

PURPOSE

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

PRODUCT

World Climate Carbon Offset Plan, a sub-fund of THEAM QUANT-, share class: C Capitalisation (LU2051098627)

Manufacturer: BNP PARIBAS ASSET MANAGEMENT France (« BNPP AM France »)

Website: <https://www.bnpparibas-am.com>

Phone number: call +33.1.58.97.13.09 for more information.

The Commission de Surveillance du Secteur Financier ("CSSF") is responsible for supervising the Product. BNPP AM France is authorised in France, and regulated by the Autorité des marchés financiers ("AMF").

Date of production of the KID: 01/01/2023

WHAT IS THIS PRODUCT?

Type

This Product is an undertaking for collective investment in transferable securities (UCITS). It is a sub-fund of THEAM QUANT-, an open-ended investment company (société d'investissement à capital variable "SICAV") governed by the provisions of Part I of the Luxembourg Law of 17 December 2010 (the "2010 Law") relating to undertakings for collective investment as well as by UCITS Directive 2009/65.

Term

This Product has no maturity date.

BNPP AM France is not entitled to terminate the Product unilaterally. The board of directors has the authority to decide on the merger, split, liquidation or the closure of the sub-fund. Furthermore, the SICAV may be wound up by decision of an extraordinary general meeting of shareholders.

Objectives

The objective of the Sub-fund is (i) to increase the value of its assets over the medium term by being exposed to a dynamic basket of equities listed on worldwide markets, the components of which are chosen using a systematic selection method based on environmental, social and governance criteria (ESG) as well as a carbon emission and energy transition criteria and companies financial robustness, and (ii) to offset its carbon footprint (Scopes 1 and 2).

In order to achieve its investment objective, the Sub-fund implements a quantitative investment strategy (the Strategy) through the BNP Paribas Equity World Climate Care NTR Index (the Strategy Index).

The investment universe is composed of shares selected on the basis of their ESG score, liquidity constraints, energy transition rating and financial robustness, while not being involved in disputable activities or critical controversies and displaying low implication in coal, oil and gas activities and which are (i) either not continuing or (ii) phasing out practices that are widely considered as unsustainable. The application of ESG criteria, such as, but not limited to, energy efficiency, respect of human and workers'rights or board of directors independence, follows a best-in-class and selectivity approach which aims to select the leading companies in their sector by excluding at least 25% of the securities from the initial investment universe.

Then, the allocation algorithm follows a thematic investing approach in a manner which seeks to maximize the energy transition criteria of the resulting basket of shares, according to the principal constraints of ESG score, risk mitigation, carbon footprint or sectorial diversification, while also conducting a control on the deviation of the portfolio compared to the STOXX Global 1800 Net Return Index USD Index, with the objective of a controlled tracking error of up to 5%.

An extra-financial strategy may comprise methodological limitations such as the risk related to ESG investment or the risk related to a systematic allocation incorporating extra-financial criteria.

The Strategy Index is based on a systematic model developed by BNP Paribas and is rebalanced quarterly using an optimisation algorithm. The rebalancing of the Strategy Index does not involve any cost for the Strategy Index. The complete breakdown of the Strategy Index is available on the website: <https://indx.bnpparibas.com>. The index calculation method is available directly at: <https://indx.bnpparibas.com/nr/BNPIEWCC.pdf>.

A Carbon Footprint Offsetting is implemented by the Management Company via the use of a type of carbon credits, the VER (Verified Emission Reduction) as follows: the Management Company calculates the carbon footprint (Scope 1 and Scope 2) using the composition of the Sub-fund's Underlying Assets in order to establish the amount of VERs required to offset carbon emissions. All acquired VERs whereby offsetting will have been achieved will be cancelled so as to materialise the effective compensation.

The list of VER underlying projects selected by the Management Company as well as their description are available at: <https://docfinder.bnpparibas-am.com/api/files/4E0A58B3-05C7-4008-86CE-FDB947DD5919>.

The Carbon Footprint Offsetting may be considered to be partial to the extent that (i) the Management Company does not take Scope 3 into account when calculating carbon emissions, and (ii) it only offsets carbon emissions related to the composition of the Strategy Index defined below and not those related to the financial instruments held in the Fund's assets where a Synthetic Replication Policy is used.

The Strategy of the Sub-fund is deemed active. The Sub-fund benchmark is the STOXX Global 1800 Net Return Index USD Index with no objective to replicate it.

The Strategy is implemented either according to a Synthetic Replication Policy, through the conclusion of OTC Derivatives or in cash by investing directly in the basket of equities that make up the Strategy Index. The Synthetic Replication Policy implies that the Sub-Fund does not actually hold the underlying securities of the index, but instead relies on OTC Derivatives to deliver the performance of the Strategy Index. As part of the Synthetic Replication Policy, the Sub-fund invests at all times at least 51% of its net assets in equities and/or securities treated as equivalent to equities issued by companies of any country.

