### Intended retail investor

This product is intended for investors who plan to stay invested for at least 5 years and who understand the risks of the Sub-Fund, including the risk of capital loss, and:

- seek an investment return through exposure to a range of asset classes;
- are looking to use it as part of an investment portfolio and not as a complete investment plan.

**Term** The product does not have a maturity date. The Board of Directors of the Fund may unilaterally liquidate the product under certain circumstances and the manufacturer would facilitate such a liquidation.

### Practical information

**Depository** The fund depository is J.P. Morgan SE - Luxembourg Branch.

**Legal Information** JPMorgan Asset Management (Europe) S.à r.l. may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus.

JPMorgan Investment Funds consists of separate Sub-Funds, each of which issues one or more Share Classes. This document is prepared for a specific Share Class. The Prospectus and annual and semi-annual financial reports are prepared for JPMorgan Investment Funds.

The Sub-Fund is part of JPMorgan Investment Funds. Under Luxembourg law, there is segregated liability between Sub-Funds. This means that the assets of a Sub-Fund will not be available to meet a claim of a creditor or another third party made against another Sub-Fund.

**Switching** Investors may switch into Shares of another Share Class (excluding a T Share Class or an F Share Class) of the Sub-Fund or

another Sub-Fund of JPMorgan Investment Funds subject to meeting any relevant eligibility requirements and minimum holding amounts.

Further information can be found in the "Investing in the Sub-Funds" section of the Prospectus.

## What are the risks and what could I get in return?

### Risks

The risk indicator assumes you keep the product for 5 year(s).

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you. The risk of the product may be significantly higher if held for less than the recommended holding period.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Beside the risks included in the risk indicator, other risks materially relevant for the product may affect its performance. Please refer to the Prospectus, available free of charge at [www.jpmorganassetmanagement.lu](http://www.jpmorganassetmanagement.lu).

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

**What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

**The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.**

The stress scenario shows what you might get back in extreme market circumstances.

**Unfavourable:** this type of scenario occurred for an investment between 2023 and 2024.

**Moderate:** this type of scenario occurred for an investment between 2016 and 2021.

**Favourable:** this type of scenario occurred for an investment between 2016 and 2021.

### What happens if JPMorgan Asset Management (Europe) S.à.r.l. is unable to pay out?

JPMorgan Asset Management (Europe) S.à.r.l. is responsible for administration and management of the Fund, and does not hold assets of the Fund (assets that can be held by a depositary are, in line with applicable regulations, held with a depositary in its custody network). JPMorgan Asset Management (Europe) S.à.r.l., as the

manufacturer of this product has no obligation to pay out since the product design does not contemplate any such payment being made. However, investors may suffer loss if the Fund or the depositary is unable to pay out. There is no compensation or guarantee scheme in place which may offset, all or any of, your loss.

### What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

#### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- Ft 4,000,000 is invested.

Example Investment Ft 4,000,000	if you exit after 1 year	if you exit after 5 years (recommended holding period)
<b>Total Costs</b>	<b>Ft 337,600</b>	<b>Ft 974,201</b>
<b>Annual cost impact*</b>	<b>8.4%</b>	<b>4.1%</b>

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.7% before costs and 3.6% after costs.

### Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
<b>Entry costs</b>	5.00% of the amount you pay in when entering this investment.	200,000 HUF
<b>Exit costs</b>	0.50% of your investment before it is paid out to you.	20,000 HUF
Ongoing costs taken each year		
<b>Management fees and other administrative or operating costs</b>	1.46% of the value of your investment per year. This includes a stock lending fee. This is an estimate based on actual costs over the last year.	58,400 HUF
<b>Transaction costs</b>	1.48% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	59,200 HUF
Incidental costs taken under specific conditions		
<b>Performance fees</b>	There is no performance fee for this product.	0 HUF

A switching charge not exceeding 1% of the Net Asset Value of the shares in the new Share Class may be charged.

### How long should I hold it and can I take money out early?

#### Recommended holding period: 5 year(s)

This product is designed for longer term investments due to the potential volatility of its performance; you should be prepared to stay invested for at least 5 years. You can redeem your investment without

penalty at any time during this period however your return may be negatively impacted by the volatility of its performance. Redemptions are possible on every business day, with proceeds settled within 3 business days.
