Information

THEAM QUANT (“the Company”) is an open-ended investment company (*Société d’Investissement à Capital Variable* - abbreviated to SICAV), incorporated under the Luxembourg law on 31 December 2013.

The Company is currently governed by the provisions of Part I of the Law of 17 December 2010, as amended, governing Undertakings for Collective Investment, as well as by Directive 2009/65 as amended by the Directive 2014/91.

The Company’s capital is expressed in euros (“EUR”) and is at all times equal to the total net assets of the various sub-funds. It is represented by fully paid-up shares issued without a designated par value. The capital varies automatically without the notification and specific recording measures required for increases and decreases in the capital of limited companies. Its minimum capital is defined by the Law.

The Company is registered in the Luxembourg Trade Register under the number B 183 490.

Information to the Shareholders

The Articles of Association of the Management Company, the Prospectus, Management Regulations and latest annual and semi-annual reports may be obtained free of charge from the registered office of the Company.

Except for newspaper publications required by Law, the official media to obtain any notice to shareholders will be the website: www.bnpparibas-am.com.

Documents and information are also available on the website: www.bnpparibas-am.com.

The annual report is made public within four months of the end of the financial year and the interim report within two months of the end of the half-year.

As to net asset values and dividends, the Company publishes the legally required information in the Grand Duchy of Luxembourg and in all other countries where the shares are publicly offered.

This information is also available on the website: www.bnpparibas-am.com.

Net asset values are calculated every full bank business day in Luxembourg, excepted for some sub-funds. Additional information can be found in the Prospectus.

Notes to the financial statements

Notes to the financial statements at 30/06/2023

Note 1 - General Information*Events that occurred during the financial period ended 30 June 2023*

Since 1 January 2023, the Company has decided the following changes:

a) Liquidated sub-funds

Sub-fund	Date	Events
THEAM Quant - Equity Eurozone Factor Defensive	24 March 2023	Liquidation of the sub-fund

b) Activated share classes

Sub-fund	Date	Events
THEAM Quant - Europe Target Premium	10 January 2023	Activation of the share class "I GBP RH ACC"
THEAM Quant - Cross Asset High Focus	23 January 2023	Activation of the share class "I USD RH ACC"

c) Sub-funds open

All sub-funds whose securities portfolios are detailed in this document were available for subscription as at 30 June 2023.

Note 2 - Principal accounting methods*a) Presentation of the financial statements*

The financial statements of the Company are presented in accordance with the legislation in force in Luxembourg governing undertakings for collective investment.

The currency of the Company is the euro (EUR).

THEAM Quant's (combined) financial statements are expressed in EUR by converting the financial statements of the sub-funds denominated in currencies other than EUR at the exchange rate prevailing at the end of the financial period.

The statement of operations and changes in net assets covers the financial period from 1 January 2023 to 30 June 2023.

b) Net asset value

This semi-annual report is prepared on the basis of the last net asset value as at 30 June 2023.

c) Valuation of the securities portfolio

The value of shares or units in undertakings for collective investment shall be determined on the basis of the last net asset value available.

The value of cash in hand or on deposit, notes and bills payable on demand and all accounts receivable, prepaid costs, dividends and interest due but not yet received shall correspond to the full per value, unless it proves to be unlikely that the full value shall be received; in which case the value shall be calculated by subtracting a certain amount which appears to be appropriate in order to reflect the true value of such assets.

The valuation of transferable securities and money market instruments listed or traded on an official stock market or other regulated market which operates regularly and is recognised and open to the public, shall be based on the last known price and if that transferable security / money market instrument is traded on several markets, on the basis of the last known price on the principal market for that security or instrument. If the last known price is not representative, the valuation shall be based on the probable realisation value estimated with prudence and in good faith by the Board of Directors of the SICAV.

Securities not listed or traded on an official stock exchange or on another regulated market which operates regularly and is recognized and open to the public shall be valued on the basis of their probable sale price as estimated prudently and in accordance with the principle of prudence and good faith by the Board of Directors of the SICAV.

Notes to the financial statements at 30/06/2023

All other securities and assets shall be valued at their market value determined in good faith, in accordance with the procedures established by the Board of Directors of the SICAV.

All other asset balances shall be valued on the basis of their probable realisation price, as estimated prudently and in accordance with the principle of prudence and good faith of the Board of Directors of the SICAV.

d) Conversion of foreign currencies

The accounts of each sub-fund are kept in the currency in which its net asset value is expressed, and the financial statements are expressed in that currency.

The cost of investments denominated in currencies other than the sub-fund accounting currency is converted into that currency at exchange rate prevailing at the purchase date.

Income and expenses in currencies other than the sub-fund accounting currency are converted into that currency at the exchange rate at the transaction date.

