TAMAC Global Champions AR

Report of the Management Board

Dear Unitholders,

with this report, we would like to give you an overview of the general economic environment and the performance of TAMAC Global Champions AR.

The Fund TAMAC Global Champions AR (the Fund) is an undertaking for collective investment in securities ("UCITS") in the form of an investment fund (fonds commun de placement) in accordance with part I of the Luxembourg Law of 17 December 2010 on the undertakings for collective investment in line with the European Directives (Law of 2010) and in relation to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities.

The reference currencies of the Fund is Euro (EUR).

The new unit class TAMAC Global Champions AR USD was launched on February 27, 2023.

Michael Reinhard resigned from the Supervisory Board of the Management Company as of May 25, 2023. As of May 25, 2023 Frank Eggloff is Chairman of the Supervisory Board of the Management company. As of September 28, 2023, Heiko Laubheimer is a Member of the Supervisory Board of the Management Company.

Dr. Sofia Harschar resigned from the Management Board of the Management Company as of September 30, 2023. As of October 1, 2023, Etienne Rougier is Chairman of the Management Board of the Management Company.

The Ukraine crisis and the resulting market turbulence and sanctions imposed by the industrialized nations on Russia have a wide range of different effects on the financial markets in general and on funds in particular. Movements on the stock markets may also be reflected in fund assets accordingly.

Prior to the purchase of Units, the Key Investor Information Document(s)/KIID(s) will be made available to the investor free of charge. The Fund offers investors the opportunity to invest in an investment company governed by Luxembourg law.

At September 30, 2023, the net asset value and the performance of the unit price of the unit classes during the reporting period were as follows:

Unit class	ISIN	Net asset value of the unit class in currency	Performance of the unit price in %
TAMAC Global Champions AR EUR	LU0633099584	31,561,996.08	-2.08
TAMAC Global Champions AR GBP	LU0594047259	6,243,355.63	-0.17
TAMAC Global Champions AR USD (since 27. February 2023)	LU2490323289	9,332,007.92	0.84

All performance data provided is historical and is not indicative of future results.

TAMAC Global Champions AR

Report of the Portfolio Manager

The TAMAC Global Champions AR seeks to achieve long term capital growth. This is achieved by investing directly in global equities and fixed income as well as in outstanding managers who have proven their skills in various market conditions. The managers can provide a diverse asset base with different investment styles. Alongside these managers the fund invests directly in global equities and fixed income. The fund decides on specific long term growth themes where the manager chooses select investments based on their potential for above average market returns.

Over the period 1st October 2022 to 30th September 2023 the EUR class declined 2.08% while the GBP class declined 0.17%. This compared to global equities (MSCI ACWI Net Total Return EUR index) 11.78% (EUR) and MSCI World Net GBP 11.54% (GBP). Over the same period global bonds were -0.07% (Bloomberg Barclays Total Return Hedged EUR) and 1.47% (Bloomberg Barclays Total Return Hedged GBP). During the period we launched the USD share class at a price of \$100 on the 27th February. For the period 27th February 2023 to 30th September 2023 the USD share class rose 0.84%.

Global technology names were the best performing positions for the portfolio with software and AI names Hubspot and Palantir as the best performers. The largest negative attribution came from the portfolio's exposure to Chinese equities.

The global macro environment remained uncertain into 2023, with global inflation still high and growth slowing. Chinese growth continued to be sluggish despite significantly supportive policy measures from local authorities. Interest rates in the U.S. continued to rise, this weighed negatively on most equity sectors performance. Global technology was a standout performer, helped by a boom in artificial intelligence companies. Despite a pocket of artificial intelligence outperformance, returns were highly concentrated, driven by outperformance from seven of the world's largest companies (Alphabet, Amazon, Apple, Meta, Microsoft, Nvidia and Tesla.)

The fund ended the period with an exposure of 65% equities, 18% fixed income and 15.6% cash.

Notes to the Financial Statements

General

The Fund TAMAC Global Champions AR (formerly: TAMAC Global Managers (Lux)) is an undertaking for collective investment in securities ("UCITS") in the form of an investment fund (fonds commun de placement) in accordance with part I of the Luxembourg Law of 17 December 2010 on the undertakings for collective investment in line with the European Directives (Law of 2010) and in relation to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities.

The financial year begins on 1 October and ends on 30 September.

The objective of the Fund is to achieve long-term capital growth by investing in assets with an attractive risk-adjusted return profile. The term of the fund is unlimited.

Significant accounting policies

The Financial Statements were prepared in accordance with the legal provisions, Lux GAAP and regulations in force in Luxembourg concerning the preparation and presentation of the Financial Statements and under the assumption of going concern of the Fund.

