independent. Two of the Directors are Irish residents (including both Independent Non-executive Directors) and are therefore reasonably available to meet the Central Bank at short notice, if so required. The Directors have a range of relevant financial, operational and investment management skills and experience relevant to the direction and control of the Company. Details of the Directors' skills and experience can be found in their individual biographies on page 14.

Feargal Dempsey has acted as the Board's Chairman since 27 January 2020. The Board considers that Mr Dempsey provides it with effective leadership, ensures that critical discussions take place; objective decisions are made and that third parties are appropriately challenged. He also promotes effective communication between members of the Board.

Directors' Independence

As it is tailored specifically for collective investment schemes, the Board considers that the independence criteria specified in the IF Code to be appropriate for the purposes of determining the independence of Directors. The Board has considered the independence of Feargal Dempsey and Lisa Martensson and, in addition to meeting the criteria for independence laid down by the IF Code, is satisfied that the actions of these Directors on behalf of the Company demonstrate that they remain independent.

As an investment company, the relationship between the Board and the Manager is such that the Board does not consider it necessary to nominate a senior independent director, other than the Chairman. If shareholders have concerns, all the Directors are available when contact through the normal channels of Chairman, Manager or Company Secretary has failed to resolve or for which such contact is inappropriate.

The Board recognises the importance of ensuring that all Directors are able to allocate sufficient time to the Company in order to discharge their responsibilities effectively. As part of the selection and appointment process, potential Directors are provided with an assessment of the time commitment expected (including an estimate of the time required for additional or ad hoc matters) to undertake the requirements of the role. Potential Directors are required to confirm that they have sufficient time to undertake the requirements of the role and to disclose all other significant commitments they have. Once Directors are appointed to the Board, they must disclose any changes to their significant commitments as and when they arise. As part of the 2022 Directors' Performance Evaluation, Directors confirmed that they continue to have sufficient time to act as Directors of the Company.

Appointment, Re-election and Tenure of Directors

The Board is responsible for reviewing the size, structure and composition of the Board and considering any changes or new appointments.

The Board has formulated a formal, rigorous and transparent procedure for the selection and appointment of any new Director to the Board. The Board may appoint an external search consultancy to identify potential candidates. However, to date the Board has been able to identify the most appropriate candidates to join the Board through its own selection process and has therefore not considered it necessary to appoint an external search consultancy. Appointments to the Board are subject to the approval of the Central Bank of Ireland.

The Directors do not have a formal service contract with the Company. Directors' terms and conditions of appointment are set out in letters of appointment, which are available for inspection at the registered office of the Company and will be available at the Annual General Meeting ("AGM").

Corporate Governance Statement (continued)

Appointment, Re-election and Tenure of Directors (continued)

Details of the Directors' skills and experience can be found in their individual biographies on page 14.

Board Diversity

The Board considers that diversity in it's membership is beneficial and therefore seeks to ensure that the Board's size, structure and composition, including skills, knowledge, experience and diversity is sufficient for the effective direction and control of the Company. However, as the Board is committed to appointing the most appropriate candidates as Directors of the Company, it has not set any measurable objectives in respect of this policy.

Chief Executive

The Company is an externally managed investment company without any employees. Therefore, the Board does not consider it appropriate to appoint a Chief Executive.

The Secretary

The Board has direct access to the advice and services of the Company Secretary, Invesco Asset Management Ireland Holdings Limited, which is responsible for ensuring that the Board and Committee procedures are followed and compliant with applicable rules and regulations. The Company Secretary is also responsible to the Board for ensuring timely delivery of information and reports and that the statutory obligations of the Company are met. Additionally, the Company Secretary is responsible for advising the Board through the Chairman on all governance matters

Annual General Meeting (AGM)

The Notice of the AGM of the Company will be sent to shareholders in due course. The Board urges all shareholders to vote in favour of these resolutions by returning their completed voting papers. The following summarises the current business of the forthcoming AGM of the Company:

Ordinary Resolutions

Resolution 1 is for shareholders to receive this Annual Report and Audited Financial Statements;

Resolution 2 is to appoint the auditors and to authorise the Directors to determine the auditors' remuneration. A public interest entity (PIE) is required by the EU audit legislation to change their statutory audit firm after a certain duration.

Invesco Markets III plc will be subject to mandatory audit firm rotation requirements for the financial year end of 30 September 2024. The new audit firm will be selected at the AGM on the 14 March.

More detail in relation to each resolution (including any further business that may be approved by the Board for shareholder consideration at the AGM) will be included in the Notice of the AGM.

Directors' Remuneration

The Board as a whole reviews Directors' remuneration, having agreed that a separate remuneration committee is not appropriate for a Company of this size and nature. The Directors seek advice from the Secretary, when considering the level of Directors' fees. The Board's policy is that the remuneration of Independent Non-Executive Directors should be fair and reasonable in relation to the time commitment and responsibilities of the Directors. The amount of Directors' fees paid during the financial year ended 30 September 2023 can be found in note 11 to the financial statements.

Conflicts of Interest

A Director must avoid a situation where he or she has an interest that conflicts with the Company's interests. In any matter for consideration before the Board where a Director believes that a conflict may arise affecting him or her, unless otherwise generally agreed in accordance with the provisions of the Companies Act 2014, he or she shall disclose such conflict to the Board before the issue is considered by the Board. The Directors have the authority to authorise potential conflicts of interest. Firstly, only Directors who have no interest in the matter being considered are able to take the relevant decision, and secondly, in taking the decision the Directors must act in a way they consider, in good faith, will be most likely to promote the Company's success.

The Directors have declared any potential conflicts of interest to the Company.

Directors' Development

Prior to his or her appointment each new Director is fully briefed as to his or her responsibilities and is continually updated throughout his or her office on industry and regulatory matters. The Manager and Board have a programme of induction training for newly appointed Directors. They have also put arrangements in place to address the ongoing development requirements of Directors, which includes regular briefings from, amongst others, key members of the Manager's staff, auditors, investment strategists, trustees and legal advisors regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board and Directors' Performance Evaluation

IF Code requires the Board to undertake a review of the overall performance of the Board and that of any individual Directors annually with a formal documented review taking place at least once every three years. In 2022, the Board carried out a formal documented review of the performance of the Board as a whole, individual members and the performance of the Chairman.

The findings indicated that the Directors individually, and the Board as a whole, continued to function efficiently, that the composition of the Board is appropriately aligned to the Company's activities and that the Directors are able to effectively discharge their responsibilities to the Company and its Shareholders.

Board Responsibilities

The Board is responsible for the Company's overall direction and strategy and to this end it reserves the decision making power on issues such as the determination of medium and long term goals, reviewing managerial performance, organisational structure and capital needs and commitments to achieve the Company's strategic goals. To achieve these responsibilities, the Board meets at least quarterly to review the operations of the Company, address matters of strategic importance and to receive reports from the Manager, the Administrator and the Depositary. However, a Director or the Secretary may, on the requisition of a Director, at any time summon a meeting of the Directors. Additional ad hoc meetings are convened as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties.

