Swisscanto (CH) Index Bond Fund World (ex CHF) Govt. (II) NTH1 CHF (ISIN: CH0520892768)

Swisscanto (CH) Index Bond Fund World (ex CHF) Govt. (II) NTH1 CHF is a unit class of Swisscanto (CH) Index Bond Fund World (ex CHF) Govt. (II) (hereinafter "fund"). The fund is managed by Swisscanto Fund Management Company Ltd., Zurich.

Objectives and investment policy

The investment objective of the fund is to replicate the risk and return characteristics of the reference index.

Important features:

The fund primarily invests directly and indirectly in bonds and other fixed- or variable-rate debt instruments that are contained in the reference index.

The investments in this fund are made in line with the following index: FTSE Non-CHF World Government Bond Index, Currency-Hedged in CHF.

Derivatives may be used for achieving the investment objective.

Fund units are issued and redeemed basically on every bank business day in Switzerland.

Earnings and profits of the unit class are not distributed, but reinvested.

Additional important information:

The use of derivatives equates to neither leveraging nor short selling with regard to the fund assets.

Recommendation on holding period: this fund is appropriate for investors with a medium-term investment horizon (three to five years) or a longer-term investment horizon.

Risk and reward profile

The historical data used for calculating the risk and profit category cannot serve as a reliable indicator of the future risk profile.

The risk and profit category shown may very well undergo changes. Assignment to a category may change over time.

The lowest risk category cannot be equated with a risk-free investment.

Reasons for being assigned to the risk and profit category:

- Yield curve
- Interest-rate premium

There is no capital guarantee and no capital protection.

Further risks that are essential for the fund and not adequately covered by the indicator above:

- Credit risks, because substantial investments are made in interest-bearing securities where repayment default is possible.