The reference currencies and the reporting currency of the Fund is Euro (EUR).

The value of a unit is denominated in the currency defined in the annex section entitled "Overview of the Fund" in the Sales Prospectus (hereinafter the "fund currency"). It is calculated by the Management Company on each valuation day under the supervision of the Depositary. The calculation is done by dividing the net fund assets of the fund by the number of units of the fund circulating on the valuation day. To counteract the practices of late trading and market timing, the calculation is made after the end of this time limit for the acceptance of subscription and/or exchange applications, as defined in the annex entitled "Overview of the Fund" or in the Sales Prospectus. The net fund assets (hereinafter also referred to as "net asset value") are calculated based on the following principles:

- (a) Securities and money market instruments listed on a stock exchange shall be valued at the latest prices paid at the time of calculating the net asset value.
- (b) Securities and money market instruments not listed on an exchange but traded on another regulated market which operates regularly and is recognised and open to the public shall be valued at a price that cannot be less than the bid price or more than the offer price at the time of valuation and which the Management Company deems to be the best possible price at which the securities and/or money market instruments can be sold.
- (c) Securities and money market instruments which are neither listed on the stock market nor traded on another regulated market shall be valued at the market value at the time of calculating the net asset value fixed by the Management Company in good faith abiding by generally recognised valuation rules that are verifiable by auditors.
- (d) Units in UCITS and/or UCIs shall be valued at their net asset value last determined and available at the time of the calculation of the net asset value, applying a redemption fee, if necessary.
- (e) The liquid funds shall be valued at their nominal value (plus interest) at the time of calculating the net asset value. Fixed-term deposits with an original maturity of more than 30 days may be valued at the relevant yield value.
- (f) All assets not denominated in the currency of the fund shall be converted to the currency of the fund at the most recent rate of exchange available at the time of the valuation.
- (g) Derivatives (e.g. options) shall be, in principle, valued at their most recent market or brokerage prices available at the time of valuation. If a valuation day coincides with the settlement day for a position, the valuation of the corresponding position shall be made at its settlement price. Options on indices without an average calculation shall be valued using the Black & Scholes model, and options with an average calculation (Asian style options) shall be valued with the Levy approximation. The valuation of swaps including credit default swaps shall take place in a regular and reproducible form. It should be noted that swap contracts are entered into under normal market conditions exclusively in the interests of the Fund.
- (h) The pro rata interest applicable to securities and/or money market instruments shall be included, if not expressed in the market value.

If different unit classes are established in accordance with Article 1(4) of the Management Regulations, the following special features apply to the calculation of unit value: The unit value is calculated separately for each unit class according to the criteria stated in this Article.

The inflow of funds based on the issue of units increases the percentage share of the respective unit class in the total value of the net assets of the Fund. The outflow of funds based on the redemption of units reduces the percentage share of the respective unit class in the total value of the net assets of the Fund.

In the event of a distribution, the unit value of units in a corresponding unit class that carry entitlement to a dividend reduces by the amount of the distribution. At the same time the percentage share made up of the unit class carrying entitlement to a distribution in the total net assets of the Fund is reduced, whilst the percentage share of the unit class which does not carry entitlement to a distribution in the total net assets of the Fund is increased.

An income equalisation procedure is calculated on the Fund's income. This means that the income accruing during the financial year which the purchaser of units has to pay as part of the issue price and which the seller of unit certificates will receive as part of the redemption price is continuously netted. The expenses incurred are taken into account correspondingly. When calculating the income equalisation, the method is used which corresponds to the applicable rules given in the German Investment Act or Investment Tax Act.

Notes to the Financial Statements

Significant Accounting Policies (continued)

If unusual circumstances arise which render a valuation in accordance with the above criteria impossible or inappropriate, the Management Company has the right to apply other valuation rules, in good faith, which are generally recognised and may be verified by auditors in order to obtain a proper valuation of the Fund's assets.

The Management Company is not obliged to redeem more than 10% of the units currently in circulation at this point on a valuation day. If the company receives redemption requests on a valuation day for more than the stated number of units the Management Company is entitled to postpone the redemption of units exceeding more than 10% of the units in issue at this point until the fourth valuation day afterwards. These redemption requests should be given preferential treatment over applications received later. Redemption requests submitted on the same valuation day are treated equally.

Foreign exchange rate

As of September 30, 2023, positions denominated in foreign currencies were valued at the following exchange rates:

EUR - CHF	0.9682
EUR - GBP	0.8671
EUR - JPY	157.9537
EUR - SEK	11.4999
EUR - USD	1.0586

Management Company fee

The Management Company receives a fee up to 0.25% p.a. of the net asset value; minimum EUR 45,000.- p.a.