Corporate Governance Statement (continued)

Board Responsibilities (continued)

The Board also approves the Prospectus, circulars to shareholders, listing particulars and other relevant legal documentation. A formal schedule of matters specifically reserved for decision by the Board has been defined. The Directors also have access to the advice and services of the Secretary, external counsel and the resources of the Investment Manager should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice at the expense of the Company. Any Director who resigns their position is obliged, if appropriate to confirm to the Board and the Central Bank of Ireland that the resignation is not connected with any issues with or claims against the Company. Furthermore, any Director who has concerns about the running of the Company or a proposed course of action may provide a written statement to the Chairman outlining his concerns for circulation to the Board or alternatively may have his concerns formally recorded in the minutes of a Board meeting.

Decisions arising at any meeting of the Directors are determined by a majority of votes. In the case of an equality of votes, the Chairman has a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

The Company has maintained appropriate Directors' and officers' liability insurance cover throughout the financial year.

Prior to that, Lisa has held various senior executive positions within HSBC including Head of Business Development for Asset Managers in Europe and the US, and Head of Relationship Management in Ireland. She studied Economics at Stockholm University in Sweden and holds a Certificate and Diploma (with distinction) in Company Direction from the Institute of Directors (IOD). She is elected Chair of the Irish Fund Directors Association (IFDA) and Chair of their ESG working group. From 1998 to 2001 Lisa worked for Bank of New York in Brussels, Belgium and prior to that she worked ten years for SEB Asset Management in Sweden and Luxemburg.

Ms. Martensson was appointed to the Board with effective date 1 August 2022.

Internal Control and Risk Management

The Company's risk assessment and the way in which significant risks are identified and managed is a key area of focus for the Board. The Board has undertaken a robust assessment of the risks to the Company, both in respect of its operations and longer term viability. This assessment took into consideration the controls exercised by the Board and its delegates, the Manager and other service providers.

The Board is also responsible for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Board reviews the effectiveness of the internal control systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of this process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings. The Board is not aware of any significant failings or weaknesses in internal control arising in the period under review.

Corporate Governance Statement (continued)

Internal Control and Risk Management (continued)

The Company does not have any employees and therefore it does not have a "Whistleblowing" policy. However, the Manager has a "Whistleblowing" policy under which its staff, in confidence, may raise concerns about possible improprieties in matters of financial reporting or other matters in so far as they may affect the Company.

During the financial year ended 30 September 2023, the Board was responsible for the approval of the annual financial statements as set out in the Statement of Directors' Responsibilities. It is a statutory requirement that the annual financial statements are audited by one or more persons empowered to audit accounts in accordance with the Irish Companies Acts and in this regard the Board, on the Company's behalf, engages the

The annual financial statements of the Company are produced by the Administrator, reviewed by the Manager, and then presented to the Board. As part of its review procedures the Board receives presentations from relevant parties including consideration of Irish accounting standards and their impact on the annual financial statements, and presentations and reports on the audit process.

Shareholder Relations

Shareholder relations are given high priority by the Board and the Manager. Direct contact with shareholders is usually through the Manager who then reports back to the Directors and this is normally the main forum through which the Directors develop an understanding of the views of major shareholders. However, the Directors are always available to discuss any concerns or views of shareholders. The Company also communicates to shareholders through the annual and half-yearly financial reports, which aim to provide shareholders with a full understanding of the Company's activities and its results. This information is supplemented by the daily calculation of the Net Asset Value ("NAV") of the Company's shares, which is published via the London Stock Exchange and daily factsheets and other documentation and news placed on the Company's website at https://etf.invesco.com. All shareholders are encouraged to attend the AGM to discuss the business tabled and to exercise their voting rights. The Company announces the result of resolutions proposed at general meetings but does not make the full details of voting available on its website. Shareholders wishing to lodge questions in advance of the AGM are invited to do so, either on the reverse of the proxy card, via the Company's website or in writing to the Company Secretary at the address given on page 5. The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Shareholder Meetings and Rights attaching to Shares

The convening and conduct of shareholders' meetings are governed by the Articles of Association of the Company (the "Articles") and the Irish Companies Acts. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors were required to convene the first AGM of the Company within eighteen months of incorporation and each subsequent AGM thereafter must be within fifteen months of the date of the previous AGM provided that an AGM is held once in each year within six months of the financial year end of the Company. Shareholders representing not less than one-tenth of the paid up share capital of the Company may also request the Directors to convene a shareholders' meeting. At least twenty one clear days' notice of every AGM and any meeting convened for the passing of a special resolution must be given to shareholders and fourteen days' notice must be given in the case of any other general meeting, unless the Auditors and all the shareholders of the Company entitled to attend and vote thereat, agree to shorter notice.

Two shareholders present either in person or by proxy constitutes a quorum at a general meeting. The share capital of the Company is divided into different classes of shares and the Irish Companies Acts and the Articles of Association provide that the quorum for a general meeting convened to consider any alteration to the rights attached to any class of shares, is two or more shareholders present in person or by proxy, holding or representing by proxy at least one third of the issued shares of the relevant class.

Every holder of participating shares or non-participating shares present, in person or by proxy, who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present, in person or by proxy, is entitled to one vote in respect of each share held by him and every holder of non-participating shares is entitled to one vote in respect of all non-participating shares held by him. At any general meeting, a resolution put to the vote of the meeting is decided on a show of hands unless, before or upon the declaration of the result of the show of hands, a poll is demanded by the chairman of the general meeting, or by at least five shareholders present having the right to vote at such meeting, or any holder or holders of participating shares present, in person or by proxy, representing at least one tenth of the shares in issue having the right to vote at such meeting.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a shareholders' meeting. Alternatively, a resolution in writing signed by all of the shareholders for the time being entitled to attend and vote on such resolution at a general meeting, will be valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company duly convened and held and may consist of several documents in like form, each signed by one or more shareholders. An ordinary resolution of the Company (or of the shareholders of a particular class of shares) requires a simple majority of the votes cast by the shareholders voting, in person or by proxy, at the meeting at which the resolution is proposed.

A special resolution of the Company (or of the shareholders of a particular class of shares) requires a majority of not less than three quarters of the votes cast by the shareholders present, in person or by proxy, and voting in general meeting in order to pass a special resolution including a resolution to amend the Articles

Review of the Business and Future Developments

The Company is structured as an umbrella fund which may comprise one or more Funds. The Company may at any time establish new classes of shares within a Fund as well as new Funds. Any new Fund will require the prior approval of the Central Bank of Ireland and the establishment of any new class of shares must be notified in advance to the Central Bank of Ireland.

A review of market activities and strategy for the Funds can be found in the Investment Policy and Description of the Funds on page 6. The Company's strategy for generating value over time is set out in the investment objectives of each of the individual Funds. As ETFs, the Funds should preserve their value in line with the relevant exchanges. The Funds have procedures in place to minimise tracking errors, as detailed in the Investment Manager's report on pages 7 to 10. Any alteration to the investment objectives set out in the supplemental prospectuses of the Funds (as summarised in the Investment Manager's report above) are subject to prior approval by the shareholders of such Fund.

Audit Committee

The Directors are aware of Section 167 of the Companies Act which require certain companies to establish an audit committee. The Directors have reserved to the Board the functions of an audit committee.

