What is this product?

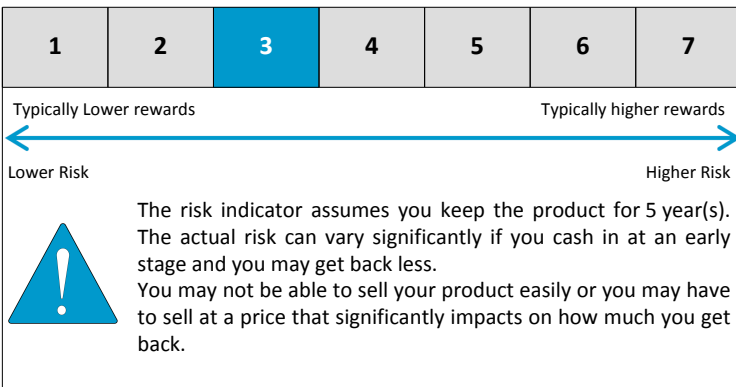

Type: This investment fund is a sub-Fund of Legal & General UCITS ETF Plc (the "Company"), an umbrella investment company with variable capital and segregated liability between Funds. The Fund is authorised in Ireland and regulated by the Central Bank of Ireland.

Term: There is no fixed maturity date.

Objectives: The Fund is a passively managed exchange traded Fund that aims to track the performance of the J.P. Morgan China Custom Liquid ESG Capped Index (the "Index") subject to the deduction of the on-going charges and other costs associated with operating the Fund. Shares in this Share Class (the "Shares") are denominated in USD and can be bought and sold on stock exchanges by ordinary investors using an intermediary (e.g. a stockbroker). In normal circumstances, only Authorised Participants may buy and sell Shares directly with the Company. Authorised Participants may redeem their Shares on demand in accordance with the "Dealing Timetable" published on <http://www.lgim.com>. The Index is designed to provide exposure to certain Chinese Yuan (CNY)-denominated fixed-rate bullet government bonds and financial policy bonds issued by China Development Bank, Agricultural Development Bank of China, and the Export-Import Bank of China with remaining maturity of at least 13 months at each month end rebalancing. Where the Fund invests in such government bonds, it may do so via the China Bond Connect. The Index includes only those securities that are denominated in CNY with a minimum issue size of CNY 50 billion and listed on the China Interbank Bond Market. The Index is designed to provide exposure to securities of issuers that satisfy certain environmental, social and governance ("ESG") requirements, as defined by the index provider. An ESG scoring and screening methodology is applied by the Index to tilt towards issuers ranked higher on ESG criteria and to underweight issuers that rank lower. The Fund will primarily invest directly in a portfolio of fixed income securities that, as far as possible and practicable, consists of the component securities of the Index in similar proportions to their weightings in the Index. The Fund may also invest in (1) bonds and similar securities that are not constituents of the Index that have similar risk and performance characteristics to the bonds contained in the Index and (2) financial derivative instruments ("FDIs") (i.e. investments the prices of which are based on the bonds contained in the Index and/or such other bonds or similar securities). This Share Class aims to pay semi-annual dividends out of the Fund's net income by electronic transfer. The depositary of the Fund is the Bank of New York Mellon SA/NV, Dublin Branch. Further information about the Fund and the share class can be obtained from the Company's prospectus and the annual and semi-annual reports, which are available, in addition to the latest prices for the unit class and details of any other unit classes, free of charge at: www.lgim.com.

Intended retail investor: The ETF is designed for investors looking for a combination of growth and income from an investment in eligible fixed-rate CNYdenominated government and policy bank bonds which can form part of their existing savings portfolio. Although investors can take their money out at any time, the Fund may not be appropriate for those who plan to withdraw their money within five years. The Fund is not designed for investors who cannot afford more than a minimal loss of their investment.

What is the risk and what could I get in return?

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 3 out of 7, which is a medium-low risk class.

Investing in emerging market government and policy bank bonds will expose the Fund to any political, social and economic instability in the relevant countries. Investing in the Chinese Interbank Bond Market via Bond Connect is subject to regulatory risk.

The value of the Fund may be affected by risks not in the SRI, including failure of a counterparty, custodian, issuer or index provider and derivative use.

Favourable scenario: 12/2016 to 12/2021

This table shows the money you could get back over the next 5 year(s), under different scenarios, assuming that you invest 10,000.00 USD.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product with input from benchmark(s)/proxy over the last 10 years. Markets could develop very differently in the future.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

Market developments in the future cannot be accurately predicted. The scenarios shown are only an indication of some of the possible outcomes based on recent returns. Actual returns could be lower.

What happens if LGIM Managers (Europe) Limited is unable to pay out?

If LGIM Managers (Europe) Limited defaults, investors in the Fund would not face any financial losses. However, the value of an investment and any income taken from it is not guaranteed and can go down as well as up, you may not get back the amount you originally invested. The fund is not covered by an investor compensation scheme.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for the holding period(s). They include potential early exit penalties. The figures assume you invest 10,000.00 USD. The figures are estimates and may change in the future.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

These figures include the maximum distribution fee that the person selling you the product may charge. This person will inform you of the actual distribution fee.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- USD 10,000/1,000 per year is invested.

Investment USD 10,000	If you cash in after 1 year	If you cash in after 5 years
Total costs	30.00 USD	173.00 USD
Impact on return (RIY) per year	0.30%	0.31%

Composition of costs

The table below shows:

- The impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period.
- What the different cost categories mean.

Incidental costs taken under specific conditions		
Performance fees and carried interest	0.00% There is no performance fee for this product.	0.00 USD

How long should I hold it and can I take my money out early?

An investor can hold their investment for any time period but 5 year(s) is recommended.

The recommended holding period of 5 years has been selected for illustrative purposes only. Fixed income investments should be seen as long-term investments however there is no minimum (or maximum) holding period for the Shares. The Shares can be sold by ordinary investors using an intermediary (e.g. a stockbroker) when the markets on which they trade are open. An intermediary is likely to apply a commission to purchases and sales.

The above mentioned period has been defined in accordance to the product characteristics.

How can I complain?

Complaints can be made in writing to complaints@lgim.com or to LGIM Managers (Europe) Ltd, 70 Sir John Rogerson's Quay, Dublin 2, DO2 R296, Ireland.