Investors are able to subscribe or redeem any day on which the the France, United Kingdom, Finland, Germany, Belgium, the Netherlands, the United States, Canada, Japan and Australia stock exchanges are open during the whole day (excluding Saturdays and Sundays and Luxembourg and French public holidays).

Subscription and redemption requests can be made to the administrative agent before 4.00 pm (CET) at the latest on the Business Day preceding the relevant Valuation Day.

Administrative agent: BNP Paribas, Luxembourg Branch, 60, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg.

Incomes are systematically reinvested.

Intended retail investors

This Product is designed for retail investors who have neither financial expertise nor any specific knowledge to understand the Product but nevertheless may bear a total capital loss. It is suited for clients who seek growth of capital. Potential investors should have an investment horizon of at least 5 years.

Practical Information

■ Depository: BNP PARIBAS, Luxembourg Branch

- This key information document is prepared for the aforementioned share class and describes a sub-fund of THEAM QUANT-. Further information about the Product is contained in the prospectus and periodical reports which are issued at the level of the SICAV. Under the 2010 Law, there is segregated liability between sub-funds, meaning that the assets of the sub-fund will not be available to meet a claim of a creditor or another third-party made against another sub-fund.
- Investors may switch between sub-funds of the SICAV. Please see the prospectus or contact your financial adviser for details.
- Further information about the Product including the latest prospectus, key information document, net asset values, latest published prices of share(s), annual report, investment description, may be obtained free of charge from BNP PARIBAS ASSET MANAGEMENT France - Service Client - TSA 90007 - 92729 Nanterre cedex, France.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 1 out of 7, which is the lowest risk class. The risk category is justified by the investment mainly in stocks and shares, the value of which can fluctuate considerably. These fluctuations are often amplified in the short term.

Be aware of currency risk. If the currency of your account is different from the currency of this Product, the payments you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator:

- Counterparty risk
- Risk linked to the use of financial derivative instruments

For additional details regarding the risks, please refer to the prospectus.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios presented represent examples using the best and worst performance, as well as the average performance of the Product and/or appropriate benchmark over the last 10 years. The markets could develop very differently in the future.

Recommended holding period: 5 years Example Investment: USD 10,000		If you exit after 1 year	If you exit after 5 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	4,730.23 USD	1,524 USD
	Average return each year	-52.70%	-31.36%
Unfavourable	What you might get back after costs	7,387.99 USD	4,992.46 USD
	Average return each year	-26.12%	-12.97%
Moderate	What you might get back after costs	10,451.92 USD	14,558.31 USD
	Average return each year	4.52%	7.80%
Favourable	What you might get back after costs	15,119.25 USD	19,900.87 USD
	Average return each year	51.19%	14.76%

The figures shown include all the costs of the Product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

This type of scenario occurred for an investment using a benchmark between 2012 and 2022.

WHAT HAPPENS IF BNPP AM FRANCE IS UNABLE TO PAY OUT?

The SICAV is incorporated as a separate entity distinct from BNPP AM France.

In the event BNPP AM France would default, the assets of the SICAV, held by a depositary, would not be affected by this default.

In case of the default of the depositary, the risk of financial loss of the SICAV is mitigated by the legal segregation of the assets of the depositary from those of the Product/SICAV.

WHAT ARE THE COSTS?

The person advising on or selling you this Product may cost you other costs. If so, this person will provide you with information about these costs and how they affect your investment. If this Product is used as an underlying of an insurance policy or a capitalization policy, the costs presented do not include any costs related to such policies.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years
Annual Total Cost	471.74 USD	361.02 USD
Annual Cost Impact (*)	4.77%	2.64%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 13.06% before costs and 10.41% after costs.

Composition of costs

One-off entry or exit costs	If you exit after 1 year	
Entry costs	The entry costs shown are maximum figures. In some cases you might pay less. You can find this out from your financial adviser.	300 USD
Exit costs	We do not charge an exit cost.	0 USD
Recurring costs levied annually		
Management costs and other administrative and operating costs	The ongoing costs figure shown here is an estimate of the costs. Due to recent change in the costs structure, an estimate is used rather than an ex-post figure.	171.69 USD
Transaction costs	This amount represents the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.	0.05 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	0 USD

In case of conversion, the investors may be charged a maximum fee of 1.50%.

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

Recommended holding period ("RHP"): 5 years.

The RHP has been defined and based on the risk and reward profile of the Product.

Investors are able to redeem on a daily basis (on bank business days) and the redemption order will be executed according to the calendar described in the prospectus.

Any redemption occurring before the end of the RHP may adversely impact the performance profile of the Product.

HOW CAN I COMPLAIN?

For any claim, you are invited to contact your usual commercial advisor that advised you on the Product. You can also contact BNPP AM France, as described on its website <https://www.bnpparibas-am.com> (Footnote 'Complaints management policy'), by writing to BNPP AM France - Client Service - TSA 90007 - 92729 Nanterre CEDEX.
