Objectives, Process and Policies

INVESTMENT OBJECTIVE

To provide long-term capital growth by investing primarily in a growth style biased portfolio of companies, globally.

INVESTMENT PROCESS

Investment approach

- Uses a fundamental bottom-up stock selection process.
- Investment process built on stock level analysis by a global research team.
- Seeks to identify high quality companies with superior and sustainable growth potential.

Share Class Benchmark MSCI All Country World Growth Index (Total Return Net)

Benchmark uses and resemblance

- Performance comparison.

The Sub-Fund is actively managed. Though the majority of its holdings (excluding derivatives) are likely to be components of the benchmark, the Investment Manager has broad discretion to deviate from its securities, weightings and risk characteristics.

The degree to which the Sub-Fund may resemble the composition and risk characteristics of the benchmark will vary over time and its performance may be meaningfully different.

POLICIES

Main investment exposure At least 67% of assets invested in a portfolio of growth style biased equities of companies anywhere in the world, including emerging markets. The Sub-Fund may invest in companies of any size (including small capitalisation companies). The Sub-Fund may be concentrated in a limited number of securities, sectors and markets from time to time.

At least 51% of assets are invested in companies with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data.

The Sub-Fund invests at least 10% of assets excluding cash, cash equivalents, Money Market Funds and derivatives for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives.

The Investment Manager evaluates and applies values and norms based screening to implement exclusions. To support this screening, it relies on third party provider(s) who identify an issuer's participation in or the revenue which they derive from activities that are inconsistent with the values and norms based screens. The list of screens applied that may result in exclusions can be found on the Management Company's Website (www.jpmorganassetmanagement.lu).

The Sub-Fund systematically includes ESG analysis in its investment decisions on at least 90% of securities purchased.

Derivatives Used for: efficient portfolio management; hedging. *Types:* see [Sub-Fund Derivatives Usage](#) table under [How the Sub-Funds Use Derivatives, Instruments and Techniques](#) in the Prospectus. *TRS including CFD:* none. *Global exposure calculation method:* commitment.

Currencies *Sub-Fund Base Currency:* USD. *Currencies of asset denomination:* any. *Hedging approach:* flexible.

Redemption and Dealing Shares of the Sub-Fund may be redeemed on demand, with dealing normally on a daily basis.

Distribution Policy This Share Class does not pay dividends. Earned income is retained in the NAV.

Risk and Reward Profile

The above rating is based on the historic volatility of the simulated Net Asset Value of this Share Class over the last five years and may not be a reliable indication of the future risk profile of this Share Class.

The risk and reward category shown above is not guaranteed to remain unchanged and may change over time.

A Share Class with the lowest risk rating does not mean a risk-free investment.

Why is this Share Class in this category? This Share Class is classified in category 6 because its simulated Net Asset Value has shown high fluctuations historically.
