What is this product?**Type**

The Melchior European Opportunities Fund (the "Fund") is an investment fund. The Fund is a sub-fund of the Melchior Selected Trust (the "Company"), an umbrella type open-ended investment company with variable capital and segregated liability between funds (i.e. investors in the Fund are not affected by the liabilities of other sub-funds of the Company, if any), incorporated with limited liability under the laws of Luxembourg. This is an Undertaking for the Collective Investment in Transferable Securities (UCITS) product.

Objectives

The objective of the Fund is to achieve capital growth by investing primarily in shares of companies that are either based, or operate predominantly, in Europe (including the United Kingdom).

Investment Policy

The Fund invests primarily in shares of companies that are either based, or operate predominantly, in Europe (including the United Kingdom). The Fund will invest at least 75% of its net assets in equities issued by companies which have their head office in the European Union, the United Kingdom, in Norway and Iceland. It is also permitted to invest up to 25% of its total assets in bonds issued by government/supranational organizations worldwide and shares of companies without any geographical restriction. The Fund may use derivatives (financial instruments whose value is linked to the expected future price movements of the underlying assets). This may be to protect the value of the Fund's assets against market and currency fluctuations and/or, in the short-term, to efficiently invest cash flows. The Fund is actively managed within its objectives and references the MSCI Europe NR Index (EUR) for comparative purposes only. There are no restrictions on the extent to which the Fund's portfolio and performance may deviate from that of the comparative benchmark. The currency of the Fund is Euro and the currency of this share class is Euro (EUR).

There is no intention to pay dividends in respect of the Accumulation Share Classes.

Sustainable Finance Disclosure Regulation

This Fund promotes environmental and/or social characteristics and is classified as an Article 8 fund under the EU's Sustainable Finance Disclosure Regulation ("SFDR"). For more information please see the Fund's prospectus or by visiting www.polarcapital.co.uk.

Intended Retail Investor

This product is intended for all investors (including those with a basic level of investment knowledge) who are seeking a return on their investment and who can accept the risk of losing some or all of their original investment. The product should be considered a medium to long-term investment, defined as three years or more. This product is suitable for investors seeking an investment with sustainable characteristics.

Term

This product does not have a maturity date.

Additional Information

The product's administrator and depositary is Northern Trust Global Services SE, 10, rue du Château d'Eau, L-3364 Leudelange, Grand Duchy of Luxembourg. Share prices will be published on www.polarcapital.co.uk on each valuation day. Please refer to the Company's prospectus, section XI, for information on buying, switching and selling shares in the Fund. Shares can be bought and sold on days where banks are normally open for business in the United Kingdom and Luxembourg.

What are the risks and what could I get in return?

Risk Indicator

Lower Risk

Higher Risk

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The risk indicator assumes that you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the PRIIPs manufacturer to pay you.

We have classified this product as 4 out of 7, which is a medium risk class.

If the product currency differs from your investment currency, the following applies: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Due to effects of unusual market conditions, other risks could be triggered. Please see below for more detail.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Additional risks not included in the Risk Indicator above include: Investment Risk, Derivatives Risk, Currency Risk. Please refer to the Fund's Prospectus for all risks associated with investing in the Fund. The Fund is subject to tax laws and regulations of Luxembourg. Depending on your home country of residence, this might have an impact on your investment. Please speak to your financial adviser for further information.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. The scenarios shown are only an indication of some of the possible outcomes based on recent returns. Actual returns could be lower. In particular, the figures quoted for the favourable performance, while based on actual performance, relate to performance during a period of exceptional circumstances that are not likely to be repeated. Markets could develop very differently in the future and past performance is not a guarantee or a reliable guide to future performance. The value of your investment may go down as well as up, and may vary.

Recommended holding period: 5 years Example Investment: EUR 10,000.		If you exit after 1 year	If you exit after 5 years
Minimum There is no minimum guaranteed return. You could lose some or all of your investment.			
Stress	What you might get back after costs	2,120 EUR	2,200 EUR
	Average return each year	-78.76 %	-26.11 %
Unfavourable	What you might get back after costs	8,020 EUR	8,250 EUR
	Average return each year	-19.84 %	-3.78 %
Moderate	What you might get back after costs	10,790 EUR	14,680 EUR
	Average return each year	7.88 %	7.98 %
Favourable	What you might get back after costs	14,280 EUR	18,830 EUR
	Average return each year	42.79 %	13.50 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

The unfavourable scenario occurred for an investment between December 2021 and September 2023.

The moderate scenario occurred for an investment between March 2017 and March 2022.

The favourable scenario occurred for an investment between September 2013 and September 2018.

What happens if Polar Capital LLP is unable to pay out?

Losses are not covered by an investor compensation or guarantee scheme. If Polar Capital LLP defaults, investors in the Fund would not face financial losses. The depositary is responsible for keeping the Fund's assets safe and separate from other funds. In the event of bankruptcy or insolvency of the depositary, investors may experience delays in transfers, subscriptions or redemptions and there is a risk of default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	117 EUR	881 EUR
Annual cost impact (*)	1.2%	1.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 9.3% before costs and 8.0% after costs.

Figures may not sum due to rounding
