4 th quarter 2023	1.7%	-3.7%

Management report

As indicated in our previous year's management report and mentioned in almost every Newsletter, the evolution of the sub-funds' NAVs per share is not the best gauge to measure their performance, or the returns attained by our investors. That would be the case for an investor buying at the beginning of the year and selling at the end. But, for someone invested for the long-term, "deeper" measures have to be considered. Now in this calendar year, as can be seen in the table above, our short-term performances have again been positive in 2023 in absolute terms.

First quarter 2023

As we mentioned last year, technology was one of the worst performing sectors in 2022 as the return of inflation favoured the value style of investment. Yet, the sector bounced back as early as the first quarter of 2023, boosted by the AI hype, following the launch of ChatGPT. For our sub-funds, the year 2023 started okay and our two sub-funds went up 2.8% and 1.7% in EUR respectively.

Second quarter 2023

In the second quarter 2023, our two sub-funds corrected until end of May and then started to stabilize. Overall, the quarter showed a performance of 1.5% and -0.1%.

Third quarter 2023

In the third quarter, the LONG TERM INVESTMENT FUND (SIA) - NATURAL RESOURCES rebounded strongly and was up 11%, mainly due to a recovery in commodity prices. The LONG TERM INVESTMENT FUND (SIA) - CLASSIC had again a positive quarter with 2.8%.

Past performance is not an indicator of current or future returns.

LONG TERM INVESTMENT FUND (SIA)

Management report (continued)

Fourth quarter 2023

Finally, the last quarter started with a strong correction of both sub-funds in October together with global markets, but then both sub-funds improved in November and December.

Outlook

As mentioned at the beginning of this report, for us the development of the NAV per share within a year does not tell too much about the fundamental value of a portfolio. Therefore, we would argue that our portfolios are attractively valued and well positioned for a long term investor.

To the Shareholders of

Opinion

We have audited the financial statements of LONG TERM INVESTMENT FUND (SIA) (the "SICAV") and of each of its sub-funds, which comprise the statement of net assets and the statement of investments and other net assets as at December 31, 2023 and the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the SICAV and of each of its sub-funds as at December 31, 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the *réviseur d'entreprises agréé*" for the Audit of the Financial Statements" section of our report. We are also independent of the SICAV in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the SICAV is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Report of the Réviseur d'Entreprises Agréé / Auditor's report (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the SICAV for the Financial Statements

The Board of Directors of the SICAV is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the SICAV determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the SICAV is responsible for assessing the SICAV's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the SICAV either intends to liquidate the SICAV or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "réviseur d'entreprises agréé" for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Report of the Réviseur d'Entreprises Agréé / Auditor's report (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the SICAV's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the SICAV.
- Conclude on the appropriateness of the Board of Directors of the SICAV use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the SICAV's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "*réviseur d'entreprises agréé*" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "*réviseur d'entreprises agréé*". However, future events or conditions may cause the SICAV to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The shares are valued in accordance with the principle laid out in the SICAV prospectus taking into account specificities such as the country imposing the sanctions, the nature of the sanctions (total sanctions or sectorial/geographical sanctions) and the possibility of selling them in each situation.

The table below indicates the weight of the sub-fund's NAV, of the 4 targeted shares held in portfolio:

Performance (unaudited appendix)

The performance per share class was calculated by comparing the net assets per share as at December 31, 2023 with the net assets per share as at December 31, 2022.

The performance was calculated at the end of each financial year according to the "Guidelines on the calculation and publication of the performance data of collective investment schemes" of May 16, 2008 (version of August 5, 2021) of the Asset Management Association Switzerland ("AMAS").

The performance given is based on historical data, which is no guide to current or future performance. Commissions and fees levied for the issue or redemption of shares, as applicable, have not been taken into account in this performance calculation.