Portfolio Manager fee

The Portfolio Manager receives a fee of 0.60% p.a. which is calculated daily on the basis of the net asset value per unit of the relevant unit class.

TAMAC Global Champions AR

Notes to the Financial Statements

Performance fee

The Portfolio Manager may receive a performance fee of up to 10% of the amount by which the unit value performance at the end of an accounting period exceeds the income from a money-market investment used as a benchmark in this accounting period, however, up to a maximum of 10% of the average net asset value of the Fund in the accounting period calculated from the values at the end of each valuation date.

Sentence 1 applies if unit classes are formed accordingly for each unit class. If the unit value at the beginning of the accounting period is lower than the highest level of the unit value of the Fund or the relevant unit class at the end of the five preceding accounting periods (hereinafter "high-water mark"), the high-water mark will replace the unit value at the beginning of the accounting period for the purpose of calculating the unit value performance in accordance with sentence 1. The high-watermark may be reset after the end of the fifth financial year and every 5 years thereafter.

If there are fewer than five previous accounting periods for the Fund or unit class, all previous accounting periods will be taken into account when calculating the fee.

The costs charged to the Fund may not be deducted from the performance of the benchmark before the comparison takes place.

The accounting period begins on 1 October and ends on 30 September of each calendar year.

The unit value performance is calculated using the BVI method. An explanation of the BVI method is published on the website of BVI Bundesverband Investment und Asset Management e.V. (www.bvi.de).

Based on the outcome of a daily calculation, any calculated performance fee incurred is set aside within the Fund per unit issued or any provision that has already been posted is reversed accordingly. Reversals of provisions are allocated to the Fund. A performance fee can only be withdrawn if corresponding provisions have been formed.

The Portfolio Manager may charge a reduced performance fee, or not charge one at all, for the Fund or one or more unit classes. The Management Company shall specify the performance fee for each unit class the annual and semi-annual reports.

No performance fee occurred during the financial year.

Benchmark

The hurdle rate for all unit classes is the Euro Short-Term Rate (€STR).

Registrar and Transfer Agent fees

Registrar and Transfer Agent receives EUR 2,500.00 per ISIN code p.a. plus transaction and reporting fee. The Registrar and Transfer Agent will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties. Fees paid to the Registrar and Transfer Agency may vary depending on the nature of the investor and the countries where they are located.

Depositary Bank fee

The Depositary Bank receives a fee up to 0.018% p.a. of the net asset value of the Fund with a minimum fee of EUR 15,000.00 p.a., plus safekeeping fee and transaction fee. In addition the Depositary will also be entitled to reimbursement of reasonable out of pocket expenses properly incurred in carrying out its duties. Fees payable to the Custodian may vary depending on the nature of the investments and the affected countries and/or markets.

Subscription tax ("taxe d'abonnement")

According to article 174 of the 2010 Law, the Fund is subject to a subscription tax of 0.05% p.a. of the net asset value. The subscription tax is payable pro rata quarterly; its taxable basis in general shall be the aggregate net assets of the Fund valued on the last day of each quarter.

Transaction cost

For the fund transaction costs occurred for the reporting period from October 1, 2022 until September 30, 2023 of 89,147.62 EUR.

TAMAC Global Champions AR

Notes to the Financial Statements

Portfolio Turnover Ratio/PTR (unaudited)

The PTR was calculated using the following formula:

$$\text{Turnover} = \frac{\text{Total 1} - \text{Total 2}}{M} * 100$$

Total 1 = Total purchases + Total sales of securities

Total 2 = Total subscription + Total redemption

M = Average Assets (daily)

Fund	Reporting period	PTR in %
TAMAC Global Champions AR	October 1, 2022 until September 30, 2023	270.29

Ongoing Charges

Ongoing Charges - the ongoing charges figure shall include all types of cost borne by the UCITS, whether they represent expenses necessarily incurred in its operation, or the remuneration of any party connected with it or providing services to it.

The Reporting period is from October 1, 2022 until September 30, 2023.

Unit class	Ongoing Charges in % (incl. performance fee) **)	Ongoing charges with target funds in % (incl. performance fee) *)	Ongoing Charges in % (excl. performance fee) **)	Ongoing charges with target funds in % (excl. performance fee) *)
TAMAC Global Champions AR EUR	1.05	1.49	1.05	1.49
TAMAC Global Champions AR GBP	1.10	1.54	1.10	1.54
TAMAC Global Champions AR USD (since 27. February 2023)	1.14	1.58	1.14	1.58

*) If the fund invests at least 20% of its assets in target funds, composite ongoing-charges are calculated.