Independent Auditors

A public interest entity (PIE) is required by the EU audit legislation to change their statutory audit firm after a certain duration.

Invesco Markets III plc will be subject to mandatory audit firm rotation requirements for the financial year end of 30 September 2024. The new audit firm will be selected at the AGM on the 14 March.

Swiss disclosure requirement

The following table lists the Funds that are authorised for distribution in Switzerland.

Total expense ratio expresses the sum of all costs and commissions charged on an on-going basis to the Funds' assets. Operating expenses are taken retrospectively as a percentage of the Fund's average NAV for the financial year.

Transactions with connected persons

In accordance with Regulation 43 of the Central Bank UCITS Regulations, any transaction carried out with the Company by its promoter, manager, depositary, investment adviser and/or associated or group companies of these entities ("connected persons") must be carried out as if at arm's length. It is authorised pursuant to the European Communities (Undertaking for Collective Investments in Transferable Securities) Regulations 2011, as amended (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations"). Such transactions must be in the best interests of the shareholders. In addition to those transactions, there are also transactions carried out by connected persons on behalf of the Company to which the Directors have no direct access and in respect of which the Directors must rely upon assurances from its delegates that the connected persons carrying out those transactions do carry them out on a similar basis.

Shareholders should have regard to the governance structure of the Company as more particularly described in the Corporate Governance Statement section of the Directors Report to these audited financial statements and the roles and responsibilities of the Company's respective delegates subject to the overall supervision of the Board.

Further, Shareholders should refer to the Prospectus which identifies many of the connected person transactions and the general nature of the contractual arrangements with the principal connected persons, but it is not exhaustive of all connected person transactions.

Shareholders should also refer to the provisions of the Prospectus dealing with conflicts of interest.

Therefore, having regard to confirmations from the Company's management and its relevant delegates, the Manager of the Company is satisfied that (i) there are arrangements (as evidenced by written procedures documented by the Investment Manager) in place to ensure that the obligations described above are applied to all transactions with connected persons; and (ii) transactions with connected persons entered into during the period complied with these obligations, as attested by the Investment Manager through regular updates to the Directors. The Board of Directors is not aware of any transactions with connected persons during the twelve months ended 30 September 2023, other than those disclosed in these financial statements.

Transactions with connected persons (continued)

Note 11 details related party transactions in the period as required by accounting standards generally accepted in Ireland ("FRS 102"). However, shareholders should understand that not all "connected persons" are related parties as such latter expression is defined by FRS 102.

In response to the CBI publishing the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) Investor Money Regulations 2015 for Fund Service Providers (the "Investor Money Regulations" or "IMR") in March 2015 (effective from 1 July 2016), the Company has undertaken, together with BNY Mellon Fund Services (Ireland) Designated Activity Company a review of the way in which subscription, distribution and redemption monies are channelled to and from the Company. As a result of this review, subscription and redemptions monies have been (effective from 1 July 2016), channelled through an umbrella cash collection account in the name of the Company and, in respect of any Funds considered to be highly leveraged, Fund cash collection accounts in the name of the relevant Fund(s). Pending issue of the shares and/or payment of subscription proceeds to an account in the name of the Company or the relevant Fund(s), and pending payment of redemption proceeds or distributions, the relevant investor will be an unsecured creditor of the relevant Fund in respect of amounts paid by or due to it.

Report of the Depositary to the Shareholders

For the period from 1 October 2022 to 30 September 2023 (the "Period")

The Bank of New York Mellon SA/NV, Dublin Branch, (the "Depositary" "us", "we", or "our"), has enquired into the conduct of Invesco Markets III plc (the "Company") for the Period in its capacity as depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company, in accordance with our role as depositary to the Company and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34 of the European Communities (Undertaking for Collective Investments in Transferable Securities) Regulations 2011 (S.I No 352 OF 2011), as amended (the "Regulations").

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitutional documentation and the Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not been so managed, we as depositary must state in what respects it has not been so managed and the steps which we have taken in respect thereof.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the Period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the constitutional documentation and by the Regulations; and
- (ii) otherwise in accordance with the provisions of the constitutional documentation and the Regulations.

Report on the audit of the non-statutory financial statements

Opinion

In our opinion, Invesco EQQQ NASDAQ-100 UCITS ETF, Invesco EURO STOXX High Dividend Low Volatility UCITS ETF, Invesco FTSE Emerging Markets High Dividend Low Volatility UCITS ETF, Invesco FTSE RAFI All-World 3000 UCITS ETF, Invesco FTSE RAFI Emerging Markets UCITS ETF, Invesco FTSE RAFI Europe UCITS ETF, Invesco FTSE RAFI US 1000 UCITS ETF, Invesco Global Buyback Achievers UCITS ETF, Invesco S&P 500 High Dividend Low Volatility UCITS ETF, Invesco S&P 500 QVM UCITS ETF and Invesco US High Yield Fallen Angels UCITS ETF(the "Funds")'s non-statutory financial statements (the "financial statements"):

- give a true and fair view of the Funds' assets, liabilities and financial position as at 30 September 2023 and of their results for the year then ended; and
- have been properly prepared in accordance with Generally Accepted Accounting Practice in Ireland (accounting standards issued by the Financial Reporting Council of the UK, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland").

We have audited the financial statements which comprise:

- the Statement of Financial Position for each of the Funds as at 30 September 2023;
- the Statement of Comprehensive Income for each of the Funds for the year then ended;
- the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares for each of the Funds for the year then ended;
- the Schedule of Investments for each of the Funds as at 30 September 2023; and
- the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)").

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Funds in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Funds' ability to continue as a going

concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Funds' ability to continue as going concerns.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Non-Statutory Annual Report and Audited Financial Statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 11, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Funds' ability to continue as going concerns, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Funds or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8fa98202dc9c3a/Description of auditors responsibilities for audit.pdf.

This description forms part of our auditors' report.

Use of this report

Notes to the Financial Statements

1. Establishment

The Company is an open-ended investment company with variable capital incorporated in Ireland, on 5 February 2002 with limited liability pursuant to the Companies Act 2014. The Company was authorised on 13 September 2002 by the Central Bank of Ireland and is now regulated by the Central Bank of Ireland as an Undertaking for Collective Investments in Transferable Securities, a "UCITS". It is authorised pursuant to the European Communities (Undertaking for Collective Investments in Transferable Securities) Regulations 2011, as amended (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations 2019 (the "Central Bank UCITS Regulations").

The Company has segregated liability between its Funds. Accordingly, each Fund is treated as bearing its own liabilities exclusively from its own assets

The Company is structured as an umbrella fund which may comprise one or more Funds. The Company may at any time establish new classes of shares within a Fund as well as new Funds. Any new Fund will require the prior approval of the Central Bank of Ireland and the establishment of any new class of shares must be notified in advance to the Central Bank of Ireland. As at 30 September 2023 the Company has thirteen active Funds (30 September 2022: thirteen active Funds).

There were seven share classes in issue as at 30 September 2023 (30 September 2022: seven share classes), a number of which were hedged share classes. Please refer to note 7 for details.

Objectives

Please refer to the Investment Policy and Description of the Funds on page 6 where the objectives of each Fund are listed.