As at December 31, 2023, performances were the following:

Share Class	Currency	Performance for the financial year ending December 31, 2023	Performance for the financial year ending December 31, 2022	Performance for the financial year ending December 31, 2021

1. REMUNERATION OF THE MEMBERS OF THE MANAGEMENT COMPANY

The Management Company has adopted a Remuneration Policy which is in accordance with the principles established by the law of May 10, 2016, amending the law of December 17, 2010 ("the 2010 Law").

The financial year of the Management Company ends on December 31 of each year.

The table below shows the total amount of the remuneration for the financial year ended as at December 31, 2023, split into fixed and variable remuneration, paid by the Management Company to its staff.

The table has been prepared taking into consideration point 162 of section 14.1 of the ESMA remuneration guidelines relating to the confidentiality and data protection in presenting the remuneration information.

	Number of beneficiaries	Total remuneration (EUR)	Fixed remuneration (EUR)	Variable remuneration (target or discretionary bonuses, parts remuneration) (EUR)
Total remuneration paid by the Management Company during the year 2023	32	18,412	13,073	5,340

Additional explanation :

- The beneficiaries reported are composed of the risk takers (including the 4 Conducting Officers) and the staff of the Management Company dedicated to Management Company activities for all the Funds under management, remunerated by the Management Company. In addition, the Management Company did not remunerate directly the staff of the Investment Manager, but rather ensured that the Investment Manager complies with the Remuneration Policy requirements itself.
- The benefits have been attributed according to criteria such as level of seniority, hierarchic level, or other eligibility criteria, not taking into account performance criteria, and are thus excluded from the fixed or variable remuneration figures provided above.
- Total fixed and variable remuneration disclosed is based on apportionment of Asset Under Management represented by the SICAV.
- The 2023 annual review outcome showed no exception.
- There have been no changes to the adopted remuneration policy since its implementation.

2. SECURITIES FINANCING TRANSACTIONS REGULATIONS ("SFTR")

As at December 31, 2023, the SICAV is in the scope of the requirements of the Regulation (EU) 2015/2365 on transparency of securities financing transactions and of reuse. Nevertheless, no corresponding transactions were carried out during the year referring to the financial statement.

3. SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR")

Within the meaning of SFDR (regulation EU 2019/2088 of November 27, 2019 on sustainability-related disclosures in the financial services sector), the sub-funds do not promote environmental and/or social characteristics nor have a sustainable investment as its objective.

For the purpose of the "taxonomy" regulation (regulation EU 2020/852 of June 18, 2020 on the establishment of a framework to facilitate sustainable investment, and amending the EU regulation 2019/2088), the investments underlying the sub-funds do not take into account the EU criteria for environmentally sustainable economic activities.

4. INFORMATION ON RISK MOVEMENT

General comments

All VaR figures are calculated by taking into consideration the following parameters

- 1 month holding horizon
- 99% confidence interval (this means that there is a 1% probability that the value of the portfolio could have a monthly decline larger than the percentage displayed)
- Monte Carlo simulations
- 3.5 years of data history to determine the risk factors

The treatment and presentation of VaR figures is slightly different depending on the VaR option used (relative or absolute).

Relative VaR option

The daily VaR observations (from January 1, 2023 to December 31, 2023) for the sub-funds have been systematically measured against the VaR observations for the benchmark. The ratio obtained is called the *VaR limit utilization ratio*.

E.g. December 29, 2023, Long Term Investment Fund - Classic

Sub Fund VaR	12.62%
Benchmark VaR	11.21%
VaR limit utilization	112.58%

This ratio has to be put into perspective with the maximum limit allowed by the Law, which is 200%.

We present in the table the average, minimum and maximum levels of that *VaR limit utilization ratio*.

The next two columns present the average VaR levels measured in absolute terms for the sub-fund and the benchmark during the same period.

The leverage level is included as well. It has been calculated as the sum of the notionals of the derivatives used (CESR/10-788 box25). The presented figure is based on daily observations covering the year under review.