***) excluding ongoing fees of target funds.

Management fee for investment units held in the Fund

Information on the issue premiums, redemption discounts as well as the maximum amount of the management fee of the target fund units is available free of charge upon request at the registered office of the Management Company, the Depositary and the Paying Agent.

Subsequent events

Dr. Sofia Harrschar resigned from the Management Board of the Management Company as of September 30, 2023. As of October 1, 2023, Etienne Rougier is Chairman of the Management Board of the Management Company.

Etienne Rougier resigned from the Management Board of the Management Company as of January 31, 2024.

REPORT OF THE *REVISEUR D'ENTREPRISES AGREE*

Opinion

We have audited the financial statements of TAMAC Global Champions AR (the “Fund”), which comprise the statement of net assets as at September 30, 2023 and the statement of operations (including income equalisation) and the statement of changes in net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at September 30, 2023 and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “*Commission de Surveillance du Secteur Financier*” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the *réviseur d’entreprises agréé*” for the Audit of the Financial Statements” section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Management Board of the Fund’s Management Company *is* responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of the *réviseur d’entreprises agréé* thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Management Board of the Fund's Management Company and those charged with governance for the financial statements

The Management Board of the Fund's Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Management Board of the Fund's Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Board of the Fund's Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Board of the Fund's Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for the overseeing of the financial reporting and disclosure process.

Responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management Board of the Fund's Management Company.
- Conclude on the appropriateness of the Management Board of the Fund's Management Company use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the *"réviseur d'entreprises agréé"* to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the *"réviseur d'entreprises agréé"*. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Appendix 1- General Information (unaudited)

Risk Management Disclosures (unaudited)

TAMAC Global Champions AR

Market Risk

The overall risk is determined using the relative Value-at-Risk approach (VaR) according to European Securities and Markets Authority (ESMA) - Guideline 10 -788. For calculating the VaR, historical simulations are utilized. Moreover, the VaR is calculated on the basis of a holding period of one day, a confidence level of 99% and an observation period of at least one year. The relative VaR measures the overall risk of the portfolio in relation to the overall risk of its benchmark. The utilization is given as a quotient of the relative VaR of the portfolio and its limit (200%).

The following figures have been calculated for the period from October 01, 2022 until September 30, 2023:

Name	Market Risk Approach	Benchmark	Limit	Lowest Utilization	Highest Utilization	Average Utilization
TAMAC Global Champions AR	Relative VaR	75% MSCI World (EUR) ; 25% Barclays Capital Global Aggregate TotalReturn EUR unhedged	200%	33.21%	58.70%	49.88%

Level of Leverage

Within the period under consideration, the level of leverage was 21.35% in average whereby in general a level of leverage of 25.00% is expected. Leverage is calculated by the Sum of Notionals according to European Securities and Markets Authority (ESMA) - Guideline 10 -788. In this context, a leverage of 0% is to be understood as unleveraged portfolio.

Appendices (unaudited)

Remuneration Policy of the Management Company (unaudited)

The fees of the employees are specified as follows (as of September 30, 2023):

Total of paid remuneration	18.25 Mio. EUR
thereof fixed fee	17.05 Mio. EUR
thereof variable fee	1.20 Mio. EUR
Number of employees	158.54 FTE
Amount of paid carried interest	n/a
Total of paid fee to Risktaker	3.78 Mio. EUR
thereof fixed fee	2.97 Mio. EUR
thereof variable fee	0.81 Mio. EUR

The remuneration policy is compliant with the requirements of the Management Company.

Details with regard to the remuneration system of the Management Company are available on the website of Universal-Investment-Gesellschaft mbH (<http://www.universal-investment.com/de/permanent-seiten/profil/luxemburg/regulatorische-informationen/verguetungssystem-luxemburg>) and in the Prospectus.

There were no changes in the remuneration system during the reporting period compared to the prior period.

The Compensation Committee reviews compliance with the remuneration policy once a year. This includes the orientation towards the business strategy, objectives, values and interests of Universal-Investment-Luxembourg S.A. and the funds it manages, as well as measures to avoid conflicts of interest. There were no findings which would have required an adjustment.

Appendices (unaudited)

Appendix 2 - Report on Regulation (EU) 2015/2365 of the European Parliament and of the Council of November 25, 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 (unaudited)

During the reporting period no securities financing transactions and total return swaps as defined in the above mentioned regulation occurred.

Appendix 3 - Report on Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (unaudited)

Conventional product – Article 6

Principal Adverse Impacts (PAI) on sustainability factors are considered in the investment process at Management Company level.

A consideration of the PAI at the level of the (sub-)fund is not binding and is not carried out in this respect.

This (sub-)fund is neither classified as a product promoting environmental or social features within the meaning of the Disclosure Regulation (Article 8) nor as a product targeting sustainable investments (Article 9). The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.