2. Significant Accounting Policies

(a) Basis of Preparation

The financial statements are prepared in accordance with Financial Reporting Standard ("FRS") 102, the financial reporting standard applicable in the United Kingdom and Republic of Ireland and Irish statute comprising the Companies Act 2014, the UCITS Regulations and the Central Bank UCITS Regulations. The financial statements are prepared under FRS 102 which present a true and fair view are those standards promulgated by the Institute of Chartered Accountants in Ireland (the "Institute") and the Company's Acts and issued by the Financial Reporting Council ("FRC").

The financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss. The preparation of financial statements requires management to make certain estimates and assumptions that may affect the amounts reported in the financial statements and related notes. Actual results may differ from the estimates and differences could be material. Refer to 'other transferable securities' section within the Schedule of Investments and the 'Fair Value Levels' section within Note 13 for details of securities fair valued using estimates and judgements by the Directors during the financial year ended 30 September 2023.

The format and certain wordings of the financial statements have been adapted from those contained in Irish statute so that, in the opinion of the Directors, they more appropriately reflect the nature of the Company's business as an Investment Fund.

The financial statements for the Company have been prepared on a going concern basis as the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future (which is at least, but is not limited to, twelve months from the date when the financial statements are authorised for issue).

The Company has availed of the exemption available to open-ended investment Funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting cash flow statements.

(b) Financial Assets and Financial Liabilities at Fair Value Through Profit or Loss

Classification

The Funds have classified all investments into the fair value through profit or loss category. This has two sub-categories: (1) financial assets and liabilities held for trading and (2) those designated by management at fair value through profit or loss. Financial assets or liabilities held for trading are acquired or incurred principally for the purposes of selling or repurchasing in the short term. All investments held in the Company are classified as held for trading.

Recognition/Derecognition

Purchases and sales of investments are recognised on the trade date being the date on which the Company commits to purchase or sell the investment. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership. Realised gains and losses on disposals are calculated using the First in First Out ("FIFO") method and are reflected as net gains/losses on financial assets/liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

Initial Measurement of Investments

Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed in the Statement of Comprehensive Income. Gains and losses arising from changes in the fair value of the financial assets or financial liabilities at fair value through profit or loss category are presented in the Statement of Comprehensive Income in the period in which they arise.

On initial application of FRS 102, in accounting for its financial instruments at fair value through profit or loss a reporting entity is required to apply either:

- The full provisions of Section 11 "Basis Financial Instruments" and Section 12 "Other Financial Instruments" of FRS 102; or make judgements and estimates that are reasonable and prudent;
- The recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of Sections 11 and 12 of FRS 102; or
- The recognition and measurement provisions of IFRS 9 Financial Instruments and/or IAS 39 (as amended following the publication of IFRS 9) and only the disclosure requirements of Sections 11 and 12 of FRS 102.

The Company has chosen to implement the recognition and measurement provisions of IAS 39 and only disclosure requirements of Sections 11 and 12 of FRS 102.

2. Significant Accounting Policies (continued)

(b) Financial Assets and Financial Liabilities at Fair Value Through Profit or Loss (continued)

Valuation of Investments

The estimation of fair value, after initial recognition, is determined as follows:

(i) Listed Investments

The value of an Investment which is quoted, listed or normally dealt in on a Regulated Market shall be the closing sale price on such Regulated Market as at the Valuation Point or the last traded price when no closing sale price is available.

(ii) Futures Contracts

Derivative financial instruments are initially recognised at cost and subsequently are re-measured at fair value. Market values are obtained from quoted market prices and exchange rates. All derivatives are carried in assets when amounts are receivable by the Fund and in liabilities when amounts are payable by the Fund. Changes in market values of future contracts are included in note 15. As at 30 September 2023, there were no Future Contracts held.

(iii) Bonds

The Fund utilises the closing mid price at the year end date for Bonds where the closing mid price falls within the bid-ask spread. In circumstances where the closing mid price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

(iv) Forward Foreign Exchange Contracts

The unrealised gain or loss on open forward foreign exchange contracts is calculated as the difference between the contracted rate and the rate to close out the contract and is disclosed in the Statement of Financial Position. Realised gains or losses include net results on contracts which have been settled or offset on other contracts and are recorded in the Statement of Operations and Changes in Net Assets. The unrealised appreciation/(depreciation) is disclosed in the Statement of Financial Position under "Unrealised gain/(loss) on forward foreign exchange contracts". Realised gains/(losses) and changes in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of Operations and Changes in Net Assets respectively under "Net realised gain/(loss) on investments, derivatives and foreign currencies and other" and "Net change in unrealised appreciation/(depreciation) on forward foreign exchange contracts". Changes in the realised/unrealised value of forward foreign exchange contracts are included in note 15.

(v) Investment Funds

Invesco Markets III plc can invest in short-term liquidity funds. See note 13 for details of these.

(c) Income from Investments

(i) Dividend Income

Dividends are credited to the Statement of Comprehensive Income on the dates on which the relevant securities are listed as "ex-dividend". Dividend income is shown gross of any non-recoverable withholding taxes, which are disclosed separately in the Statement of Comprehensive Income, and net of any tax credits.

(ii) Bond Interest Income

Interest income on securities is accrued on a daily basis and recognised in the Statement of Comprehensive Income. Interest income on securities includes interest and discount earned (net of premium), which is the difference between the face value and the original cost, including original issue discount. Accretion of market discount/Amortisation of market premium can be seen on a separate line on the Statement of Comprehensive Income.

(iii) Securities Lending Income

Income earned from the Funds engaging in securities lending is disclosed net of the lending agent fee and is shown separately in the Statement of Comprehensive Income.

(d) Expense Recognition

All expenses are recognised in the Statement of Comprehensive Income on an accruals basis. Bank interest expense is accrued on a daily basis.

(e) Receivables and Payables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables are recognised initially at fair value plus transaction costs that are directly attributable to their acquisition origination. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. The carrying amount of other receivables approximates to their fair values.

Payables are recognised initially at fair value and subsequently stated at amortised cost, using the effective interest method. The difference between the proceeds and the amount payable is recognised over the period of the payable. The carrying amount of payables approximates to their fair values.

Securities sold receivable and securities purchased payable represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the Statement of Financial Position date respectively.

(f) Redeemable Participating Shares

The Net Asset Value ("NAV") per share is computed for each dealing day. The price at which shares are allotted or redeemed is calculated with reference to the NAV per share as at the close of business on the relevant dealing day in accordance with the prospectus of the Company, as amended.

Redeemable participating Shares are redeemable at the shareholder's option and are classified as financial liabilities. The distribution on these shares is recognised in the Statement of Comprehensive Income as finance costs.

The redeemable participating Shares can be redeemed at any time for cash equal to a proportionate share of the NAV. The redeemable participating Share is carried at the redemption amount that is payable at the Statement of Financial Position date if the shareholder exercised its right to put the share back into the Company.

2. Significant Accounting Policies (continued)

(f) Redeemable Participating Shares (continued)

The fair value of the financial liability for the redeemable participating Shares is the redemption amount per share, calculated as the NAV per share less any associated duties and charges and any redemption dividend which is payable on the Shares redeemed.