The realised and unrealised foreign exchange profits or losses are included in the Statement of Operations and Changes in Net Assets.

e) Valuation of forward foreign exchange contracts

Unexpired forward foreign exchange contracts are valued on the basis of the forward exchange rates applicable on the valuation date or the closing date, and the resulting unrealised profits or losses are recorded in the accounts.

f) Valuation of swaps

A Total Return Swap (TRS) is a bilateral agreement in which each party agrees to exchange payments based on the performance of an underlying instrument represented by a security, commodity, basket or index thereof for a fixed or variable rate. One party pays out the total return of a specific reference asset, and in return, receives a regular stream of payments. The total performance will include gains and losses on the underlying, as well as any interest or dividends during the contract period according to the type of underlying. The cash flows to be exchanged are calculated by reference to an agreed upon notional amount or quantity.

Total return swaps are marked to market at each NAV calculation date. The unrealised appreciation/depreciation is disclosed in the Statement of net assets under "Net Unrealised gain/(loss) on financial instruments". Realised gains/(losses) and change in unrealised appreciation/depreciation as a result thereof are included in the Statement of operations and changes in net assets respectively under "Net realised result on Financial instruments" and "Movement on net unrealised gain/(loss) on Financial instruments".

g) Income

Dividends are recorded at the ex-dividend date. Interest is recorded on an accrual basis.

Counterparty to Forward foreign exchange contracts:

BNP Paribas Paris

Note 11 - Swaps

Total Return Swaps

A Total Return Swap (TRS) is an agreement to exchange the total performance of a bond or other underlying asset (share, index, etc.) usually for a benchmark rate plus a spread. The total performance includes the interest coupons, dividends and profits and losses on the underlying asset over the life of the agreement, depending on the type of underlying concerned. The risk in this type of agreement is linked to the fact that the benefit for each counterparty will depend on how the underlying asset performs over time, which is unknown at the time at which the agreement is entered into.

Note 13 - Performance fees

The Sub-fund pays out of its assets a Performance Fee to the Management Company. A part of this Performance Fee limited to 50% of the Performance Fee may be paid out by the Management Company to the Investment Adviser, in addition to the Investment Adviser fee.

Performance Fees provision is adjusted on each Valuation Day during the fiscal year.

The Performance Fee is equal to the percentage of the positive difference between the performance of the Sub-fund and the Hurdle Rate of the Net Asset Value per Share of the Class multiplied by the number of Shares outstanding in respect of each Performance Period subject to a High Water Mark Model.

If the Net Asset Value per Share of a given Class underperforms the Hurdle Rate during a Performance Period as described below, the provisions made in respect of the Performance Fee is reduced accordingly. If these provisions fall to zero, no Performance Fee is payable.

The High Water Mark is the greater of:

- a) the highest Net Asset Value per Share at the end of a Performance Period on which a Performance Fee has been paid; and
- b) the initial Net Asset Value.

If the Net Asset Value is lower than the High Water Mark no provision for the Performance Fee is made. When using this High Water Mark Model, a Performance Fee cannot be charged until previous losses are recovered and especially if a Class performance is negative during a Performance Period as described below.

The Performance Fee is calculated on the basis of the Net Asset Value after deduction of all expenses, liabilities, and Management Fees (but not Performance Fee).

In the event that a Shareholder redeems Shares prior to the end of a Performance Period, any accrued but unpaid Performance Fee in respect of such Shares will be kept and paid to the Management Company at the end of the relevant Performance Period.

Notes to the financial statements at 30/06/2023

The Performance Fee is payable annually at most in arrears in respect of each Performance Period. For a given Class, the first Performance Period will be from the latest date between the ABSOLUTE ALPHA Restructuring Date and the Class Launch Date (the “Class Performance Fee Starting Date”) until the end of the first full Fiscal Year at which a Performance Fee is payable following the Class Performance Fee Starting Date.

The subsequent Performance Period starts from the beginning of each following Fiscal Year until the end of the relevant Fiscal Year when a new Performance Fee is payable.

Performance fees payable by the Sub-fund THEAM Quant - LFIS Selection:

Note 14 - Changes in the composition of the securities portfolio

The list of changes in the composition of the securities portfolio during the period is available free of charge at the Management Company’s registered office and from local agents.

Note 15 - List of Investment managers

As at 30 June 2023, all opened sub-funds are managed by BNP PARIBAS ASSET MANAGEMENT France.

Note 16 - Transaction fees

Transaction fees incurred by the Fund relating to purchase or sale of transferable securities, money market instruments, derivatives or other eligible assets are mainly composed of standard fees, sundry fees on transaction, stamp fees, brokerage fees, custody fees, VAT fees, stock exchange fees and RTO fees (Reception and Transmission of Orders).

In line with bond market practice, a bid-offer spread is applied when buying and selling these securities. Consequently, in any given transaction, there will be a difference between the purchase and sale prices quoted by the broker, which represents the broker’s fee.

Notes to the financial statements at 30/06/2023

Note 17 - Regulation on transparency of Securities Financing Transactions and Reuse of collateral (SFTR)

This collateral applies to all OTC activity of this fund. There is no way to distinguish it upon type of instrument it is related to.