Capital shares receivable and capital shares payable represent receivables for shares sold and payables for shares purchased that have been contracted for but not yet settled or delivered on the Statement of Financial Position date respectively.

(g) Dividends to Redeemable Participating Shareholders

Dividends payable to holders of redeemable participating Shares are classified as finance costs in the Statement of Comprehensive Income.

(h) Taxation

Under current law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or gains.

However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders, any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- a) A Shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company or Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- b) Certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to withholding taxes imposed by the country from which the investment income/gains are received, and such taxes may not be recoverable by the Company or its shareholders.

The Finance Act 2010 provides that the Revenue Commissioners may grant approval for investment funds marketed outside of Ireland to make payments to non-resident investors without deduction of Irish tax where no relevant declaration is in place, subject to meeting the "equivalent measures". A company wishing to receive approval must apply in writing to the Revenue Commissioners, confirming compliance with the relevant conditions

(i) Foreign Currency

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which it operates ("the presentation currency"). This is US Dollar ("USD"), which reflects the fact that the Company's investor base is located in the United States.

(i) Functional and Presentation Currency

The Funds have US Dollar as their functional and presentation currency apart from the following:

 Fund Name
 Currency

 Invesco FTSE RAFI Europe UCITS ETF
 EUR

 Invesco EURO STOXX High Dividend Low Volatility UCITS ETF
 EUR

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the Statement of Financial Position date. Foreign exchange gains and losses arising from translation are included in the Statement of Comprehensive Income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the Statement of Comprehensive Income within 'Net gain/loss on financial assets and liabilities at fair value through profit or loss'. Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the Statement of Comprehensive Income within 'Net gain/loss on financial assets and liabilities at fair value through profit or loss'.

(j) Equalisation

An equalisation account is maintained by each Fund so that the amount distributed on all classes of Shares will be the same for all shares of the same type, notwithstanding different dates of issue. A sum equal to that part of the issue price of a Share which reflects income (if any) accrued up to the date of issue will be deemed to be an equalisation payment. It will be treated as repaid to Shareholders with the first distribution or accumulation for the relevant Fund to which the Shareholder is entitled in the same accounting period as that in which the shares are issued. Equalisation will not be operated in respect of the first issue of Shares by a Fund.

(k) Cash and Cash Equivalents

Cash and cash equivalents include cash in hand and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are included in liabilities on the Statement of Financial Position. An investment company may not borrow more than 10% of its net assets on a temporary basis.

(I) Transaction Fees

Transaction fees are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers. Transaction fees, when incurred, are immediately recognised in profit or loss as an expense.

2. Significant Accounting Policies (continued)

(m) Cash Collateral Held

Cash collateral provided by each Fund is identified in the Statement of Financial Position as cash collateral held and is not included as a component of cash and cash equivalents. For collateral other than cash, if the party to whom the collateral is provided has the right by contract or custom to sell or repledge the collateral, the Fund classifies that asset in its Statement of Financial Position separately from other assets and identifies the asset as pledged collateral. Where the party to whom the collateral is provided does not have the right to sell or repledge, a disclosure of the collateral provided is made in the notes to the financial statements. Any obligation arising from collateral received is measured at the fair value of the amount required to settle the obligation and separately identified in the Statement of Financial Position. There was no cash collateral held at 30 September 2023 and 30 September 2022.

(n) Margin Account Held at Broker

Cash collateral, if any, provided by/payable to each Fund in relation to futures contracts is identified in the Statement of Financial Position as margin cash held at broker and is not included as a component of cash and cash equivalents.

(o) Amortisation and Accretion of Market Investments

Amortisation/Accretion of Premium/Discount is disclosed under the Investment Income section on the Statement of Comprehensive Income. Amortisation is the process of decreasing the book value of a bond purchased at a premium until the book value was equal to the par value at the time of maturity. As the book value is reduced, it is accounted for as a reduction in total investment income. Accretion is the process of writing up the book value of a bond purchased at a discount. As the book value is increased, it is accounted for as an increase in total investment income. The Amortisation/Accretion approached provides a consistent accounting treatment over the life of bond-like assets of the capital gain or loss associated with holding these assets.

(p) Capital Gains Tax

In September 2016, Brazil's Department of Federal Revenue updated Ireland's status for Brazilian tax purposes and included Ireland on their list of countries classified as low tax jurisdictions. This resulted in the asset and wealth management industry having to consider whether funds should accrue for potential Brazilian capital gains tax exposures ("CGT") on unrealised gains on their holdings. As at 30 September 2023, FTSE RAFI Emerging Markets UCITS ETF has made a provision for the potential Brazilian CGT using the applicable tax rates enacted during the financial year. Two of the Funds in Invesco Markets III plc had exposure to Brazilian investments as at 30 September 2022 – Invesco FTSE RAFI All World 3000 UCITS ETF and Invesco FTSE RAFI Emerging Markets UCITS ETF.

Gains arising from sale of Indian securities are subject to CGT in India. As at 30 September 2023, the Invesco FTSE RAFI All World 3000 UCITS ETF, FTSE RAFI Emerging Markets UCITS ETF and Invesco FTSE Emerging Markets High Dividend Low Volatility UCITS ETF have made provisions for the potential CGT using the applicable tax rates enacted during the financial year. As at 30 September 2022, the Invesco FTSE RAFI All World 3000 UCITS ETF and FTSE RAFI Emerging Markets UCITS ETF made provisions for the potential CGT using the applicable tax rates enacted during the financial year. Please refer to the Statement of Comprehensive Income.

3. Cash

The Fund's cash balances are maintained in an interest-bearing account with the custodian of the Company, The Bank of New York Mellon SA/NV, Dublin Branch. These cash balances are held in the name of The Bank of New York Mellon SA/NV, Dublin Branch, the Depositary.

Cash and other liquid assets with a maturity of less than 3 months will be valued at their face value with interest accrued.

As at 30 September 2023, the Invesco FTSE RAFI Emerging Markets UCITS ETF held restricted cash denominated in Russian Rouble: RUB 2,238,296 (USD 22,933) (30 September 2022: RUB 2,238,296 (USD 36,618)) which amounted to 0.09% of the NAV.

7. Share Capital

Share Capital

The authorised share capital of the Company is EUR39,000 divided into 39,000 Subscriber Shares of no par value, and 500 billion Shares of no par value. Each of the Shares of the Company entitles the holder (the "Shareholder") to attend and vote at all meetings held by the Company, as well as to participate equally on a pro rata basis in the dividends and net assets of the respective Fund.

Subscriber Share Capital

There are seven Subscriber Shares currently in issue which are held by the Manager and nominees of the Manager. All Subscriber Shares were issued for cash. The Subscriber Shares do not form part of the share capital representing any Fund of the Company.

7. Share Capital (continued)

The issued and fully paid redeemable participating Share capital is at all times equal to the NAV of the Company. Redeemable participating Shares are redeemable at the Shareholders option and are classified as financial liabilities.

In the case of subscriptions and redemptions for Creation Units (in respect of a Fund, the predetermined number of Shares which an interested participant must subscribe for or redeem when subscribing or redeeming on the primary exchange market), the price per Creation Unit is the number of shares indicated in the prospectus supplement for each Fund by the NAV per Share in each Fund. On each Dealing Day on which the application for Creation Units is accepted, the Administrator will report to the applicant the amounts of the Cash Component (the amount of cash required to equalise any differences between the value of the securities set out in the Portfolio Composition File and the NAV for each Creation Unit), In-Kind Transaction Fee and Transfer Taxes, if any, to be delivered by the applicant to the Depositary with the Portfolio Deposit.

The following tables show the movement in shares for the financial year ended 30 September 2023 and 30 September 2022.

8. Efficient Portfolio Management

The Company may, on behalf of each Fund and subject to the conditions and within the limits laid down by the Central Bank of Ireland, employ techniques and instruments relating to transferable securities for efficient portfolio management purposes. Transactions for the purposes of efficient portfolio management may be undertaken with a view to achieving a reduction in risk, a reduction in costs or an increase in capital or income returns to a Fund and may not be speculative in nature. These techniques and instruments may include investments in financial derivative instruments such as futures (which may be used to manage interest rate risk), options (which may be used to achieve cost efficiencies, for example where the acquisition of the option is more cost effective than purchasing of the underlying asset), swaps and forward currency exchange contracts (both of which may be used to manage currency risk against the base currency of a Fund and/or any functional currency of a Fund). Such techniques and instruments will be utilised in accordance with the requirements of the Central Bank of Ireland. New techniques and instruments may be developed which may be suitable for use by the Company and the Company (subject as aforesaid) may employ such techniques and instruments. A Fund may enter into securities lending, repurchase and/or reverse repurchase agreements for the purposes of efficient portfolio management in accordance with the provisions of the UCITS Regulations.

Details of forward foreign exchange contracts held are reflected within the Schedule of Investments starting on page 26 to 104.

9. Securities Lending and Collateral

A Fund may also enter into securities lending, repurchase and/or reverse repurchase agreements for the purposes of efficient portfolio management in accordance with the Central Bank Requirements. The maximum proportion of a Fund's assets that may be subject to securities lending is 100% and the expected proportion of a Fund's assets that may be subject to securities lending are between 0% and 15% for Equity Funds, between 0% and 30% for Invesco US High Yield Fallen Angels UCITS ETF.

The securities lending agent appointed pursuant to the Securities Lending Authorisation Deed is The Bank of New York Mellon SA/NV ("Bank").

9. Securities Lending and Collateral (continued)

At 30 September 2023 and 30 September 2022, there was securities lending on the sub-funds listed in the table below. The table below shows the securities lending income earned. This securities lending income earned is net of the lending agent fee.

As per the Securities Lending Authorisation Deed, the Bank is authorised and directed to invest and re-invest all or substantially all of the collateral received in any approved investments as specified to be "No Cash Collateral other than for the purposes set out in Schedule 1" of the in the Securities Lending Authorisation Deed. All approved investments shall be for the account and risk of the lender. To the extent any loss arising out of approved investments results in a deficiency in the amount of collateral available to return to a borrower, the lender agrees to pay the Bank on demand cash in amount equal to such deficiency. As at 30 September 2023 and 30 September 2022, there was no collateral reinvested

Global Exposure

Following the assessment of the Investment Policy of each Fund, the Company has determined that the Commitment Approach is the appropriate method to calculate the Global Exposure for each Fund.

Performance & Risk Analytics Europe Limited ("P&RA"), which is part of The Bank of New York Mellon ("BNYM") provides monitoring services to the Company with regard to its responsibilities to monitor global exposure, OTC counterparty exposure and issuer concentration risk and cover requirements on a daily basis using the Charles River system. This is an order management system for pre trade checks based on general regulatory rules applicable to each Fund, as well as the more fund specific investment objectives. P&RA is provided with trade data from the Company which is fed through BNYM's InvestOne accounting platform. P&RA then monitors the compliance of the Funds with restrictions as set out in the Fund's prospectus and provide the Ireland Compliance team and the PRF (Permanent Risk Function) with daily exposure reports and exception reports when breaches have been identified.

The notional value of each open Financial Derivative Instrument ("FDI"), as disclosed in the Schedule of Investments, represents the total exposure of the respective Funds to these instruments.

Positions may be netted between derivatives, provided they refer to the same underlying asset, even if the maturity date of the derivatives differs and between derivatives and the corresponding underlying asset. No such netting has occurred as at 30 September 2023 and 30 September 2022.

13. Financial Risk Management (continued)

Global Exposure (continued)

Hedging arrangements are combinations of trades on financial derivative instruments and/or security positions which do not necessarily refer to the same underlying asset and where the derivatives and/or security positions are concluded with the sole aim of offsetting risks linked to positions taken through the other derivative and/or security positions. No such hedging has occurred as at 30 September 2023 and 30 September 2022.

A Fund may enter into securities lending. Please see note 9 for details. The daily monitoring of the other UCITS investment restrictions such as the standard concentration rules for the Funds using direct replication is delegated to BNY Mellon Fund Services (Ireland) Designated Activity Company, the Administrator.

The sensitivity analysis for the Funds listed in the table overleaf assumes that the price movement of the Funds is independent and all other variables in the market are constant.

The sensitivity analysis uses historical data as a basis for determining future events; it does not encompass all possible scenarios particularly of an extreme nature. These values do not capture all events which can happen within the Fund some which can have high volatility and impact.

As detailed in the below table, the increase in the respective underlying indices at 30 September 2023, with all other variables stable, would have resulted in the changes in net assets attributable to holders of redeemable participating Shares as follows:

| | | | Benchmark Movement* | Change in Net Assets 2023 |

^{*} Rounded to the nearest percent, data from Bloomberg.

An equivalent decrease in the indices, with all variables held constant, would have decreased the net assets attributable to holders of redeemable participating Shares by the same amount.

Based on historic movements and volatilities in these market variables, and management's knowledge and experience of the financial markets, it was determined that the movements listed for respective indices were reasonably possible over a 12 month period. Historical movements are not always indicative of future events and the movements may differ significantly from the movements disclosed above.

Interest Rate Risk

Any excess cash and cash equivalents are invested at short-term market interest rates. Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risks from cash balances held with The Bank of New York Mellon SA/NV, Dublin Branch. The interest rate for those cash accounts, that earn interest, ranges from 0% to 2.65%. Interest earned during the financial year is disclosed within the Statement of Comprehensive Income within "Bank interest income" Invesco US High Yield Fallen Angels UCITS ETF is exposed to interest rate risk through its investment in bonds where the value of these securities may fluctuate as a result of a change in interest rates.

Movements in the prices of these investments are derived from movements in market interest rates and issuer creditworthiness. Issuer creditworthiness and credit spreads are monitored by the Investment Manager regularly. The securities in which the Invesco US High Yield Fallen Angels UCITS ETF invest will generally have a minimum rating of investment grade from a ratings agency as set out in the investment policy of Invesco US High Yield Fallen Angels UCITS ETF.

The sensitivity of the Funds NAV as a result of interest rate movements is included in the market price risk analysis.

Although the movement in interest rates drive the value of Invesco US High Yield Fallen Angels UCITS ETF, as listed, the performance of Invesco US High Yield Fallen Angels UCITS ETF moves in line with their benchmark. Management manage Invesco US High Yield Fallen Angels UCITS ETF in line with its benchmark rather than specifically managing interest rate risk.

The following tables summarise the exposure to interest rate risk for the financial year ended 30 September 2023 and 30 September 2022. It includes the Funds' assets and trading liabilities at fair values categorised by the earlier of contractual re-pricing or maturity date measured by the carrying value of the assets and liabilities.

Credit Risk

Credit risk is the risk that third parties which either hold assets owned by the Funds or owe the Funds cash due to various transactions with the Funds are unable to return or pay the Funds the full amount due in a timely manner.

The Funds have appointed The Bank of New York Mellon SA/NV, Dublin Branch to act as Depositary of the Funds' assets. Substantially all of the cash and investments in equity and bond securities of the Funds are held by The Bank of New York Mellon SA/NV. Dublin Branch at financial year end.

The Funds are exposed to credit risk through the use of The Bank of New York Mellon SA/NV, Dublin Branch as Depositary. Bankruptcy or insolvency of the bank may cause the Funds rights with respect to its cash and investments held by the bank to be delayed or limited. The maximum exposure to this risk at 30 September 2023 is the cash amounts disclosed on the Statement of Financial Position and the investments disclosed in the Schedules of Investments.

To mitigate the risk that the Funds are exposed to from the use of the Depositary and counterparties, the Investment Manager employs appropriate procedures to ensure that the counterparties are reputable institutions, and the credit risk is acceptable to the Funds. The Funds only transact with depositary /counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. In addition, the Funds' securities are maintained by the Depositary in segregated accounts. In the event of insolvency or bankruptcy of the Depositary, the Funds securities are segregated and protected. At 30 September 2023, The Bank of New York Mellon Corporation, parent company of the Depositary, has a credit rating of A (per Standard & Poor's) (2022: A (per Standard & Poor's)). Credit risk arising on security transactions with brokers relates to the transactions awaiting settlement. Risk relating to unsettled transactions is considered small due to the short settlement period involved and the credit quality of the brokers used. The Funds monitor the credit ratings and financial positions of the brokers used to further mitigate this risk.

Credit Risk (continued)

At 30 September 2023 and 30 September 2022 the Company was invested in debt securities with the following credit quality per Standard and Poor's and Moody's:

| Portfolio by rating category | 30 September 2023 | 30 September 2022 |
|------------------------------|-------------------|-------------------|
| Rating | | |
| B and above | 98.02% | 98.45% |
| C and above | 1.98% | 1.55% |
| Total | 100.00% | 100.00% |

There are no past due or impaired assets as of 30 September 2023 or as of 30 September 2022.

Counterparty Risk

The Funds are also exposed to counterparty risk on all derivatives held. Failure of the counterparties to meet their commitments under the derivative contracts could result in loss to the Funds either through failure to realise the value of derivative assets or a failure to return collateral pledged. The risk is managed by only transacting with approved counterparties. The prices of all derivative instruments are highly volatile. The Funds are also subject to the risk of the failure of any of the exchanges on which the open exchange traded futures contracts are traded and backed by the exchange.

Currency Risk

Assets and liabilities of the Funds may be denominated in a currency other than the Functional Currency of each Fund and changes in the exchange rate between the base currency and the currency of the asset may lead to a depreciation of the value of the Fund's assets as expressed in the base currency. It may not be possible or practical to hedge against such exchange rate risk. The Fund's Investment Manager may, but is not obliged to, mitigate this risk by using financial instruments. Significant exposure would be a currency exposure of greater than 10% of the equity of the Portfolio.

There was no currency risk on the following Funds as the Funds did not hold assets and liabilities denominated in a currency other than the Functional Currency of each Fund at 30 September 2023 and 30 September 2022:

Invesco FTSE RAFI US 1000 UCITS ETF Invesco S&P 500 QVM UCITS ETF

The foreign currency sensitivity analysis below is based on a change in one variable while holding all other variables constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated - for example, changes in interest rates. In addition, as the sensitivity analysis uses historical data as a basis for determining future events, it does not encompass all possible scenarios, particularly those that are of an extreme nature. At 30 September 2023 the sensitivity movement used is 10% (2022: 10%) of all monetary assets held in the exposure currency.

At 30 September 2023, had the Euro/ US Dollar/ Pound Sterling strengthened/ (weakened) by 10% in relation to the major currencies listed in the tables below, assuming no hedging of this position, the net assets attributable to redeemable participating Shareholders and the change in net assets attributable to holders of redeemable participating Shares per the Statement of Comprehensive Income of the Funds would have decreased/(increased) by the amounts shown below.

The currency exposure of the monetary and non-monetary assets at 30 September 2023 is as follows:

Liquidity Risk

The Company is exposed to daily cash redemptions of redeemable participating Shares.

Liquidity risk is the risk that the Funds may not be able to generate sufficient cash resources to settle their obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The main liquidity risk to the Funds arises from the redemption requests of its investors. The Funds' Authorised Participants may redeem their shares on any business day for cash or in-kind equal to a proportionate amount of the Funds' NAV. While in-kind redemptions will not impact the liquidity of the Fund, cash redemptions can expose the Fund to liquidity risk.

The Funds have instituted policies and procedures to assist in the managing of the liquidity risk. Share redemptions will only be settled by the Fund three business days after the Authorised Participant notifies the Fund of its intention to redeem Shares. The majority of the Funds' assets are held in the form of highly liquid securities trading on established stock exchanges, this allows the Fund sufficient time to dispose of assets and raise the cash necessary to affect the redemption. The Investment Manager reviews daily forward looking cash reports which project expected cash obligations. These reports allow the Investment Manager to manage the Funds' cash obligations.

As at 30 September 2023, Invesco US High Yield Fallen Angels UCITS ETF is exposed to liquidity risk due to its exposure to Bond holdings greater than 12 months for an amount of USD 198,669,649 (30 September 2022: USD 164,775,059).

Fair Value Levels

Under amendments to FRS 102 – Fair Value Hierarchy Disclosures, the Company is required to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The fair value hierarchy has the following levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Financial Risk Management (continued)

Fair Value Levels (continued)

Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The determination of what constitutes 'observable' requires significant judgement by the Company. The Company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Furthermore, for those instruments which have significant unobservable inputs (Level 3), Regulation requires disclosures on the transfers into and out of Level 3, a reconciliation of the opening and closing balances, total gains and losses for the financial year split between those recognised in the Statement of Comprehensive Income and recognised through the statement of total recognised gains and losses, purchases, sales issues and settlements, and a sensitivity analysis of assumptions used in determining the fair value of Level 3 positions.

17. Distributions to Redeemable Participating Shareholders

Please refer to the Directors' Report for details of Distributions to redeemable participating Shareholders during the financial year and for the comparative financial year.

18. Significant Events during the financial year

On the 30 November 2022, a new prospectus was issued.

On the 31 March 2023, a new prospectus was issued.

Silicon Valley Bank, Signature Bank and Credit Suisse

Following the closure of Silicon Valley Bank ("SVB"), the possession of Signature Bank and the recent economic turmoil involving Credit Suisse, Invesco have evaluated the impact of the Company and the aggregate exposure of the funds that are tied to SVB, Signature Bank and Credit Suisse is immaterial to the overall assets under management of the Company.

The investment teams overseeing these funds are monitoring the situation and are making decisions with the best interests of the clients in mind.

There were no other significant events during the financial year end date that required to be disclosed in the financial statements.

19. Segregated Liability

The Company has adopted segregated liability between its Funds. This ensures that the liabilities incurred on behalf of a Fund will generally be discharged solely out of the assets of that Fund and there generally can be no recourse to the other Funds to satisfy those liabilities. Notwithstanding the foregoing there can be no assurance that, should an action be brought against the Company in a court in another jurisdiction, the segregated nature of the Funds would necessarily be upheld.

20. Significant Events after the financial year end date

From 1 October 2023 to 23 January 2024, the net movement on subscriptions/(redemptions) for each Fund in excess of a 20% materiality threshold were as follows:

| Fund Name | Currency | Net movement on Subscriptions/(Redemptions) from 1 October 2023 to 23 January 2024 |

There were no other significant events after the financial year end date that required to be disclosed in the financial statements.

21. Transaction Fees

Transaction fees incurred by the Funds relating to purchase or sale of transferable securities, money market instruments, derivatives or other eligible assets are mainly composed of Depositary fees. Transaction fees are included in the transaction price used to calculate the realised and unrealised gain or loss on securities.

For the financial year ended 30 September 2023 these transactions costs amount to:

| Fund Name | Currency | Transaction Fees |

Additional Information (Unaudited)

1. Remuneration Policy

Invesco Investment Management Limited (the "Management Company") has adopted a remuneration policy which is consistent with the principles outlined in the European Securities and Markets Authority (ESMA) Guidelines on sound remuneration policies under the UCITS

The policy was revised in 2022, to include specificities for some Invesco EU regulated Management Companies. The Management Company was not impacted by the changes.

The purpose of the remuneration policy is to ensure the remuneration of the staff of the Management Company is consistent with and promotes sound and effective risk management, does not encourage risk-taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the Manager and of the UCITS it manages and does not impair the Management Company's compliance with its duty to act in the best interests of the UCITS it manages. The Management Company's summary remuneration policy is available on our website (www.invescomanagementcompany.ie). The Management Company's full remuneration policy is available for free from the registered office (see address page 5) upon request.

The remuneration policy is reviewed annually by the Compliance, Human Resources and Risk Management functions who recommend any adjustments to ensure continued alignment of the policy with sound risk management. The board of directors of the Management Company is responsible for the oversight of remuneration and for ensuring adherence to this policy through the Human Resources function.

The Internal Audit function conducts regular testing of administration of the remuneration policy to assess its ongoing compliance with the Invesco Group's remuneration policies and procedures.

The aggregate total remuneration for the staff of the Management Company during performance year 2022 (1st January 2022 to 31st December 2022) is EUR 9.33m of which EUR 7.29m is fixed remuneration and EUR 2.04m is variable remuneration. The number of beneficiaries is 62.

The Management Company has identified individuals considered to have a material impact on the risk profile of the Management Company or the UCITS it manages (Identified Staff), who include board members of the Management Company, senior management, heads of control functions, other risk takers and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers.

The aggregate total remuneration paid to the Identified Staff of the Management Company for UCITS related activities for the performance year 2022 (1st January 2022 to 31st December 2022) is EUR 2.12m of which EUR 1.65m is paid to Senior Management and EUR 0.47m is paid to other Identified Staff. Please note the total remuneration for Identified Staff of the Management Company for UCITS related activities includes remuneration for staff employed by delegates.

2. Securities Financing Transactions Regulation

Securities lending

All securities lending transactions entered into by the Funds are subject to a written legal agreement between the Funds and the Securities Lending Agent, The Bank of New York Mellon SA/NV, a related party to the Company, and separately between the Securities Lending Agent and the approved borrowing counterparty.

The following table details the aggregate value of securities on loan by Fund as a proportion of total lendable assets and each Fund's NAV as at 30 September 2023:

2. Securities Financing Transactions Regulation (continued)

The collaterals are held in the name of the Lending Agent Lender to the order of its clients; the actual segregation to underlying client level is done with the Lending Agent's books and records. The collaterals are held on account at the tri-party agent, who acts as a settlement and collection service for securities and collateral between the lender and the borrower. The tri-party agents used but not limited to, The Bank of New York Mellon, London Branch, JPMorgan Chase Bank N.A, Euroclear Bank and Clearstream Bank Luxembourg. For bilateral transactions, the collaterals are held on account at the Agent Lender.

The following tables provide an analysis of the amounts held at each collateral agent as non-cash collateral received in respect of securities lending transactions as at 30 September 2023:

The type and quality of collateral obtained in respect of securities lending transactions are as follows:

- (1) Debt obligations and securities issued by a government where such government is a ratified member of the Organization for Economic Co-Operation and Development, or by the government of Singapore. Debt obligations and securities issued by agencies and instrumentalities of these same governments are also acceptable. In each case, the issuer of the debt obligation or security shall be rated (i) A or better by Standard & Poor's, or (ii) A or better by Fitch, or (iii) A2 or better by Moody's, or (iv) A or better by DBRS.
- (2) Debt obligations issued by the following supranational issuers, where such issuer has a rating of (i) AA or better by Standard & Poor's, or (ii) AA or better by Fitch, or (iii) Aa2 or better by Moody's, or (iv) AA or better by DBRS.**: European Bank for Reconstruction and Development; European Investment Bank; European Union; European Stability Mechanism, Inter-American Development Bank; International Bank for Reconstruction and Development; International Finance Corporation; European Financial Stability Facility; Eurofima; Council of Europe Development Bank; Eutelsat; Organisation for Economic Co-operation and Development; African Development Bank; Asian Development Bank; Bank of International Settlements; Euratom; European Coal and Steel Comminity; International Development Association; International Monetary Fund; Nordic Investment Bank;

3. UK Reporting

The Offshore Funds (Tax) Regulations 2009 and Subsequent Regulations Amendments ("the Regulations") introduced new provisions to update offshore Funds regime and came into effect for periods of accounting commencing after 1 December 2009. The Reporting Funds Regime

- 1. the reporting fund status is applied for once and in advance.
- 2. the relevant share classes to report details of Income annually, within six months of their accounting financial year end to both Investors and UK authorities.
- 3. Investors to provide details of reportable income on their annual tax return.

The reportable Income per Share for the financial year ended 30 September 2023 will be available through https://etf.invesco.com.

4. Sustainable Finance Disclosure Regulation ("SFDR")

The sub-funds are financial products which are not subject to Article 8 or Article 9 of SFDR in compliance with the requirement under Article 7 of the EU Taxonomy Regulation (EU) 2020/853 (the "Taxonomy Regulation"), the Investment Manager confirms that the investments underlying the financial products do not take into account the EU criteria for environmentally sustainable economic activities as defined by the Taxonomy Regulation.
